Runaway Prisoner Gives Local Police Wild Chase; Captured

Charlevoix was the focal point for a short time Monday in a chase for an escaped prisoner, Joseph Edward Sivaris, 34, of Cheboygan in which law enforcement officers from throughout the area participated.

Traverse City officials had radioed local law enforcement officers here that the man had escaped there in a car stolen from the Cheboygan county sheriff, Harold Werner, who was transporting the prisoner to the state hospital in Traverse City for a psychiatric examination.

In an effort to trap the escapee here, the highway bridge over Pine river was raised as Sivaris roared into the city from the south. Seeing the traffic halted by the bridge as he broke over the south hill, he then turned off on Antrim st. and started circling trough side streets in the valley with tires squealing as he tried to elude chief of police Joseph Smith in the police car.

Fearful that innocent people would be injured in the chase, officials ordered the bridge, which had tied up traffic for three blocks in the business district, closed. When he saw traffic moving on Bridge st., Savaris ture onto the street from Park ave. and headed north. As he crossed the bridge Sheriff Glenn E. Rose, standing on the bridge fired twice as Savaris passed, knocking off the hub cap with the first blast of buckshot being shot from a 12-guage shotgun. The second shot damaged the rear of the fleeing car which tore over the north side hill with Chief Smit in pursuit. He was joined by Sheriff Rose and later by Trooper Paul Witt of the Petoskey State Police post who trailed the escapee who was darting in and out of traffic at speeds up to 120 miles an hour.

Meanwhile Petoskey police, who had been informed via radio of the chase, had set up a road block west of the fairgrounds near the washout, using a grader from the nearby Hodgkiss and Douma property and a semi-truck which was halted and pressed into use.

Seeing the blockade as he neared Petoskey, Savaris skidded to a halt a foot from the equipment and surrendered to Sheriff Rose without a struggle.

He was returned to the Charlevoix county jail where he was held for Cheboygan county authorities who returned him to Cheboygan Monday night.

Sheriff Werner said a warrant charging Savaris with stealing a car had been brought against the prisoner in Grand Traverse county.

The prisoner, who had three charges of car theft against him in Cheboygan county, was being transported to Traverse City by Sheriff Werner who stopped at a garage there to check on repairs being made on the sheriff's car. As he left the car, the prisoner slid into the driver's seat and roared away, heading north on US 31.

The chase, in which he is said to have covered 67 miles in 62 minutes, resulted. This included the time spent driving around Charlevoix, waiting for the highway bridge to close.

Chas. Robinson Named To Direct Schools in Charlevoix - Antrim

Charlevoix and Antrim County Boards of Education [illegible] 1961.

[illegible] the work of the county superintendent of schools has been expanded and many challenges for service to children have been placed before the office that can best be made a reality when adequate numbers and sound financial bases have been achieved. The proposed merger would provide the base for a special education district when approved by the electors of the district. Such a plan would permit the employment of specialists to work with teachers, to conduct programs for the a-typical child, and to provide enrichment programs for very bright children.

The State Department of Public Instruction has enthusiastically supported the move; key legislators have urged it, and university representatives have hailed it as a significant intial step toward better educational opportunities for out-state chldren.

Dr. H. C. Fischer, superintendent, Antrim County Schools for 25 years, will retire June 30. The Antrim County Board of Education has considered all possible combinations with adjoining counties and has determined the proposed merger as the most logical. The Charlevoix County Board of Education has endorsed it as having significant promire when the actual combination has been achieved.

The temporary arrangement has been scheduled for 18 months. If during that time the merger has not been completed or is deemed unworkable, plans will be abandoned.

Dutch Freighter Goes Aground Near Grey's Reef

Efforts were being made Wednesday to float the Dutch cargo ship, Geertje Beisman, from Vienna Shoals on the east side of Greys Reef passage by salvage tugs and barges from Sturgeon Bay, Wis., Cmdr. Mark L. Hocking, officer in charge of the U. S. Coast Guard Marine Inspection office at St. Ignace, reported Wednesday noon.

The ship, enroute from Chicago to Rotterdam, went aground at 8 p.m. Saturday night on the shoal located approximately midway between Greys Reef and White Shoal light stations 34 miles north of here.

The cutler Sundew was dispatched to its assistance at 2:30 a.m. Sunday and after failing to pull the stranded vessel from the shoal returned here and summoned civilian assistance. Equipment of the John Roen Co. arrived at the scene Wednesday morning to begin the job of removing the 1900 gross ton steel vessel, which is said tu have two holes in its hull, from the shoal. The vessel, which draws 18 ft. of water is said to be aground in 14 ft. of water.

The motorship in charge of veteran skipper, Capt. J. Teerling, has a general cargo aboard, according to Cmdr. Hocking who said that the accident is believed to have resulted from a slight miscalculation in navigation by the Dutch crew. The ship did not have an American pilot aboard at the time.

The vessel, which has a crew of 25 men, was built at Zwartslius, Holland, in 1958, and is owned by the Buisman-Zartslius Co.

Notes from a northerner's diary

By Harold E. Kohn

With Roots Intertwined

Several years ago an acquaintance of mine fell in love with the North Country and decided to spend his summers here. Accordingly, he purchased a beautiful piece of property on the shadow-dappled rim of one of Michigan's largest inland lakes. His lakeside location was heavily wooded, so in order to clear a building site he hired a bulldozer operator to push over most of the trees with his heavy equipment. When the trees had been uprooted, they were sawed up and the trimmings were burned. All that were left were a few choice spruces, balsams, and white birches. Then in the clearing a house was built with a breathtaking view of the lake. But before many months had passed, a ground-soaking rain, lasting several days, saturated and softened the resorter's lawn. Then followed a day of fierce, howling winds, and most of the choice trees the resorter had saved for beauty's sake toppled to the ground. He had not realized that the roots of the choicest trees had been intertwined with the roots of the trees he had ordered removed. When the dispensable trees were bulldozed off the property, the root systems of the beautiful evergreen and graceful birches still standing were disturbed, wrenched, and weakened. Rains and winds completed the havoc the bulldozer had started.

Along our brook, birches grow singly and in clusters. So do maples and poplars, balsams, spruce, and hemlock. The stream's bank is soaked with moisture from the brook, and the soil has been softened by tiny drops that creep amidst and infiltrate particles of earth. One would think that the streamside would be unsafe for trees in time of wind. But that is not so. These brookside trees have known a thousand storms. They have wrestled with every bullying wind thst challenged their courage and disputed their strength. But I have never known one to tumble to a storm. Age and disease take their toll, of course, as they do of all living things. But in a sudden crisis these brook-loving trees are not storm-dazzled or vanquished, and for this reason: their roots are intertwined. They support each other. The crooked fingers of birch roots reach out for other roots and find in them an added strength. The hidden, knobby hands of evergreens and hardwoods secretly, urgently stretch for the reinforcing, reassuring grip of neighboring trees. There seems to be a kind of deep awareness in Hidden Brook trees that if they are to be strong enough to survive windshock and tempest they must depend upon a strength greater than their own. So they reach out to their fellows. The young stretch out their roots to the old, and the old extend themselves toward the young. Birches keep in intimate touch with hemlocks. Spruce lend their vitality to nearby balsams. Stout maples grasp the less hardy poplars, and the supple vigor of the great hardwoods complements the brittleness of their poorer neighbors. Hidden Brook trees do not rely upon solitary strength. Their quiet, confident mien in windy weather rests upon a fellowship of roots. Each tree's strength is reinforced, being intertwined with the strength of others.

One way human beings build power for surviving crises is through joining the roots of being with the roots of others around them. In this way the strength of others supports us and our strength supports others. A trend has developed in modern psychiatry to maneuver patients into wholesome associations with good personalities. Psychiatrists and psychoanalysts have come to see that the treatment of a patient as a solitary problem-person is inadequate. If he is to gain strength it must come from somewhere, and a good source is the goodness in his fellows.

Public worship is such an experience of the roots of the spirit urgently reaching out and embracing the staunch roots of others. Worship is a fellowship of faith. Through hymns and anthems and Scripture reading our faith meets the faith of others of times past. We exercise a "communion of saints" in which our hope is reinforced by another's hope. Our trust in God no longer means a lone, solitary thing, but part of an intermingled network where our reasons for trusting are augmented by the witness of many another believer. In the pews around us and in ages long since lost from sight, testimony supports testimony. Faith sustains faith. We see that we are not alone in our struggle to be better; there are others with us.

Books provide means for intertwining the roots of our lives with the roots of the great people of history. Through reading we fellowship with the best of yesteryear. Literature brings to us the thoughts of Moses, the faith of Jeremiah, the understanding and spirit of Christ, the distilled experience of Paul, the reflections of Shakespeare and Milton. Biography refreshes us with insights into the undaunted courage of Washington, the undiscourageable magnanimity of Lincoln, and the awesome dignity of Robert E. Lee. James Russell Lowell once asked, "Have you ever considered what the ability to read means? It is the key that admits us . . . to the company of saint and sage, of the wisest and the wittiest at their wisest and wittiest moment." Good reading admits the best in us to fellowship with the best in the great people of all time. Through literature the power of great lives reaches across space and time and strengthens us; their roots mingle with our own.

One of the secrets of successful living is to make the habit of reaching out for fellowship with the highest, most wholesome people we know — the triumphant, the wise, the humble, the self-forgetful, the creators of the beautiful and the appreciators of beauty, knowing that they have something of value for us as did One who promised, "My peace I give unto you."

But beside seeking out such people, we must aim to be the kind of person who strengthens. Just as successful marriage is not alone the business of finding the right partner but one of being the right sort of mate, so the world's good is not served alone by our making connections with the best people; we must be the kind of persons from whom others can derive power.

How about it now? Do your acquaintances find grace and kindness, inspiration and courage, hope and strength when their roots touch yours?

Primitive Camp Life Enjoyed By Girl Scouts

Thirty Girl Scouts participated in the troop camping program sponsored by the Charlevoix Girl Scout Council this year, Mrs. Lloyd Arnold, camping chairman, has announced.

The girls enjoyed two days of primitive camping at their new campsite, the Girl Scout property located on the Ellsworth road.

The camp staff included Mrs. James W. Gallagher, Mrs. Richard Edwards, Mrs. Danford Gallagher, Mrs. Leland Warner and Mrs. Arnold, leaders; Mrs. Lester Smith, storekeeper; ;Mrs. Robert Bergmann, camp nurse; Mrs. Harry Stewart, commissary chairman; Mrs. Leonard Burns, crafts instructor and Mrs. John Wege.

The girls and their adult leaders slept on cots in three large tents, cooked all their meals over open wood fires and washed all their dishes out-of-doors. To facilitate camp living were three work tables which had been lashed earlier by the Tuesday Outdoor Skills group who had also constructed primitive benches by nailing planks across logs. Grates for each fireplace were made from discarded ice-box grates, old pipe and a section of a metal bed.

Besides leather tooling and lanyard and bracelet making, the girls made popcorn poppers from coffee cans and coat hangers in the craft classes. One group lashed clothes rods which they used to hold their extra clothing while at camp.

The oldest group of scouts set up camp Sunday afternoon with their leader, Mrs. James W. Gallagher and Mrs. Arnold, camping chairman. They were joined Monday by the Scouts in the fifth, sixth and seventh grade age group and their leaders. The camp closed Wednesday morning.

The Girl Scout Council would like to acknowledge all the assistance given them which made this year's troop camp possible. Among these are the many who helped prepare the camp and campsite, the county road commission for building a temporary road; the conservation department for additional work on the road and building a parking area; the city utuility crew for installing a temporary line and stringing lghts in the area; Miss Lillis Flanders and Camp Seagull for cots and the many others who in so many ways contributed time and materials to the camp thus making troop camping possible.

A Charlevoix student was among the seven to be named to the Dean's list at Central Michigan College in Petoskey according to Dean A. D. Shankland.

To be placed on the Dean's list a student must earn an honor point average of 3.4 or better for all work taken during the semester. This amounts to a high B plus average.

In addition to the Dean's list, Dean Shankland announced that two students of this year's graduating class graduated "with honors." They were Miss Schuchard and Lois Bergmann, daughter of Mr. and Mrs. Ted Bergmann.

To be graduated "with honors," a student must maintain a B average or better for all work taken while at Northern Michigan College.

JUNE
• IN MICHIGAN •
by
Harold E. Kohn

Summer arrived this week. The Eskimoes call it "the season of inferior sledding." This summer seemed slated to become a "season of wonderful sledding" judged by one or two cold nights last week. But warm days lie just ahead — days when cool winds blow in the early morning and become heated and tired with their play. At noon they will be drowsy and doze lazily all afternoon until, refreshed, they will skip about and party with each other in the evening, and be boisterously noisy half the night.

Now come afternoons of rehearsals for insect orchestras and evening concerts by frogdom's many glee clubs. From green forest cathedrals will rise anthems of bird praise, while small streams sing hymns to the sun.

Now boys will be twice as hard to find. Searching parents need to know where to look for the nearest hollow tree, or the most comfortable bed of long-speared grass, or the marsh where pollywogs swim and where the bull frogs are biggest and most plentiful. While a boy always claims he was "right here all the time," "right here" is almost anywhere that June is as thick as dust on a country lane. Now in the third week of the sixth month we all enter summer, and that's good. But something far more exciting and miraculous is seeing summer enter a boy!

* * *

Bass season has opened. For many a fisherman the beginning of bass season is the most thrilling feature of summer. Catching some fish is about as exciting as retrieving a lost boot from a mudhole or pulling up anchor on a rowboat. But the scrappy bass puts excitement into fishing. He is fickle; he is moody and unreliable. One day he will grumpily slump beneath his favorite lily pad and the tastiest morsel of bass lure will not tempt him in the least. The next day he may strike at anything tossed his way. Byron Britton of Tulsa, Oklohoma, caught a large-mouth bass at Upper Spavinaw Lake. Upon opening it he found a rock as large as a golf ball in its stomach. (No, it wasn't a rock bass!) Mr. Britton believes the rock probably fell off one of the cliffs that rim the lake and the bass seized it, thinking it food. Another fisherman caught a three-pound bass and discovered that it had swallowed a chimney swift. Apparently the unlucky bird had been skimming the lake surface catching insects when the bass made a well-calculated leap, seized and swallowed it whole. (Large trout have been known to catch bats in the same manner.)

In the United States approximately one fishing license is sold each year for every ten people in the country. Many of these licenses go to people who most of all want to hear the singing of their reel when a greedy black bass savagely strikes a lure and churns a quiet, limpid weed-bed into a small hurricane.

Fishes live a strange life in a strange world. A fish is one of the few higher forms of life that can never see its own body because it cannot turn its head far enough. Many fish are super-sensitive as far as taste is concerned. Some species of minnows can detect salt 184 times as easily as humans can, and detect sugar dissolved in water 512 times as readily as can humans. Moreover, some fish taste not only through their tongues but through taste organs scattered over the outside of the body. Catfish do.

* * *

Some things to notice this third week in June:

- Watch for insects, small birds, and mice impaled on thorns or barbed wire. They are hung there by the shrike, commonly called the "butcher bird," which catches them when possible and hangs them where they can later be eaten at leisure.
- When walking through woods notice how the bare soil turned up by the roots of recently fallen trees forms small wild seedbeds where other trees get their start. The forest floor is usually so thickly covered with fallen leaves, needles, branches, bark and other debris that not one seed in many hundreds has a good chance of becoming a tree. But when a great old tree is blown over, the bare soil around its roots is exposed to light and rain. Now, in the summer months, an alert observer will see seedling birches, beeches, maples, white pine, spruce and balsams and various other trees beginning to peek above the rich, dark soil. Within a few years the open space in the forest canopy left by the fallen giant will be filled with the growth of another generation.
- A pond's edge in June is one place where no one should speak unless he can improve upon silence.

Bruce Bergmann, Susan Simmons Wed in Boyne City

Arrangements of white peonies and candelabra formed a setting for the wedding of Susan Elaine Simmons and F. Bruce Bergmonn at the First Methodist church in Boyne City Saturday afternoon.

Parents of the couple are Mr. and Mrs. Leonard Kraemer of Boyne City and Mr. and Mrs. Frederick A. Bergmann of this city.

The Rev. LaVerne Steele read the double ring service in the presence of more than 100 guests. Mrs. Erling Strangstad, at the organ, played a program of traditional music, the wedding marches and accompanied the soloist, Mrs. Bernarr Andrick who sang "I Love You Truly," "Because" and "The Lord's Prayer."

The bride, escorted to the altar by her father, chose a gown of white lace over taffeta for her wedding. Fashioned with a fitted bodice, long sleeves and a Sabrina neckline, the gown featured a bouffant floor-length skirt. Her fingertip veil fell from a floral tiara and she carried a cascade bouquet of white feathered carnations centered with white glamellias.

Ruth Zinck of Boyne City, as maid of honor, and Patricia Shubert of Cheboygan, as bridesmaid, wore ballerina length gowns of yellow and orchid, respectively, and carried cascade bouquets of yellow feathered carnations with streamers of yellow and orchid.

Roxanne Louiselle of Sedalia, Mo., niece of the bride, as flower girl, wore a yellow nylon dress and carried a miniature cascade bouquet. Kenneth Bergmann, brother of the bridegroom, was ring bearer.

Douglas Bergmann assisted his brother as best man. Platt Purvis of Gore Bay, Ont., was groomsman and Allan Louiselle of Whitman Air Force Base, Sedalia, brother-in-law of the bride, and bridegroom, were ushers.

Charles Bergmann, brother of the bridegroom, were ushers.

Mrs. Kraemer selected a light blue dacron dress, matching blue feathered hat and white accessories for her daughter's wedding. Mrs. Bergmann, mother of the bridegroom, wore a light blue linen sheath dress and white accessories. Both had corsages of pink carnations.

Immediately following the ceremony, a reception was held in the church parlors. Assisting were Margaret Simmons, Mrs. Helen Bartholomew, Dixie Simmons, Marie Magee and Mrs. William Jensen of Boyne City, Mrs. Louiselle and James Bergmann.

After a wedding trip to the upper peninsula, the couple will return here to make their home. For traveling the bride wore a white and brown polka dot dress, white accessories and a white glamellia corsage.

The bride is a 1960 graduate of the Boyne City high school. The bridegroom is a graduate of the Charlevoix high school and a veteran of three years service in the U. S. Navy. He is presently employed by the Bechtel Corp.

From where I sit ... *by* Joe Marsh

Ever Have That "Sinking" Feeling?

You probably know that "Chip" Wallace was just appointed swimming instructor at the Boys Club.

Seems in his first group, he had three youngsters who were hesitant even about the shallow end of the pool. They said "we'd sink." Of course, Chip didn't try to force them—he demonstrated. He jumped in, popped right up, explained that body buoyancy had pushed him back to the surface.

However, one of the youngsters shook his head in disbelief. "Gee," he said, "*I* sure hope Mr. Buoyancy is still down there when *I* jump in."

From where I sit, whoever said "experience is the best teacher" was right. For instance, I think all of us know—through *experience*—how important "tolerance" is between neighbors. In little things too, like my respecting your right to choose a favorite beverage—and your respecting my choice of an occasional glass of beer. That way we'll swim not sink—as friends!

Charlevoix V. F. W. Auxiliary Presents Flag to Girl Scouts

The presentation of a 50-star American flag to the Girl Scouts by the Charlevoix VFW Auxiliary Post 1153 was the highlight of the program which marked the closing of Brownie Day Camp at the Charlevoix Rod and Gun Club Friday.

The new flag, a gift from the Auxiliary which has provided flags for all Girl Scout troops for several years, will be flown over the new Girl Scout camp located on the Ellsworth road.

Parents of the more than 70 Brownie Scouts who attended the five-day Brownie camp, witnessed the ceremony which opened with the retirement of the 48-star flag which has been in use.

Earlier in the closing program the Brownies, under the direction of Mrs. Chester Belfy, camp director, and their leaders, had presented a program of dances and songs and displayed the handicraft they had made during the week. This included baskets, jars, scrapes and ponchos, all following the Mexican motif, the theme of this year's camping program.

Another highlight of the camping program earlier in the week was the 'fly-up' ceremony during which 26 Brownies officially completed their Brownie program and were promoted to Girl Scouts in an imprsesive candlelight ceremony witnessed by all campers.

Mrs. Belfy and Brownie leaders mentioned earlier were assisted by Cynthia Curtis who was in charge of group singing; Marilyn Novak, Frances Arnold and Susan Pearl who assisted with special troops, Leslie Lyons, Jane Strother and Susie Coppens who assisted where they were needed and Jean Curtis and Evelyn Peters who assisted one morning.

During the week the group enjoyed cookouts, nature study, handicraft, folk dancing, story telling, group singing and other special events which were planned for the Brownies who attended the camp sponsored by the Charlevoix Girl Scout Council.

Mrs. Melvin Plum Honored At Reception Given by O.E.S.

A reception honoring Mrs. Melvin Plum, grand committee member on attendance and membership of the Grand Chapter of Michigan, Order of the Eastern Star, was held at the Masonic Temple here Tuesday evening.

The reception was given by the Charlevoix chapter No. 72 of which Mrs. Plum is a past worthy matron.

Joining the local chapter and friends here in honoring Mrs. Plum were Mrs. G. L. Gundrey of Grand Blanc, Worthy Grand Matron; Mrs. Wilfred Waara of Mackinaw City, Grand Adah; Mrs. Charles Steele of Bay City, Grand Ruth; Mrs. William Crosslin of Rochester, Grand Martha; Dr. Grant Born of Petoskey, past Grand Patron; Mrs. Trula M. Marie, Mrs. Clark B. Ralston of Dundee, Mrs. Herbert Cain of Ironton Mountain and Mrs. Sixton Langenbury of Cadillac as well as representatives of the 14 chapters which compose the Meguzee Association plus Frankfort, Benzonia and Thompsonville chapters.

The reception from 7 to 8 p.m. was followed by a meeting of the chapter at which the exemplification of degrees by two new members was a highlight. The members are Janice Burns and Malcolm MacDowell.

Mrs. Alfred Gill and Mrs. Harry Gebeau were in charge of registration at the reception. Mrs. Charles Bellinger, Mrs. Frank Courier, Mrs. LaVerne Heise, Mrs. Russell Curtis, Mrs. Kenneth Sweet and Mrs. H. B. Schofield were hostesses at the tables which were decorated in the colors of the Grand Matron, violet blue and mauve pink and the motif of her theme "A light within the triangle."

Mrs. Plum greeted the guests in a coral pink gown. Her corsage was of pink rosebuds and violets, a gift of the chapter.

With her were her husband, their three children, Gary, Mary and David, and her father, Capt. William Fisher. Mrs. Fisher was unable to attend for reasons of health.

Vocational Group Holds Five Day Convention Here

The annual summer workshop conference for coordinators, supervisors and administrators of vocational education opened at the Charlevoix Beach Hotel Monday for a five-day meeting.

The conference has attracted more than 250 members and educators from throughout the state.

Dr. Edgar Harden presented the keynote address at the dinner meeting Monday to mark the opening of the conference of the vocational education division of the Michigan Department of Public Instruction. In his address, based on the theme of the conference "Education in Action — Today's Challenge" Dr. Harden said that "America, the free world and vocational education have comparable challenges in setting forth, in clear and unmistakable language, what they are for and what they are against." He then listed a number of challenges the group should be prepared to meet. He concluded his remarks with the thought that if we really believe in what we are doing, then we should do something about it.

Workshop sessions devoted to subjects dealing with vocational training made up a major part of the five-day program which will close with a general meeting Friday morning.

Circlin' The Bases

By DEANO

Well, it looks like we are going to get the '60 softball season underway after all. With the air of the city and many volunteer workers, the new softball field is almost completed. At this writing only the dugouts and outfield fence have yet to be constructed.

It sure was good to see some of the old time ball players pitch in and help in building the new diamond. Not going to mention any names for fear I might miss some, but their appearance was one of the reasons why Charlevoix will continue to have fine athletes, and athletic programs. Speaking of the new field brings to mind that our new park will have a much improved backstop over the former one, and that our outfield should be much smoother too.

Up at the ball field the other night, a group of fellows on the end of some rakes were trying to decide who was the oldest player in years of service in the league. Guess it would be between Freedman's John Swanson and Airport Inn's Fritz Puffpaff, and neither show signs of slowing down.

Still some question about whether there will be a women's league this summer. One team was almost completely wiped out when they took up increasing their families. If enough new players show interest we will continue the league.

Our first crop of players to come all the way through the "farm system" have arrived on the A league scene. The former peanut leaguers who have "graduated" through the ranks are: Stan Martin and Gary Balch of the Inn, Don Kelly and Jack Stewart of the Merchants, and Roger Towsley of Freedman's and Mold's Terry DeYoung. Keep your eyes on this group.

Joyce Nielson Married at Ironton Church

The Ironton Congregational church was the scene Saturday of the wedding of Joyce Ann Nielsen and Gilbert Allen Rhoades.

Parents of the couple are Mr. and Mrs. Thomas Nielsen of Ironton and Mr. and Mrs. Robert Rhoades of Lakewood, Ohio.

The Rev. William Harmon officiated at the double ring service in the presence of more than 100 guests. Arrangements of red, pink and white peonies decorated the altar for the service. Mrs. Wayne Saunders, the organist, accompanied Sharon McCard of Detroit who sang "The Lord'a Prayer" and "O Promise Me" also played the traditional wedding marches.

The bride, given in marriage by her father, chose a ballerina length gown of white embroidered nylon organdy for her wedding. The gown was fashioned with a fitted bodice, scoop neckline, long sleeves and a bouffant skirt. A seedpearl crown secured her shoulder length of illusion. She carried a cascade bouquet of sweetheart roses and lilies-of-the valley.

Terry Lynn Nielsen, as her sister's maid of honor wore a light blue flocked nylon gown styled with a scoop neckline, full skirt and matching cummerbund. She carried a cascade bouquet of pink carnations.

Sharon Kay Nielsen and Mary Carol Nielsen, as junior bridesmaids for their sister, wore gowns identical to the honor attendants with matching sashes. They carried colonial bouquets of pink carnations.

David Rhoades of Lakewood, Ohio, assisted his brother as best man. Ushers were Don Bennett, William Cooper and Charles McDermott.

Mrs. Nielsen selected a mint green brocaded taffeta sheath and matching jacket and white accessories for her daughter's wedding. Mrs. Rhoades, mother of the bridegroom, wore a pink embroidered linen sheath and pink accessories. Their corsages were of pink carnations.

Immediately following the ceremony, a reception was held in the church parlor. An evening reception was held at the home of the bride's parents.

For traveling on their western Michigan wedding trip the bride wore a beige cotton sheath and matching jacket, pink accessories and a corsage of pink roses. The couple plan to make their home in Detroit.

The bride is a graduate of the Charlevoix high school and is presently completing her second year of nurses' training at Henry Ford Hospital in Detroit. The bridegroom is a graduate of Lakewood high school and a veteran of four years in the U. S. Coast Guard.

Wedding guests were present from Cleveland and Lakewood, Ohio, Atlanta, Ga., Detroit, Lansing, Traverse City, Cheboygan, Flint, Bay City, East Jordan and Charlevoix.

On Thursday evening the bride-elect was feted at a bridal shower given by Mrs. Robert Breidenstein of Boyne City at the home of her sister, Mrs. Fritz Puffpaff who with Mrs. Alfred Gill and Mrs. Richard Donaldson assisted.

On Thursday afternoon Mrs. Albert Bennett, Mrs. Raymond Williams, Mrs. Sam Alexander, Mrs. William Cooper and Mrs. Joseph Howe hosted a shower at the Ironton Congregational church dining room attended by 16 friends in the community.

Earlier the bride-elect was honored at a shower given by her classmates at the Ford Hospital school of nursing.

On July 2 the couple will be honored at a reception at the Lakewood, Ohio, home of the bridegroom's parents.

SUNDEW REPORTS

The Sundew was underway Wednesday for Frankfort to rendezvous with the CGC Woodbine (WAGL 289) to pick up a 36 ft. motor life boat and deliver a 24 ft. cargo boat.

On completion of the exchange, we headed back to Charlevoix.

On Thursday morning we were underway again to begin our fuel run which consists of delivering fuel to all the light stations under the command of Group Charlevoix. By the time Grays Reef had been fueled the winds had increased so as to make it impossible to continue any further fueling operations in the area. We came about and returned to Charlevoix.

At 2:30 a.m. Sunday the Sundew received a general recall to assist the Dutch cargo ship Geertje Buisman which had gone agrounds on Vienna Shoals, a short distance from Grays Reef light station. She received two holes in her bottom but did not take on much water. On arrival to assist, a hawser was passed to the Dutch vessel and we attempted to free her. Despite repeated attempts and maneuvering, we were unable to free her. A tug and lighter were requested and we returned to Charlevoix.

why Mercury is the better low-price car!

MORE VALUE. Just look at these Mercury advantages over other low-price cars:

You ride smoother because Mercury has up to 8 inches more wheelbase . . . and is up to 494 pounds heavier. *You're more comfortable* because of Mercury's extra shoulder room, leg room, and foot room. *You feel safer* because Mercury's brakes are bigger (up to 26%), and visibility is better (up to 21% more).

Mercury has at least two dozen extra values. Why not enjoy them all, and save a little money, too?

PRICES START $63 TO $66* BELOW EVEN THE LOWEST-PRICED V-8 POWERED PLYMOUTH FURY OR CHEVROLET IMPALA.

And we're *not* talking about a 'stripped' Mercury. This price comparison is based on a deluxe-appointed Monterey with luxurious nylon interior and deep, soft wall-to-wall carpeting.

This amazing price story is the result of Mercury's dramatic 1960 price reductiona (as much as $174 lower than last year, including extras that are now atandard equipment).

Every Mercury is lower priced than last year. All Montereys are now *low-price* cars. They are priced below, or within a few dollars of, the other deluxe V-8 series in the low-price field. Come in. See for yourself.

*Based on comparison of manufacturers' suggested 1960 retail base prices for lowest-priced V-8 models.

New Equipment Installed At Charlevoix Hospital

Miss Anne Baumgartner, superintendent of the Charlevoix hospital and Robert Curtis, laboratory and x-ray technician, pictured with the two new pieces of equipment purchased recently for use in the hospital laboratory. Pictured (left) is a bacteriaological incubator and photrometer.

The installation of two new pieces of equipment, a bacteriaological incubator and photrometer, in the laboratory at the Charlevoix hospital is second to none in hospitals of comparable size in the state, Miss Anne Baumgartner, superintendent of the hospital, said this week.

With the installation of the new equipment, the laboratory is now ready for approval by the Division of Laboratories of the Michigan Department of Health, Miss Baumgartner said.

The incubator (left) is used to maintain a constant optimun temperature desirable for the growth of various bacteria and the photrometer is used to determine unknown concentration factors pertaining to blood chemistry, Robert Curtis, laboratory and x-ray technician explained. He went on to say that the equipment was essential if the laboratory is to be utilized to its fullest.

Mr. Curtis, a native of Clare, has served as both laboratory and x-ray technician since last August. Miss Nancy Holland of Cedarville joined the staff last week. Both are graduates of Elkhart University at Elkhart, Ind.

Plans Underway For Art School In Charlevoix

Charlevoix may have an art school this summer, if the plans announced this week by Steve Davis, widely known Detroit artist, become a reality.

In the city over the weekend to make final arrangements for the school, Mr. Davis said he had leased the former Washington school on the north side as a school site and was planning to be on hand after this weekend to talk with prospective students.

Artist, illustrator, mural painter and industrial designer, Mr. Davis said, in announcing plans for the school, that the community is an ideal place for such a school for, as he puts it, "Charlevoix has everything an artist could hope for." His school will be open to professionals, amateurs and children who take art seriously.

He hopes to have a class of at least 10 full-time students who will meet five days a week for four or five hours each day for an eight weeks preiod; a minimum of 15 atudents for daytime classes once a week and an evening class for a similar group. He will also offer classes for children in various age groups beginning at five years.

He plans to teach painting and drawing in classes featuring landscaping, still life and portraits, using a model.

If enough interest is shown in the fields of silk screen prints and earthenware sculptoring, Susan Bolt of Detroit, free lance artist who was associated with the Cincinnati School of Art before moving to Michigan with her family, may join the school.

Softball League Games Underway With Five Teams

The City softball season got underway this week as Freedman Artcraft and Ellsworth both posted wins. Freedman whipped Airport Inn in the opening game on the new diamond 9-3 before a large crowd. Ellsworth won their game last Friday night at their field beating American Mold.

Freedman scored in every inning but two, and with Bob Klooster hurling a neat three-hitter, had little trouble with the Inn. The Inn scored first on Des Milligan's single, Bob Darbee's three-bagger, and an error for a two run lead. Freedman came back with three runs in both the third and sixth innings. In the third Roger Towsley and Pete Phillips singled around two errors and a walk, and in the sixth John Swanson doubled, Bob Klooster singled, and Tex Dougherty picked up a one-bagger.

Norwood to Have Picnic Grounds

The township of Norwood recently leased a piece of state land and bulldozing operations for a picnic area began Monday.

The grounds are located west of the village, just below the hill which overlooks Lake Michigan. A good gravel road leads to it.

The area will be ready for use this summer with picnic tables and toilet facilities. Stoves will be added as the need arises.

Sheriff's Dept. To Patrol Waters Of Charlevoix Co.

A new outboard-powered patrol boat to be used to patrol the waters of Charlevoix county has been received by the sheriff's department and will probably be placed in use this weekend.

It will be used to crack down on improper boat operators in Lake Charlevoix, Walloon Lake and other waters in the county and also for rescue or dragging operations should the need arise.

The boat will be transported via trailer when necessary to move from one site to another.

Basil Crawford of East Jordan will operate the boat, it was reported.

The board of supervisors, at its April session, approved the purchase of the boat and trailer and appropriated monies for its purchase.

Babe Ruth Team Wins First Game From Petoskey

The Charlevoix Babe Ruth team won its first game of the season last Wednesday, defeating First National Bank of Petoskey 7 to 1.

The local team combined three hits with 11 walks to score 7 runs. John Coppens had two singles and Henry Wagner a double. Bill Marme was the pitcher and John Pearl the catcher.

The Charlevoix team, coached by Pete Burns, Bill Marme and John E. Boss, will play all games at 6 p.m. Wednesday and Friday at Lockwood field in Petoskey.

The Charlevoix team is a member of the Petoskey league which is composed of teams from Charlevoix, Petoskey and Harbor Springs.

The club roster includes Bruce Kroken, Jim Ferguson, Howard Harriman, Dwight Boss, Rich Grunch, Dave Novotny, Jim Racignol, Charles Boss, Warren Belding, Douglas Winnell, John Bleha, Marme, Coppens, Pearl and Wagner.

When goose eggs hatch, the goslings accept the first living thing they see as their mother. The Austrian zoologist Konrad Lorenz terms the phenomenon "imprinting." It has been reported in a number of birds, insects, fishes, and mammals.

Lifeguards Now On Duty at Main Bathing Beaches

Lifeguards are now at Charlevoix's main beaches daily City Superintendent James Taylor has announced.

Jim Barry is again at the north-side or depot beach, Bill Hansen has returned to the Lake Michigan beach south of the pier and Quint Walker is at the Ferry ave. beach.

The guards will be on the beaches from 9 a.m. until noon and from 1 to 6 p.m. Monday thru Saturday and from 12 to 6 p.m. on Sunday.

Swimming lessons will again be given at the beaches on Lake Charlevoix. Youngsters wishing to enroll in classes are asked to register with the lifeguard at the beach where they plan to take lessons. A schedule will then be posted and youngsters notified when they are to report for classes which will be given from 9 a.m. until noon Monday through Thursday.

It is emphasized by all lifeguards that all youngsters are welcome at the beaches but that they must observe the rules as established for the benefit and safety of all bathers and swimmers.

Youngsters who enroll for swimming lessons must be old enough to participate in class lessons. Parents of younger children must accompany them when they report for lessons because the lifeguards have too many children to teach and cannot be expected to serve as baby-sitters. This also applies to young children who visit the beach during the afternoon, Mr. Taylor said in announcing plans for the classes.

JayCees Sponsor Sale of U. S. Flags

The Charlevoix Jaycees are sponsoring the sale of new 50-star flags, Nicholas Hamilton, club president, has announced.

The most popular item is a flag kit which includes a 3x5 ft. flag, halyard, ball and bracket for mounting on a house. Other flags in a variety of sizes are also available.

The Jaycees urge that all Americans display their patriotism by flying a flag from their home or place of business.

Dr. Stanley Fontanna Speaks To State Garden Club Women

The more than 300 members of the Federated Garden Clubs of Michigan who assembled at the Beach Hotel this week for their annual conference heard Dr. Stanley Fontanna of the School of National Resources at the University of Michigan speak on the subject, "Our Natural Resources . . . Our Present and Future Supply" Tuesday night.

He commended the Garden club members for their efforts in behalf of conservation and said that continued conservation was imperative if we were to conserve the materials we now have.

The population increase which was unanticipated as recently as 10 years ago has made great demands on our natural resources, Dr. Fontanna said. For this reason we must plan to conserve what we have in the way of renewable resources and make plans to develop new sources of non-renewable resources.

He catagerized renewable resources as agriculture, forests and water and non-renewable resources as minerals and energy fuels.

He said that by management, development of new materials and the utlization of supplies on hand there would be sufficient supplies of renewable resources. He listed the problem of water, for instance, as a regional rather than a national one and said that in the areas where it was a problem he was certain a solution could be found. The development of a process whereby sea water can be converted to fresh water may be at least a partial solution to this problem especially in states such as Arizona and New Mexico. He said that water would probably cost more than it has in the past but that a supply would be available.

He emphasized the need for developing new sources of the non-renewable resources, especially metals such as iron, the No. 1 mineral because it is the basis of all steel. He said some countries such as Canada, Austrailia and New Zealand were comparable to the United States as far as capital and technical knowledge were concerned and therefore could develop the resources in their own countries.

However, the major sources of minerals and energy fuels, especially oil, are located in the undeveloped countries of South America, Asia, Africa and the Middle East which lack both the capital and the technical know-how to develop this wealth of resources. He said that the United States must take the initiative in furnishing these two thngs if this country is to obtain the minerals and energy fuels it will eventually need from these sources.

The low standards of living and the unstable governments in these countries make them a breeding place for Communism, Dr. Fontanna warned. In order to keep these countries free, as Americans know freedom, and to raise their standards of living, the United States must supply the needs of these countries thus helping them to help themselves gain their rightful places among the countries of the world. By so doing we will be able to purchase the materials we need and to find a market for the things we make.

He concluded by saying that these were serious problems that would eventually have to be met and that they should be given serious thought by everyone.

Walter VanDien, educational consultant for the Michigan Conservation Department, introduced Dr. Fontanna.

Mrs. Jamie Johnson of Dearborn, national president, as mistress of ceremonies, introduced state officers, directors and guests and also introduced Mr. VanDien and Rev. Robert J. Yonkman who gave the invocation.

School Census Shows Increase

The school census completed recently reveals that the population in the pre-school and school age children in the Charlevoix school district is on the increase according to Supt. R. G. Bennett who has released the new figures.

The number of children of school age, that is, five through 19 years of age, is 1,165 in 1960 as compared with 1,139 last year. The number of pre-school age children also shows an increase. This figure increased from 396 in 1959 to 426 this year.

Some other interesting facts were brought out in the annual census Mr. Bennett said. For instance, the number of youngsters under one year of age jumped from 59 last year to 82 in 1960; last year there were 86 one-year-olds but this year there are 97 two year olds; the number of five-year-olds increased from 75 last year to 81 this year and though there were 71 18-year-olds last year there are 11 fewer 19-year-olds this year.

Hospital Guild To Sponsor Style Show and Luncheon

Mrs. James W. Gallagher, as chairman of the ways and means committee, is general chairman of the event. Fran Martin will be in charge of tickets. Reservations may be made with any of the above mentioned persons.

Proceeds from the event will be used to purchase hi-low beds and other equipment for the Charlevoix hospital.

Percy Edwards, Retired Florist Dies Suddenly

Funeral services were held Tuesday at the Winchester Funeral Home with the Rev. George L. Majors officiating. Burial was in Brookside cemetery.

Born in England Nov. 2, 1887, Mr. Edwards came to Charlevoix as a small child. In 1908 he was married to the former Ruby Kirby. They always made their home here. Until his retirement in 1940 he was associated with Edwards' Florists.

10 Candidates Qualify For Nominations at Annual School Election

Electors in the Charlevoix school district will elect three directors from a field of ten to the board of education, and vote on a proposal to increase the tax limitation two mills for a period of one year at the annual school election to be held July 11.

Eleven candidates filed nomination petitions for election to the board. One, however, was rejected because it did not have a sufficient number of siguatures.

Candidates for the three year term are Theodore E. Browe, James E. Pettis, Ervin Recignol and Clarence H. Smith. Electors will make a choice of one.

Running for the four year term are John N. Barkdoll, E. Darrell Dinwiddie, William Carey, Burr Blanchard, Ralph S. Hamilton and Frank Oleksy. Two candidates are to be elected for the four year term. This will bring the membership on the board to seven as provided for under the new statute.

Cost of operating the school system during the ensuing year is estimated at 13½ mills, according to Superintendent Roy G. Bennett. This includes operational expenses plus payments on the bonded indebtedness. In order to qualify for 100 per cent state aid the district must vote a half mill to make up for the shortage following the allocation board's action in reducing the school allocation from eight mills to seven and half mills.

The district is also faced with another shortage in state aid resulting from the increase in valuations. State aid is based on a cost of $205 per student. As local valuations are increased the deductable millage is also increased thus further reducing state support.

The 13½ mills required by the district was arrived at by the board of education following a study of the budget requirement Monday evening. The millage is divided as follows: nine and a half mills for school operation, this includes estimated increases for fuel, utilities, maintenance and increases in teacher salaries in view of the fact that it is expected to have the new high school in operation before the school year ends; four mills are needed for payments on the new school debt.

Rev. McBratnie New Pastor at Methodist Church

Rev. Raymond J. McBratnie has arrived here from the community of Hope, 15 miles northwest of Midland in Midland county, to assume his duties as pastor of the First Methodist church here.

Accompanying him here were his wife and their nine-year-old daughter, Sharon. The couple also has two sons, James, 18, who is spending the summer in Saginaw where he is employed and Hugh, a hospital corpsman presently stationed at the U. S. Naval hospital in San Francisco.

Both Rev. and Mrs. McBratnie are natives of Saginaw. He is a graduate of Garrett Methodist seminary in Evanston, Ill. He was at his former charge of Hope-Edenville for three years prior to his assignment here.

Announce 182 New Oil Leases Filed in Charlevoix County

One hundred and eighty-two new oil leases including 66 on 16,746 acres of privately owned property in both Peaine and St. James townships on Beaver Island have been filed with the Charlevoix county register of deeds office during the past week Grover C. Geneit, head of the office, has announced.

The new leases brings the total to 310 on 44,692 acres of land in 14 of Charlevoix county's 15 townships, Mr. Geneit said. Only township where land has not been leased to an oil company is in Charlevoix township which borders the city of Charlevoix on both the north and the south.

In announcing the number of leases filed to date, Mr. Geneit said that many more on state-owned property located on Beaver Island are expected almost any day. Leases to this property were sold at auction in Lansing recently.

The companies and the number of leases and acreage which have been filed follow: Masters Oil and Central Oil Companies of Mt. Pleasant for the Panhandle Eastern Pipeline Co. of Kansas City, Mo., 81 leases on 14,427 acres; McClure Oil Co. of Alma, 66, 18,746 acres, all on Beaver Island; Forrest H. Lindsey for National Associated Petroleum Co., Tulsa, Okla., 58, 4,767 acres; Warren Shear of Duncan, Okla., 37, 3,384 acres; Vaughn S. Bryan of Woodward, Okla., 34, 2,902 acres; R. G. Lawton of Magnolia, Ark., 22, 3,160 acres; Howard L. Anderson of Denver, Colo., 13, 2,275 acres and one, Grand Oil Co. of Boyne Falls, 40 acres.

Mr. Geneit said he had been told by representatives of the McClure Oil Co. that drilling would begin this summer on property leased by that company on Beaver Island.

The Right To Life

One hundred and eighty-four years ago members of the Continental Congress met in Phiadelphia and affixed their signatures to a document declaring it to be self evident that all men are endowed with certain unalienable rights.

On July 4th and the two preceding weekend days, millions of Americans will leave their homes to ceebrate that event and to exercise one of those rights — the pursuit of happiness. In that pursuit hundreds of Americans will lose the vastly more precious right — Life. Thousands of others will be deprived of Liberty through crippling injuries that will confine them to hospital or home, many of them permanently.

Since 1776, eight wars have been fought to preserve for you the rights proclaimed in the Declaration of Independence. On this 184th anniversary do your part to preserve them for others. Drive carefully. Swim carefully. Play carefully. Make certain that you are not the cause of any other American losing his life, his liberty, or his ability to pursue happiness on a holiday weekend.

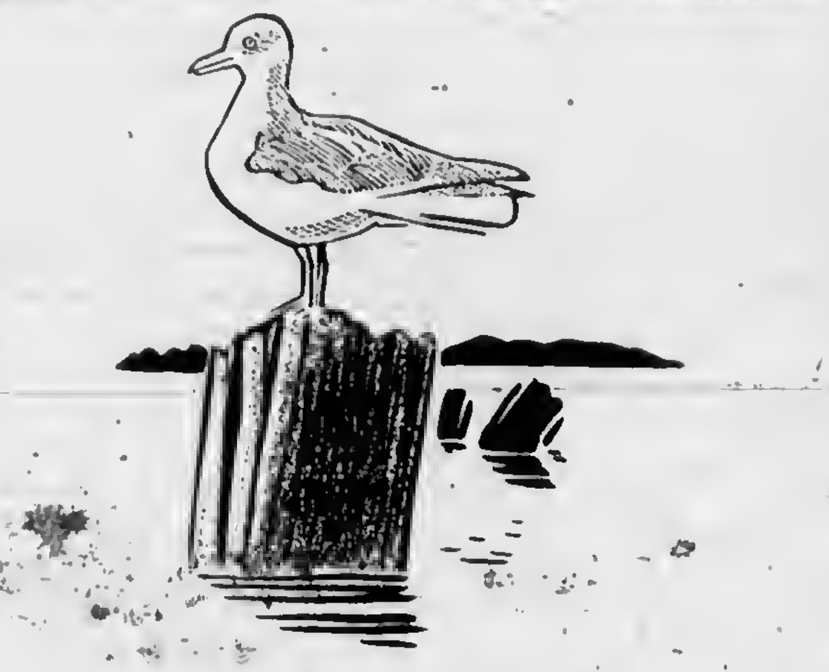
Notes from a northerner's diary

By Harold E. Kohn



Look Back with Gratitude

A few yards off our shore insatiably greedy gulls keep vigil over lustrous shadows where water softly laps the ancient pilings. There the big phantom-like birds keep their silent watch for sign of minnow, perch or bass. Something stirs in the deep. The white form dives; the bladed bill slices through the emerald depths and grips a victim. The bird returns to his roost, and a great stillness settles upon the scene once more.

We have often been asked, "Why don't you have those old pilings removed?" Our answer is always the same: we like them there. And we like them because the perch and the bass like them, because the herring gulls like them, and because they break up the broad expanse of the lake into attractive small pieces. Then there is another reason: the pilings are persistent remnants of the past, tugging on our memories, insistently demanding that the yesteryears be not forgotten. Those pilings were pounded into the bottom of Lake Charlevoix nearly a century ago when the giant white pine were being felled in the North Country. Across the pilings were laid the tracks of railroad spurs, and flatcars heavily loaded with the great boles of white pine were pushed out over the lake. Timber was transferred from flatcars to cargo ships, and from Lake Charlevoix it moved out into Round Lake and then into Lake Michigan and from there to countless ports of the Great Lakes Region.

Oldtimers tell me these railroad spurs were abandoned well over a half-century ago. Now the pilings stand as mute reminders of lumbering days long since gone. They are venerable elements of the past persistently claiming recognition in the present.

Nature is full of present-day reminders of by-gone days. Today's jewels are the greatly compressed and crystallized minerals of eons ago. The insect anatomists tell us that the bee's stinger was once an egg depositor now greatly elaborated. Authorities on reptiles declare that the venom reservoirs in snakes were once salivary glands. As every farmer knows, today's humus is made of yesterday's leaves.

No one can understand the natural world around him or the spiritual life unfolding within him unless he is aware of the durability of the past. Like the unsounded letters in many English words and the superfluous buttons and flaps on men's clothing that once had a functional significance, daily life is a collection of remnants of distant days. If this fact is in some ways bad, it is also in other respects immeasurably good; if it means carrying with us guilty memory of the first deed we were afraid might be discovered, it means too the bright recollection of the first triumph we wanted shouted from the housetops; if it entails the dark remembrance of a dreaded punishment, it also recalls the sparkling praise once spoken that still glimmers through the years to illumine many a glowering day. The past scatters on the present occasional drops of bitter tears and scattered bits of glad laughter, fragments of remorse and little portions of gratitude.

Dostoevsky wrote, "You must know that there is nothing higher and stronger and more wholesome and good for life than some good memory, especially a memory of childhood." We can do nothing better for our children than to fill their days with joys and lessons, deeds and examples worth remembering, and we can do nothing better for ourselves than to recall the faces and influences that have not lost their power to inspire and strengthen us.

Look behind you. Remember the past. Those who advise "Forget the past" seldom mean what they say. Forgetting the past would wipe out all precious memories that support and sustain us in time of testing, memories that temper our foolish pride with humility, that soften the blows of adversity with recollections of former joys, that control wild impulsiveness with reminders of sage advice once kindly given to us. We are repeatedly refreshed and strengthened by memories of the love and care we received as helpless children, the friendships we later formed, the marriage vows taken, the joys of family living, the achievements that have graced our days, the profitable lessons learned from yesterday's mistakes. (George Santayana said in his THE LIFE OF REASON, "Those who cannot remember the past are condemned to repeat it.") The manufacturers of safes remind us in their advertisements that a firm whose records are entirely destroyed by fire will likely be forced to go out of business. Complete forgetfulness would mean spiritual bankruptcy.

Look back with gratitude. As Jean Baptiste Massieu put it in his letter to the Abbe Sicard, "Gratitude is the memory of the heart." Only the very proud and the terribly ignorant attempt to live in the present as if they were self-made and self-contained, and as if the world began with them. The rest of mankind remember that civilization is a collection of heirlooms and memories. We may insist, "I say what I please," but the capacity to say anything at all depends upon an alphabet we had no hand in inventing. Numbers and multiplication tables, laws that spare us from moral anarchy, and even our faith — all the things we cherish most — have come to us without our asking or deserving them. Add to these gifts the work that has been done for us recently by unseen, unacknowledged helpers everywhere — the farmers we shall never meet who raise our food, the dusky laborers in distant lands gathering coffee berries, tea leaves and spices for us, the white-coated researchers scattered in laboratories across the world seeking to make life safer and more comfortable for all of us — and all the other unthanked servants of the common good. Think of them. Remember them with gratitude.

Some anonymous rhymster has written,

"There was a dachshund, once, so long
He hadn't any notion
How long it took to notify
His tail of his emotion;
And so it happened, while his eyes
Were filled with woe and sadness,
His little tail went wagging on
Because of previous gladness!"

Many a person has been kept going by the force of some "previous gladness" kept alive by a good memory.

Look back with gratitude.

Mary Ann Berg Weds Mr. Chew In Community Church of God

Miss Mary Ann Berg became the bride of Vincent A. Chew Saturday evening at the Community Church of God.

Parents of the couple are Mr. and Mrs. Leo G. Berg and Mr. and Mrs. Claire A. Chew of Flint.

The Rev. George L. Majors, pastor of the church, and the Rev. James Diggins of the First Church of God in Flint, officiated at the double ring service before an altar decked with arrangements of white gladioli and lighted tapers. Mauve bows marked the pews for the candlelight service. Mrs. Coy Thomason of Flint played a program of traditional music and the wedding marches and accompanied Mrs. Robert Fiedler, Mrs. Lee Alexander and Miss LeJean Clark, all of Flint who sang "I'll Walk Beside You," "Wedding Prayer" and "Always."

Mr. Berg gave his daughter in marriage. She chose a gown of taffeta for her wedding. The floor length gown featured a fitted bodice, long sleeves and a sabrina neckline edged with a sprinkling of irredescent sequins and seed pearl clusters. Her fingertip veil fell from a crown of seed pearls and sequins. She carried a cascade bouquet of white blossoms centered with a white orchid.

Miss Donna Lea Berg was her sister's maid of honor. Mrs. Gary Vandenberg of Mt. Clemens and Mrs. Alexander of Flint were bridesmaids. They wore identical street length gowns of mauve dotted swiss nylon accented with matching satin bows on the bodice and near the hemline. They carried bouquets of orchid pompoms.

Diana Bartlett, niece of the bride, and Elizabeth Joseph of Colorado Springs, Colo., as junior bridesmaids, wore mauve gowns similar to the other attendants and Debra Ann Bartlett, also a niece of the bride, wore a miniature gown identical to the bride's. They carried miniature bouquets of orchd pompons.

Mr. Thomason assisted the bridegroom as best man. Gerry Wright, of Flint, was groomsman. Donald L. Berg, brother of the bride, and Bruce K. Bartlett Jr., nephew of the bride, were ushers.

Mrs. Berg selected a pink dress and white accessories and a corsage of pink and white pompoms for her daughter's wedding. Mrs. Chew, mother of the bridegroom, wore a navy suit, white accessories and a corsage of white pompoms.

A reception followed at Fellowship hall where bouquets of pink and white peonies and white gladioli decorated the tables and fireplace. The hall was decorated in a pink, white and mauve motif with a canopy of pink and white streamers over the refreshment tables.

The couple left on a wedding trip to the upper peninsula and after June 29 will be at home at 1629 East Hamilton st. in Flint. For traveling the bride changed to a beige suit and beige and white accessories. An orchid corsage complimented her costume.

The bride is a graduate of the Charlevoix high school and Flint Junior College. She is employed at Maas Brothers of Flint. Mr. Chew is a graduate of Flint Central high school and Flint Junior College and is employed at the Michigan Bell Telephone Co.

Wedding guests were present from Wooster, Ohio, Flint, Mt. Clemens, Pontiac and Petoskey.

Deanna Left Honored at Bridal Shower

Deanna Left whose marriage to Bruce J. VanDerveer was an event of Saturday at St. Mary's church was honored at a bridal shower given Thursday at the John Cross home.

Hostesses were Mrs. Cross, Mrs. Paul Steffans, Mrs. Edgar Culbertson and Mrs. John Cross Jr.

Twenty-six guests enjoyed a social evening and refreshments. The honoree was presented with many lovely gifts.

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideway on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are *profiting* by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

Mr. and Mrs. Feiereisel of Chicago, uncle and aunt of the bride, were master and mistress of ceremonies.

Mrs. Left selected a beige and stone embroidered silk dress and stone accessories for her daughter's wedding. Mrs. VanDerveer, mother of the bridegroom, wore a two-tone beige embroidered dress and matching accessories. Corsages of cybidium orchids completed their costumes.

A buffet luncheon and reception followed at St. Mary's school hall. Assisting were Mrs. Sergeant, Mrs. Robert Breitenstein of Boyne City, Mrs. Kenneth Balch Jr. and Mrs. Gerald Left of Mt. Pleasant.

Following a wedding trip to Chicago, the couple will be at home at 206 Lake st., Benton Harbor. For traveling the bride wore a green and white summer suit, white accessories and an orchid corsage.

From the Editor's Desk

The last week in June brings with it a wild rush making ready to serve the summer residents and vacationers who will be with us during the resort season.

* * *

The Cashmere Shop, operated by Mr. and Mrs. Garfield VanDusen of Grand Rapids and Charlevoix opened this week for its 21st season. The shop features women's and men's wearing apparel and accessories. The VanDusens also operate a summer shop at Harbor Springs and a year around store in Grand Rapids. They reside here at their Pine Point cottage during the summer.

* * *

A new shop in the community featuring hand weaving and imported gifts was recently opened by Mrs. Carl Anderson five miles south of Charlevoix on M-66. It operates under the name of "Vastuga" which in Swedish has to do with the art of weaving

* * *

Abe Nahum and his family have returned for the summer season and this week opened the Lee-Mor's Imports shop for the ninth season. The shop features imported linens and a variety of novelties.

* * *

The Shoe Mart, operated by Don Campbell of Campbell's Boot Shop of Charlevoix and Chuck Carey of Cheboygan, opened this last week for its fourth season. It is a cash and carry promotion in which the customer makes his choice and fits himself.

* * *

Chances always look indefinitely small when we sign our name to one of those national prize give-away contests, and, then all of a sudden someone in our midst is announced as a winner. Mrs. Harold Geiken is the most recent local person to get on the award list. Her prize is a Bell and Howell movie camera offered on the Rexall Super Plenamin promotion locally through Central Drug store. Needed, one projector and one movie screen.

* * *

A warning to all candidates for public office — "To any and all candidates who this year are seeking election to a public office, I hereby serve the following notice: I will cast my vote, positively pledge it, for whichever candidates do not promise me a single, solitary 'benefit;' conversely, I will vute against any who promise to improve my lot. I've been improved all I want to be and, by golly, my lot can't afford any more improvement." So states Donald I. Rogers, business editor of the New York Herald-Tribune. This country could get along fine with a million or so more voters with the same views.

* * *

With 11 candidates in the race we should have a sizable increase in the number of votes cast at the annual school election. If each candidate draws five votes there will be one vote more than the total polled last year.

News Round-up at Camp Charlevoix

Saturday dawned bright, sunny and warm for the opening of CAMP CHARLEVOIX for the 35th year, and boys arrived from Texas, New York, Pennsylvania, Missouri, Illinois, Indiana, Ohio, Michigan and Canada. It was a great reunion day as dads who are former campers were bringing their sons and were meeting men who were campers when they were here. Former campers were excited in meeting old friends and new campers were most anxious to look around the camp and see the equipment. The corral with all the horses was a most popular place.

The staff numbers sixty this year and men come from twenty different colleges and from Australia and Scotland. They spent a week together getting acquainted, attending meetings, working together, all in preparation to give our campers a happy and constructive summer.

Saturday evening the traditional annual pillow fights were held amid much excitement and amazement to both the old and the new campers. The results were: Steve Johnson, Moline, Ill. beat Rod Jason, Dearborn, Mich.; Ricky Toncray, Eaton Rapids, won fro Wayne Hause, Decatur, Ill; Tony Goss, Dayton, Ohio, was the winner over Jim Imhoff of Detroit; Tom Bayer of Grosse Pointe beat Scott Smith of Detroit;; Doung Laing of Kalamazoo won from Wally Dyer of Evansville, Ind.; Hal Thurston, Akron, Ohio, beat Tom Perrin, Cincinnati; Jack Reeder, Dayton, won over Steve Steketee of Grand Rapids. Clark Richardson, from Essex, Canada, was the winner over Tom Harden, of Ossian, Ind.; Chris Nyland of Flint won over Dave Roberts, Akron; Martin Johnson, Moiline, Ill. beat Dick Osborn of Grand Rapids; Sandy Coakley of Cleveland beat Dick Mueller, also of Cleveland; John Foley, Grand Rapids, beat Greg Nyland from Flint; Bob Million from Evonsville, Ind. beat Tom Kennedy of Birmingham. The final match of the evening wos a hilarious and exciting match with Cy Pick, our Waterfront Director against "Rebel" Thompson, our Archery Head. This ended in a draw.

Sunday morning dawned bright ond sunny and we all breathed a sigh of relief. Ken Smith was the speaker at the first chapel service. He spoke on "Building a Reputation" and urged the campers to start the season off by doing as asked to do, respect other's property, and above all, make friends by working at being liked. The ushers were Terry Summerfield, Fran Roberts and Fred Robertson. In the afternoon, swim tests were given and all campers were given a physical by our medical dep't. In the evening, the Junior Vespers heard Bud Campbell give them a talk, and the Senior Vespers were taken over by Chuck Hanneman.

The boys are anxious now to get started on their activities and after a brief orientation schedule on Monday, activities will be in full swing on Tuesday.

The camp would like to once more stress the point that parents, grandparents, aunts and uncles should NOT send candy, gum, cookies or money to the boys in camp. This is strictly against the rules. Please cooperate.

Council Approves New Location of City Dump

The problem of where to locate a new city dump, which has been under discussion for some time, was solved Tuesday night when the city entered into a contract with Lawrence Swanson for property to be used as a sanitary land fill.

The action was taken at the regular meeting of the City Council.

The property where the city dump, to be known as a land fill, will be located is approximately .3 mile off US 31 3 miles south of Charlevoix in Norwood township. Under the terms of the contract, Mr. Swanson is to supervise, police and maintain the dump in a clean and sanitary manner and keep it accessible to the public at all times.

The operation will cost the city $4,500 annually to be paid on a monthly basis. Charlevoix, Norwood and Marion townships and the section of Eveline township located west of the South Arm of Lake Charlevoix have been asked to help underwrite the cost of the project.

A notice regarding the date when the new city dump will be opened will appear in the Charlevoix Courier.

In other action, the council approved the transfer of $3,100 from the electric operating fund to the harbor improvement fund. The amount will be used to underwrite the cost of repairs and improvements now being made on the yacht basin by the Porter Construction Co. of East Jordan. The work is being financed by the Michigan Waterways Commission and the city on a matching fund basis.

Approval was given a resolution to close out the sewage contingent and sewage depreciation funds in the amount of $878.88 and place the money in the sewage operating fund.

The bid of the Novak Insurance Agency for a bond for the city treasurer in the amount of $10,000 and blanket bonds for the deputy city treasurer, deputy city clerk and billing clerk for $5,000 each was accepted.

The appointment of Louis Gravelin as police officer at the Belvedere Club without pay was approved.

The problem of a water supply for the new softball field was discussed. It was decided to extend the water line to the field at the earliest convenient time.

The re-location of the city garage was discussed but no decision regarding the issue made.

Bills amounting to $18,925.82 were approved and ordered paid.

Why the School Needs Two Mills

Editors Note — The following explanation of the two mill tax proposal to be voted on at the annual school election Monday is published as a public service for the executive committee of the Charlevoix Parent-Teachers association.

The executive committee of the PTA urges support of the 2 mill tax levy proposal which will appear on the ballot at the forthcoming school election. These 2 mills are needed to cover increased operating costs for one year.

Last year, 8 mills were levied for operating expenses and 5 mills for school debt retirement, or a total of 13 mills, based on State Equalized evaluation. This year the schools are asking 9½ mills for operating expenses and 4 mills for school debt retirement. Thus the total millage increase for all school purposes is only ½ mill over what was levied last year.

One half mill is needed because the county allocated 7½ mills to schools this year, instead of the 8 mills received last year from county taxes. A minimum of 8 mills must be raised in local taxes in order to receive full state aid.

One and one half mills additional for operating expenses are needed this year to cover: increased salaries for teaching and non-teaching personnel; Increased cost of instructional materials and textbooks; increased cost of maintenance and utilities for school buildings; cost of operating the city library in addition to the new Jr.-Sr. high school library; cost of moving the school garage to a new site; cost of improved high school program to come up to recommended standards in offering a modern foreign language, in reducing the number of pupils per teacher in the English department and in providing a guidance program. It is expected that the new Jr.-Sr. High school building will be ready for use by the second semester of the coming school year.

The operating budget for next year is the result of thoughtful planning on the part of the administration and the school board. It is both realistic and conservative. It is less than the average operating cost per pupil in the state. It is approximately the same as the operating budgets for neighboring communities of comparable size. Certain operating costs cannot be reduced. Failure to support the 2 mill tax proposal will necessitate cost cutting where it will effect the quality of the teaching program. It is for this reason that the PTA executive committee recommends a "yes" vote on the 2 mill tax proposal.

Anyone who is 21 years of age, a United States citizen, a resident of Michigan for 6 months and a resident of the Charlevoix school district for 30 days, is eligible to vote in this election. It is not necessary to be a property owner or a registered voter.

Announce Next Day Delivery, 1st Class Mail

Mail service improvements aimed at providing next day first class letter service for the entire lower peninsula of Michigan has been announced by Postmaster General Arthur E. Summerfield.

A month's 'shake-down' period has proved that, barring occasional human errors, all first class letters deposited before 5 p.m. on a business day will be delivered to any destination within the 64 county area on the first delivery trip of the following business day.

The new Lansing-Detroit Metropolitan mailing area which includes nearly all the 801 post offices in the lower peninsula makes possible the next day delivery of first class mail because of the closely integrated timetable which governs the work of the area's postal units and the transportation linking them together.

Lansing is the hub of a gigantic postal transportation wheel. Leading out from this center are transport lines running to "sectional centers" at 11 major cities including Cadillac and Grayling. Post Offices in the area surrounding these centers feed into the latter.

In order to take advantage of the new next day delivery of first class mail, letters and other first class material leave the local post office at 3:30, 4:30 and 5:30 p.m. via varous routes. Airmail letters must be in the local post office no later than 3 p.m. in order to make the best connections for transportation to the destination.

Mail arrives in Charlevoix at 7:45 and 8:20 a.m. and 1:50 and 3:50 p.m. The latter comes from the north.

Patrons are advised that letters posted in boxes located at the corner of Michigan and Dixon avea. on the north side, Bridge st. and Upright ave. on the south side and at boxes in the business district before 5 p.m. are picked up and dispatched at 5:30 p.m. every day but Saturday and the day before a holiday.

Reverend Engler, Full Time Pastor At Lutheran Church

The Rev. Albert Engler will be installed as the first resident Pastor of Bethany Lutheran Church of Charlevoix in a special service of July 10th at 7:30 p.m. The public is invited to attend this Installation service. The Rev. Albert Gehner of Gaylord will deliver the Installation sermon. The Rite of Installation will be performed by the Rev. Charles Boerger, Counselor of the Lutheran Churches in the Alpena Circuit, assisted by the other pastors of the Circuit.

Pastor Engler comes from Kansas City, Missouri. He is a graduate of St. Paul's College, Concordia, Missouri, and last month received his theological diploma from Concordia Theological Seminary, St. Louis, Missouri. He served a year of extern experience at St. Matthew Lutheran Church, Miami, Florida. He is married and has a son, Garlin, 15 months old.

Rev. Engler succeeds Rev. Raymond Essig, who will serve full time at Zion Lutheran church in Petoskey.

Rev. Engler will also serve as pastor of St. Matthew Lutheran Church, Mancelona, but will reside in Charlevoix.

The local congregation has purchased a temporary parsonage which is located at 008 S. Bridge St.

Because of the Installation service to be held on Sunday evening at 7:30 p.m., there will be no morning service at Bethany Lutheran on Sunday.

Three Trustees to Be Elected to Board

The taxpayers of the Charlevoix school district will be asked to give their approval to an additional two mill tax levy to be used for operational costs at the annual school election scheduled for Monday

At the same election all voters of the school district will elect two trustees for terms of four years each and one trustee for three years.

The additional two mills will bring the total assessment for school purposes to 13½ mills on the state equalized valuation. This is an increase of one-half mill over the assessment last year which will be needed to meet the 1980-61 budget of $310,000. Thirteen and a half mills will amount to an increase of approximately $1.45 per $1,000 assessed valuation over the amount paid for the schools last year.

In explaining the need for the extra millage, Robert G. Lieberman, president of the board of education, said it was necessary to vote one-half mill for use by the schools if the Charlevoix school district is to receive maximum state aid.

It will be remembered that schools must receive a full eight mills in county taxes if they are to be eligible for full participation in the state aid program. The schools in the Charlevoix school district received only 7½ mills when county tax millage was allocated in May.

In the event the millage proposal is not approved and the full eight mills obtained, the school district stands to lose 1/18 of the total state aid it would otherwise obtain.

In addition to the need for the extra one-half mill mentioned above, the remaining 1.5 mills is necessary to underwrite the salary increases of both teaching and non-teaching personnel; to pay for instructional materials; the cost of re-locating the bus garage and for utilities for the new junior-senior high school now under construction.

Included in the operational cost of the school are books which are furnished for all students and which are purchased with school tax monies. These books cost approximately $22.33 for the early elementary grades through the fourth grade excluding the kindergarten. A spot check of the other grades reveals that books for a seventh grade student cost $14.85 and for a tenth grade student $16.92, according to figures made available through the Charlevoix public school. These figures are for text books alone and do not include music, shop, drawing, homemaking and commercial supplies, laboratory expenses or instructional materials.

The extra millage requested would cost the average taxpayer far less than books for his children, as the above figures show, if the school was to discontinue furnishing books for all students.

In conclusion, Mr. Lieberman added that the millage allocated to the schools in Charlevoix county is less than the average thruout the state. Despite this, the school district pays for textbooks and for the cost of operating the public library.

Only taxpayers may vote on the millage issue. All voters may cast their ballots for their choice of candidates for the two four-year terms and one three-year term for the board of education.

They are John Barkdoll, Burr Blanchard, William Carey, E. Darrell Dinwiddle, Ralph S. Hamilton and Frank Olecksy, candidates for the two four year offices and Theodore E. Browe, James E. Pettis, Ervin Racignol and Clarence H. Smith seeking election to the three year term.

Polls at the school will be open from 10 a.m. to 8 p.m. for the election.

The annual meeting will follow in the high school band room at 8 p.m.

Find Error in Population Count At East Jordan

East Jordan's population increased by 110 persons over the last 10 years for a total of 1,889 instead of a decrease of 642 as reported earlier by the regional office of the Census Bureau in Detroit.

The error in the population figures as a result of the 1980 census came to light after Mayor E. James Hiller of Charlevoix, asked for the results of the census in the communities in the county at the request of the Charlevoix Courier, which printed the figures in its June 18 issue.

Following publication of the story in the Courier, East Jordan officials challenged the figures after a survey revealed an increased number of students, property owners and registered voters in the community.

John E. Tharal[illegible]on, regional field director of the Census Bureau's regional office in Detroit, said the error had been made in the district office.

Had East Jordan officials not challenged the figures, they would have lost approximately $15,000 annually in sales tax monies which are allocated on a population basis.

East Jordan and Boyne Falls were in the only communities in the county to record increases in their population. Charlevoix showed a loss of 13 for 2,682 and Boyne City a loss of 258 persons for a population of 2,770. Boyne Falls' population nearly doubled in the 10-year period. Its 1960 population figure is listed at 424. The population in the county's 15 townships increased from 5,717 to 6,145 persons.

Who, Me?

The success or failure of a community's industrial development program depends on the wholehearted cooperation of all its citizens. EVERY person in the community has a part to play.

"Who, Me?" — you may ask. The answer is a resounding "Yes!!!"

A careless remark about an industry and its management could make them feel they are not appreciated by the community.

An unkind word about our town to an industrial prospect — without realizing he might be thinking about establishing a plant here — could cause him to decide to go elsewhere.

On the other hand, a few words of appreciation about local industry might help to influence a later decision to expand that industry locally, rather than establish a new plant in another city or state.

An expression of pride in our town to an inquiring stranger might make him feel here is a good place to live and work. The stranger might be looking over our town as a possible location for his firm's new plant.

Yes, YOU are a vital link in your community's hopes to grow and prosper by getting new industry and encouraging present industry to expand.

The role played by each person in the community's industrial development program is the theme of an advertisement entitled "Who, Me?" which appears in the Courier today.

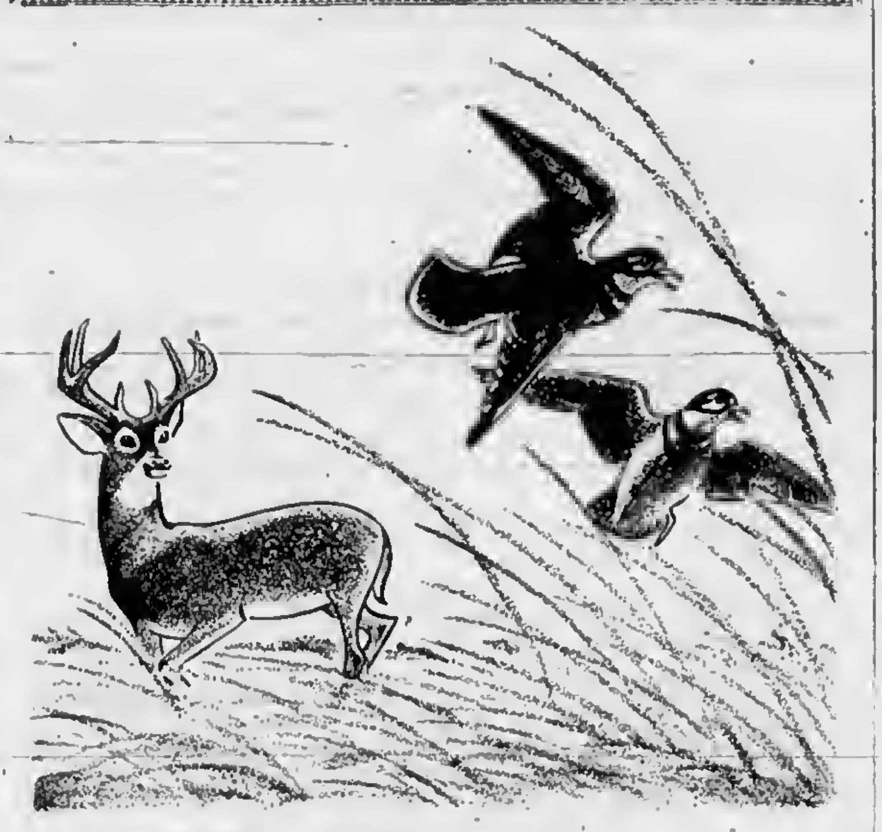
Notes from a northerner's diary

By Harold E. Kohn



Vexation and Victories

The sentimental nature lover who makes all his observations through the window of a cozy cottage or gets them all from books he reads in bed, and who would not know a horse chestnut from a chestnut horse, thinks of the creatures of forest and field as living lives of uninterrupted tranquility. They don't. Instead, nature is a realm of frustrating interferences. The earthworm must abruptly end his banqueting to shy away from the robin, and the robin's meal of earthworm is interrupted by the sudden appearance of a cat, while the cat must abandon his pursuit of the robin because a bird-loving boy dashes upon the scene with sticks and stones aimed at the marauding feline. The lad's heroic endeavors to save a bird are hampered by his mother's insistent demand that he come home to dinner "and right this minute," and the peace of a family meal will likely be thwarted by a telephone call, a knock on the door or an outbreak of disagreement among the children. Unbroken peace is a fiction dreamed up by arm-chair naturalists.

No earthly scene is quieter than the rim of a secluded lake at sunset-time on a summer's day. Even the sounds underline and emphasize the silences: water singing to itself in the near-distance, breezes humming soft lullabies to the long sweet grasses and gently swaying sedges, the faint questioning call notes of marsh-dwelling birds, the mysterious elfin chirps of drowsy insects and frogs. Then a gem-eyed deer emerges from a shadow-splashed forest trail. He glimpses the sifted-powder-blue of the distant lake, sniffs the fragrant evening air for sign of foe, and then makes his determined way through waving sedges to quench his thirst. Suddenly the tranquillity of evening is torn on the sharp cries of killdeer rising wth shrieks of terror out of all proportion to their fear. On the water-soaked lake edge these plovers have been quietly searching for their evening meal of insects, earthworms and snails. Now the great antlered animal from the woods has interrupted their dining, and shrill screams of mingled fear and frustration are loud and grievous enough to signify the end of their world. But in mere moments the startled birds alight at another feeding place. They resume their foraging, wholly forgetful of the deer's interference. And the frightening and frightened animal that shattered their peace of mind, and who was himself alarmed by the bird's chilling cry, then breasts his way through the sedges as he moves toward the refreshing waters.

Countless times every day of their lives the whitetail deer and the killdeer plovers will be interrupted while feeding or resting, or while bound on such missions as only deer and plovers know. Timidity, caution and fear make them and their wild neighbors apprehensive concerning every hidden sound and all foreign noises. Besides, they are subject to accidents, hurts and diseases that immobilize them for hours or days. The larger creatures pursue the smaller and the fiercer the more timid upon which they must feed to maintain themselves, and the larger and fiercer are preyed upon by men. All the more intelligent and alert creatures are involved in moments of terror. Yet, in spite of all the frustrating interferences with their routines and desires, the prevailing tone of experience in nature seems to be that of busy enjoyment. Purposes are postponed, and in every marsh and thicket, in every forest and field there arise cries of frustration. But the pursuit of purpose is soon resumed. Persistence in the face of interference is a keynote in nature.

Man is not always as wise in dealing with interruptions as are his "dumb animal" brethren. Sometimes interferences with routine and plans make him fretful and resentful. He has been fed on a pseudo-psychology that equates successful living with a tensionless existence. The unruffled life is his ideal. Fate and God should protect him from bafflement and broken plans. But no one travels far in life's brief sojourn before he comes upon irritating delays and hindering detours. The pursuit of his own aims and "rights" are frustrated by someone else's ambitions. His own needs conflict with another's needs. He must wait awhile. Or illness, tragedy, bereavement, or the economic or moral failure of someone dear to him may compel him to change his plans for the time being or for good. Whatever the intervention may be, it is a test of a person's character and his ingenuity. Does he give up, imbittered and completely unnerved? Is the cloud of an hour or a day or a year permitted to overshadow all his future? Is a moment's fright prolonged into a lifetime of anxiety or a temporary frustration converted into perpetual aggravation? Is every momentary irritation given the importance of a permanent defeat? Nature "knows better" with an intelligence and wisdom that is illustrated everywhere. A plover's fear is real, but brief. A deer's fright is genuine but of short duration. A forest fire is stark tragedy in nature, but redemptive creative forces in time will convert the seared and blistered earth to graceful second-growth birches, poplar and pine. There is a Grace at work in the world that sees that the worst is but an interruption of the best; that forest fires are not the final word and do not spell the end to the earth's greenness; that the coming of a single evening does not forever extinguish the light of day; that Egyptian bondage is not the whole story of Isreal; that a cross is not the end of Christ.

When we are at our best we practice this deep wisdom God has built into His universe, the power to handle interruptions hopefully and creatively. See what Jesus did with interruptions! His creative and redemptive manner of handling life enabled Him to recognize in His interruptions splendid opportunities for accomplishing good. When mothers brought infants to Jesus for the blessings of His attention and His touch, the disciples attempted to interfere. Jesus had no time for little children; only grown-ups deserved His time and concern — so the disciples thought. This interruption Jesus used to teach all who would listen that the directness, openness, trustfulness, and unsophisticated simplicity of little children are the required spiritual traits of all who belong to God: "Let children come to me. Do not prevent them. The Kingdom of God belongs to the child-like."

When a religious leader interrupted Jesus while he was giving comfort and healing to the sick and denounced the Master for healing a terribly crippled, utterly wretched woman on the Sabbath, Jesus used the occasion to show that human need rather than narrow ecclesiastical ordinances should have priority in the minds of God's people.

Jesus' periods of solitude and prayer were rudely violated by the clamor of the crowds and the cry of his friends, "Everyone is looking for you!" Far from being irritated and angry, the Master responded to such interference with compassion and understanding. He was needed. There was something He could do — some light He could shed in darkness, some burden He could lift, some disease of soul or body He could heal, some word from God He could speak. Don Herold has said, "Interruptions are the spice of life." They can give life a higher flavor. Read the Gospels with an eye to the frustrating interferences and hindrances that broke into the Master's plans. See how he converted all vexations into victories, all obstructions into opportunities, all stumbling blocks into stepping stones.

Much as Columbus, hoping to reach India by sailing westward, bumped into and discovered America instead, so Christ's unsought interruptions became new worlds of adventure in teaching and redemption.

May you be granted His power to convert vexation into victory.

Mr. and Mrs. Robert E. Richards Will Live in Springfield, Mo.

Mr. and Mrs. Robert E. Richards will make their home at 2300 E. Division ave. in Springfield, Mo., following a wedding trip to Branson resort in southern Missouri.

The couple was married at the First Methodist church in Springfield, Mo., Thursday evening, June 23.

The bride is the former Virginia Smothers, daughter of Mr. Marie Smothers and Mr. Bruxie Smothers of Springfield. Mr. and Mrs. Robert S. Richards of this city are the parents of the bridegroom.

The Rev. Williaw Spindler officiated at the double ring service in the presence of more than 100 guests. Arrangements of white gladioli and majestic daisies formed a setting for the ceremony. Paul Shelton sang "Through the Years" and "Whither Thou Goest" accompanied at the organ by Kathleen Davis who also played a program of traditional wedding music and the wedding marches.

Given in marriage by her father, the bride chose a gown of white nylon chiffon and lace for her wedding. Fashioned with a fitted lace bodice, sweetheart neckline and cap sleeves, the gown featured a bouffant skirt and a crushed cummerbund highlighted by a back drape. Her bridal bouquet was of pink rosebuds.

Mrs. Jerry Smothers of Springfield, sister-in-law of the bride, as matron of honor wore a street length gown of turquoise trimmed with lace.

Mrs. Joyce Hembree and Mrs. Gordon Davis as bridesmaids and Sandra Robberson, as junior bridesmaid, wore yellow gowns identical to the honor attendant's. They carried colonial bouquets.

Vicky Davis, as flower girl, wore a turquoise gown and also carried a colonial bouquet.

Mr. Davis assisted the bridegroom as best man. Delmer Hight and Jerry Smothers, brother of the bride, seated the guests. The attendants were all of Springfield.

Mrs. Smothers selected a pink sheath dress and white accessories for her daughter's wedding. Mrs. Richards, mother of the bridegroom, wore a powder blue lace dress, matching hat and white accessories. Corsages of white orchids complimented their costumes.

A reception followed in the church parlors.

For traveling on their wedding trip, the bride wore an embroidered brown sheath dress and beige accessories. Her corsage was of pink roses.

The bride attended Drury College and is presently employed at KWTO, radio and television station in Springfield. Mr. Richards is a graduate of the Charlevoix high school and Rochester, N. Y., Institute of Technology. He is employed as a cost estimator at the Inland Printing Co. of Springfield.

A rehearsal dinner at the Colonial Dinner House was hosted by the bridegroom's parents, Mr. and Mrs. Robert S. Richards of Charlevoix.

Also attending the wedding were the bridegroom's brother-in-law and sister, Mr. and Mrs. Walter W. Apple of Kalamazoo.

Betrothed

Mr. and Mrs. Frank E. Fitzsimons of Grosse Pointe and Charlevoix have announced the engagement of their daughter, Janette Grace to Richard Alan Dilley.

The prospective bridegroom is the son of Mr. and Mrs. Varnum Dilley of Lacota, Michigan.

The wedding will be an event of August 13 at St. Mary's church here.

Miss Fitzsimons is a graduate of Butler University in Indianapolis where she was a member of Kappa Kappa Gamma.

Mr. Dilley received his BS and MS degrees from Michigan State University where he was a member of Alpha Gamma Rho. He is presently enrolled in the graduate school at Purdue University.

Former Pastor Cites Causes of Church Dilemma

America's increasing suburban population and the rapid migration of the population to specific rural areas is creating a demand for new churches and more ministers, according to Rev. Lloyd Schloop, former pastor of the Charlevoix Methodist church as reported in the Jackson (Mich.) Citizen Patriot.

Rev. Schloop pointed out that many church denominations are unable to meet this demand. He stated that Methodist churches alone need 1200 new ministers each year while the Methodist seminaries are supplying only 800 graduates yearly.

Mr. Schloop said that Michigan conference has attacked the problem through the establishment of a seminary loan fund which is designed to encourage students to finish seminary. The Albion-Lansing district, which includes Jackson, is in the process of starting a fund to aid in the construction of new church units in the district.

Rev. Schloop came to Charlevoix in 1952 and was pastor here for 5½ years before accepting a pastorate at Haven Methodist church of Jackson.

The Dan Peters' Hold Open House

Mr. and Mrs. Dan Peters celebrated their silver wedding anniversary at an open house held Sunday at their home at 211 W. Upright ave.

Many relatives and friends called during the afternoon. Refreshments were served from a table centered with an anniversary cake and decorated with arrangements of peonies.

Mr. and Mrs. Peters were married here June 26, 1935, and have always lived here.

Mr. Peters is a native of Boyne Falls and has lived here since 1928. Mrs. Peters, the former Elizabeth Smith, was born at East Jordan and lived at Alden before coming here in 1929.

The couple has three children, Clarence of St. Petersburg, Fla., Mrs. John Smith of Reed City and Evelyn at home. They also have one grandson.

News Round-up at Camp Charlevoix

The first week of the 35th season of CAMP CHARLEVOIX started off with the campers going from activity ta activity to get an idea of the many things the camp offers. It also helped introduce the men to the boys, and the campers enjoyed seeing what each activity offered.

On Wednesday, the boys elected their Green and Grey leaders. The entire camp is divided equally into Green and Grey so that all competition is the Greens against the Greys. At the end of the season, the winning team is given a banquet by the losers. For the last 30 years the score is now—Greens 16 - Greys 14, and the campers are always most interested to see their teams name carved into the log. The campers chose: Junior Greens, Walter Russell, Capt. with Dan Hall and Lee Beckman, as Lieutenants; Junior Greys, Kerry Sawyer, Capt. with Dan Noyes and Steve Steketee as Lieutenants; Intermediate Greens, Bruce Nyland as Capt. with Don Strutz and Sandy Coakley as Lieutenants; Intermediate Greys, Dean MacVicar, Capt.; with Lieutenants Steve Martin and John Fraim; Senior Green Capt. Tom Kennedy with Mike Grass and John Kunkel os his Lieutenants. The Senior Greys elected John Donaldson as Capt. with John Baird and Jon Steffensen as his Lieutenants. Now the teams are ready to roll and the first Green-Grey event will be on the Fourth of July with a track meet.

Also on Wednesday, Dick Thompson "Rebel," took his cabin 19 boys on a day horseback trip. These boys were: Dick Daley, Grant Washburn, John Varonoff, Charlie Sullivan, Chris Nyland, Dave Roberts and Jim Harper. In the evening, the entire camp saw a movie "Billy, The Kid" which was thoroughly enjoyed. The short subject along with this was a W. C. Field's one, and the laughter rang loud and long.

On Thursday, cabin 13 with Mike Bazany took a horseback trip to Mt. McSauba. These boys were, Walton Silver, Steve Martin, Peter Renchard, Tim Calvin, Robert Hamburger, Bob Logan, Jim Casey and Nick Noyes. They reported as having had a great ride. The weather thus far has been delightful, warm sunny days with cool nights.

Friday was a day of trips, several cabins going out of camp for meals and overnights. Kerm Krieger and Randy Roberts took Cabin 1 and Don Stephen and Neal Perry took cabin 2 on a supper hike over to Susan Lake. These boys were: Reade Robertson, Laurie Bielfield, Steven Johnson, David Hayden, Rod Jason, Oliver Jansen, Walter Russell, Scott Smith, Eric George, Eddie Robertson, Paul Kirwin, Bill Fraim and Tom Bayer. The oldest boys in camp, cabin 21, took a horseback overnight trip with their counsellor Dave Lean, our Austrailian Counsellor, who was on the Olympic Team for Britain in 1956. These boys were: Mike Grass, Tom Kennedy, Art Brown, Dick Steudel, Russ Anderson, John Donaldson and Bob Million. Cabin 18, took an overnight to Fisherman's Island, the counsellor in charge of these boys was Chuck Stebbins and the boys were Bob Hickam, John Deane, Terry Cowhey, John Rotz, Barry Brown, Bill Green and Richard Flaningam. Bill Harris took his boys down to the State Park at Eastport for an overnight, and the boys on this trip were Russell Washburn, Leland Shaeffer, Jimmy Cowhey, Jim Sweet, John Foley, David Arndt, Greg Nyland and Mike Parsell.

On Saturday the regular activities took place and in the evening, due to a threatening rain storm, we cancelled the Opening Initiation Council Fire and the boys saw a movie "Mr. Universe."

On Sunday morning, Bill Townsen, Director of Activities, was the chapel speaker and gave a very inspiring talk on "Personality." The scriptures were read by Joe Turner and Riney Robertson, while the ushers were Oliver Janson and Laurie Bielfield. The afternoon was given over to athletics and sailing. Our first sailing race of the season was held with Page Henderson, Tony Goss and Tom Perrin winning the event, with second place going to John Kunkel, third place to Mike Grass.

On Sunday evening, Bud Campbell was the speaker for the Junior Vespers and Bill Harris the speaker for the Senior Vespers, speaking on "Patience."

The entire camp is looking forward to a Glorious Fourth when the cooks prepare a BIG BEEF on a spit over a charcoal fire out along the shore and have a real buffet supper. The campers are eager for the fireworks display when it gets dark, and each camper will be given a box of sparklers.

The camp carnival will be held on Saturday, July 16th. Parents and friends are invited to attend this event which raises money for charity.

Softball Results

Freedman, behind the strong pitching of Bob Klooster, moved out in front in the City softball race. Klooster has been getting better every game. He opened the season by hurling a three-hitter against the Inn. Against American Mold he allowed only two safeties. Then he hit his peak against Ellsworth by pitching a shut-out no-hitter. Klooster was backed up in his no-hit effort by some lusty hitting as the league leaders blasted out ten hits and scored seven runs.

The City Merchants picked up two wins to move into second place in the league. They defeated Ellsworth 5-3, coming from behind in the fifth inning. Both the Merchant's Davenport and Ellsworth's Klooster allowed five hits. In a wild and wooly contest the Merchants picked up win number two with a 10-5 victory. The winners scored six times in the last two innings to cinch the victory. Don Kelly led the winners with two hits as did the Inn's Jim Ladd and Perry Smith.

American Mold lost its second game in a row as Freedman scored in every inning for 10-1 win. Roger Towsley led the attack with a single and a double. Ken Wojan had a double in a losing cause.

MINUTES OF SCHOOL BOARD MEETING

June 6, 1960

Present: Martin, Lieberman, Boss, Smith, Bennett, Supt. Absent: Freedman.

The meeting was called to order at 8 p.m.

Minutes of the meeting of May 16 were read and approved.

It was moved by Martin and supported by Boss that bills in the amount of $8,196.12, payable from General Fund, be approved and ordered paid. Motion carried: 4-0.

Moved by Boss and supported by Martin that bills in the amount of $10,234.76, payable from Building & Slte Fund, be approved and ordered paid. Carried: 4-0.

Moved by Martin, supported by Smith, that the salary for assistant coaching in football and basketball for Terry Rice be increased by $50 for each sport. Carried: 4-0.

Max Novak, representing the professional problems committee, appeared and expressed the appreciation of the teachers for the consideration and courtesy given to that committee and its request.

Dr. Martin was called away.

It was moved by Boss and supported by Smith that Change Order No. 4, to the Davis Electric contract, calling for additional under-floor duct work in Room No. 47 of Building "A", for total of $402.00 be approved. Carried: 3-0.

Dr. Martin re-entered the meeting.

Richard Greenless, representing the architect, met with the Board and made his report concerning the new high school building. The Progress Report of the general contractor, Wallace N. Bjorklund, was found highly unsatisfactory to the Board and to the architects, and it was decided that approval of the current certificate of payment be delayed until a special meeting of the Board to be held next Monday, June 13.

Considerable time was spent discussing advisable change procedure due to the placing of "B" building some 3 feet 2 inches further to the East than was originally planned. This matter was left for the special meeting to follow, at which Mr. Bjorklund will be asked to meet with the Board.

It was suggested to Mr. Bennett that he ask for bids for a foundation for the bus garage when moved to the recently acquired property on May street. Also, plans were discussed for the dismantling and moving of the garage.

Upon the filing of a proposal by Steve Davis of Monroe, Michigan, for the establishment of an art school in the so-called North Side school building, it was moved by Smith, supported by Boss, that Mr. Bennett be authorized to offer the rental of said building — with what facilities it has — for the summer season, or up to Labor Day, for the sum of $200.00. Carried: 4-0.

Candidates for a maintenance position for the coming year were considered, but no action taken.

It was moved by Smith and supported by Martin that Mrs. Carolyn Klooster be hired as a teacher for the coming school year 1960-61, at the third step on the salary schedule.

Motion carried: 4-0.

The meeting adjourned at 11:10 p.m.

MINUTES OF SPECIAL MEETING OF BOARD

June 13, 1960

Present: Lieberman, Martin, Smith, Bennett, Supt. Absent: Freedman and Boss.

The meeting was called to order at 7:25 p.m.

Inasmuch as this special meeting was called for the purpose of discussing the new high school building project, both Mr. Cornwell the architect and Mr. Bjorklund the contractor were present.

Alternate plans and changes to meet the position of "B" building, as it differs from the original plan, were considered. Three suggested modifications were presented by Mr. Cornwell. On motion of Smith, supported by Martin, Mr. Cornwell was instructed to prepare a Change Order, including that plan which would provide for no structural changes in the "B" building except a small vestibule and its included details, this plan to be submitted to the Department of Public Instruction for approval and the Change Order submitted at the next regular Board meeting: Motion carried: 3-0.

Mr. Cornwell was requested to discuss with Mr. Norman Ance, attorney, the details of the General Contract as affected by the above change, and also the request for an extension of date for—completion to January 15, 1961—this also to be presented at the next meeting.

It was moved by Smith, supported by Martin, that approval be given Change Order No. 1 on the Post Fixture Co. contract, for Item No, 30 — substituting a Hobart Type AM-7 dishwasher with disposer and spray rinse, in lieu of 3-compartment sink as originally specified, involving an additional expenditure of $2,307.50. Carried: 3-0.

Moved by Martin and supported by Smith that Certificate No. 8 for payment of $20,899.80 to Wallaee N. Bjorklund, general contractor, be approved. Carried: 3-0.

The meeting adjourned at 10 p.m.

JULY
IN MICHIGAN
By Harold E. Kohn

June is spent and now arrives July, the month of the burning sun, the days of browning grasses, and hot afternoons when drowsy bees and shrubs dream thirstily of last April's lullabies of rain.

We accept brazen skies, summer heat, whirling dust, droning bees, cicadas' songs, sun-freckled faces and tanned backs as the perennial accompaniments of July. But not every summer season brings summer weather. In the year 1816 summer hardly came at all. The shivering Yankees called that year "Eighteen-hundred-and-Froze-to-Death." As far south as the Potomac and Ohio Rivers, frost or snow occurred every month of the year, and in Norfolk Virginia, ice formed on the sixteenth day of May.

In New England farmers did their spring planting dressed in heavy overcoats, mittens and ear muffs. A hard freeze hit the New England states in June, and aix inches of snow accompanied the chilly blast. Five inches of snow fell in Pennsylvania. Across the eastern states lambs were killed by the unseasonable weather. Countless migrant birds and their young perished. Vegetables were "winter-killed."

While a three-day respite occurred in Massachusetts late in June with torrid temperatures reaching 101 degrees, by July 4th farmers were again dressed in winter clothing, and in August New England corn was killed by a numbing cold wave. The scarcity of corn brought with it a dearth of pork. Salt mackerel became so widely used as a pork-substitute that 1816 became known as "The Mackeral Year" as well as "Eighteen-hundred-and-Froze-to-Death."

What caused the " Year Without a Summer?" No one knows. But scientists have guessed that the blame might reat upon dust from the spectacular volcanic explosions of 1815 in the Dutch East Indies. For months dust hung suspended in the skiea, cutting off the aun's rays and its beneficent warmth, and permitting the natural cold of the earth to overwhelm the country.

America's Middle West benefited from "The Year without a Summer." Destitute, discouraged New England farmers began the great 1817 migration westward that swelled tha population of the Great Lakes Region and beyond.

* * *

Summer is the season when insects are most plentiful. For the most part, man is not fond of his six-legged neighbors. Mosquitoes and flies are to be swatted and ants to be poisoned. As pestiferous as they can be, however, insects are also fascinating creatures. They come in all manner of sizes and shapes, as small as a mere one-hundredth of an inch in length and as large as mice. Some are skillful manufacturers and processors as are the bees and the paper making wasps.

Others are accomplished engineers and craftsmen like the tunneling termites and the silk weaving silkworms. There are musicians among the insects — crickets and cicadas. Some insects are servants in the world's sanitation department, helping to keep the good earth clean. Among such are the scarab beetle and the dung beetle.

Many of the creatures we appreciate the most are kept alive by the creatures we like the least. Some song birds depend upon insects as their basic aource of food. A large proportion of the diet of our fresh-water game fishes is supplied by our six-legged wild neighbors.

We owe much to those insects that assist gardeners and fruit-growers in supplying mankind with food by specializing in the cross-pollination of plants.

Insects may possess the secret of a substance more useful than plastic — to be used in the manufactured goods of the next century. One of the strongest substances in the world is chitin, the material that forms the outer covering of insects. It is strong, but light, and wear-resisting. It is the stuff that forms the keen lancet of the mosquito and the bright orange-red armor of the ladybug beetle. Probably no man-made material could, without lubrication, withstand the thirty million to fifty million rasping movements that a katydid's wings rubbing together must endure in a single summer. Once chitin is analyzed and a way is found of duplicating its many excellent qualities, another industrial revolution, comparable to the advent of plastics, may be in the making.

The course of history has been affected or changed by insects. The carrier of the plague, a small flea, stopped Napoleon Bonaparte's Egyptian Campaign, preventing the French from dominating the Middle East. During the Spanish American War, more casualties were caused by mosquitoes than by cannon bullets. The same mosquito prevented the French from completing the Panama Canal and gave the job to Americans. (The French were aaid to have lost one man to mosquitoes-carried malaria for every crosstie laid on the Panama Railroad.)

Gradually modern man is learning how to repulse the assaults some insects make upon his person, his health and his property, and maybe — just maybe —in the dim, far-off future, insects will not be "unbearable pests" but will be commonly regarded as acquaintances fully as interesting and harmless — as Neighbor Raccoon or Neighbor White-tailed Deer.

* * *

SOME THINGS TO LOOK FOR THE FIRST DAYS OF JULY:

* As you take summer walks in forest and meadow, notice the vast difference in the light requirements of various species of trees. White birches, for example, are most likely to be found at the edge of lakes and streams and on the rim of the meadows because white birch seedlings are naturally thirsty for sunlight. Without a plentiful supply they will shrivel and die. But sugar maple and beech trees will survive in the shadow of other trees as will the hemlock.

* Notice the difference in temperature and humidity between a meadow and an adjoining orchard or woods on a hot July day. There is a reason for it: it is estimated that an orchard of forty mature apply trees, for example, will be equipped with about one hundred thousand leaves apiece. Through an efficient "pumping" mechanism, these forty trees will lift from the earth toward th leaves about sixteen tons of water a day, or about four gallons per tree per hour, and much of this water is transpired into the surrounding air. It is the cooling effect of such transpiration that refreshes as you rest against an apple tree on a hot July afternoon.

* Take a small patch of earth near your house, say ten-by-ten feet square, and visit it twice a day, morning and evening, attempting to identify every plant you find there. If you are observant, you will often be stumped for an answer to the questions that rise in your mind, for the best naturalists do not know everything about anything and are especially ignorant about the miracles transpiring nearby. A plant specialist recently wrote of how widely known university botanists and plant recorders who can identify rare plants from far-off places often are mystified as to the classification of familiar plants in their doorway or at a neighborhood rubbish heap.

State Garden Club Convention Closes With Awards Luncheon

Delegates to the twenty-ninth annual convention of the Federated Garden Clubs of Michigan heard Dr. T. Edgar Musselman of Quincey, Ill., and a summer resident at the Sequanota Club, speak on the subject of "Human Qualities in Birds and Plants" at the Awards luncheon at the Beach Hotel Wednesday which closed the three-day conference.

He told the more than 300 members assembled for the meeting that they must give some thought to the conservation of wild birds, flowers and plants as well as conservation of forests, land, water. He cited as an example, passenger pigeon, now extinct, which once inhabited this section of Michigan by the thousands and whch were destroyed by ruthless residents who used them for food for their animals.

He urged that they recommend conservation of wildlife of all kind so that future generations will not say "Why didn't you save some for us?"

He then outlined the wonders of wildlife and how it fits into nature's scheme of things.

Speaking on birds, he said that if one studies them and their habits, one can find romance, comedy and tragedy among them as among humans.

He concluded his delightful talk on a serious note by again urging the conservation of birds, flowers and plants which do so much to beautify the world and brighten the days of all who observe them.

Awards were presented to various clubs for their activities with Junior Garden clubs, Program Year Books, Civic Appreciation, and Flower shows. The Charlevoix club placed second for their year books which were designed by Mrs. Earl A. Young.

The slate of officers headed by Mrs. Donald Coulton of Detroit will serve another year of their two-year term of office.

Mrs. F. O. Barden of Spring Lake was elected to fill out the unexpired term of Mrs. Earl M. Wright of Holland as District 4 director.

Elected to the board of directors for terms of three years were Mrs. E. R. Bryant of Dearborn, Mrs. R. Lee Gilbert of Saginaw and Mrs. C. L. Triphagen of Lansing.

The 1961 convention will be held in Saginaw.

Mrs. T. R. Miller, president of the host club, and Mrs. Malcolm MacDowell, convention chairman, have expressed their gratitude to all who helped make the convention a success. They especially would like to thank the Charlevoix City Band, the Charlevoices, the local industries and merchants who donated favors, the local florists, those residents who donated the use of the cruisers including the Marshall Ackers, the Harry Collinses, the James Hiltons, the Lyle Ances, the Karl Erbers and the Ralph Hesses. Mr. and Mrs. Arlo Wickershams for opening their home and garden to the group, the MacDowells for opening their home for a tea, the Polly Kay shop and their models and the pages, Teri Freedman, Ann Hawley, Judy Walker and Karen Neff.

His son-in-law and daughter, Mr. and Mrs. Robert Olson RR 1 who initiated a search for him when they failed to find him in his home and when they found the Saturday edition of a newspaper in the mail box, found the body. City police officer Kenneth Swset was called at 5:30 p.m. He immediately asked for assistance from the city's volunteer fire department in raising the debris to remove the body.

Coroner Dr. Robert G. Martin said Mr. Dvoracek was crushed to death when the barn collapsed on him and that he had been dead since Friday afternoon or early Saturday.

The property where the barn is located was sold recently. Mr. Dvoracek had decided to tear the building down although his sons had warned him of the danger of the building collapsing.

Annual Venetian Festival Program Gets Underway

Plans that have been in the formative stage are now beginning to materialize as committees complete their respective duties in preparation for the annual Venetian Festival scheduled for July 30 and 31.

Ralph Gillam, chairman of the program committee, said Wednesday that his committee had a variety of plans that will include a street parade at 10 a.m. Saturday morning to launch the festival. Ralph V. Hess Jr. is general chairman of the parade and will accept entries in the event.

Entertainment planned to please all age groups will be presented during the afternoon beginning with a doll, pet and dress-up parade in East Park for the youngsters of the community. Entry blanks for this will be available next week.

A horse-pulling contest will also be staged for the adults. This is a new event and Mr. Gillam said that a great deal of interest had been shown in it.

A program of competitive games for youngsters of all ages is being planned by Mrs. Alfred Scheid, chairman of the event.

On Saturday evening there will be a program in East Park where candidates for the title of Venetian Queen will be introduced. This will be followed by a street dance and a Western Square Dance round-up on State St.

Tentative plans for a soap box derby Sunday afternoon have also been made. More information on this will be available shortly. Possible entries, however, are urged to complete their soap-boxes in preparation for the event.

Beginning at noon Sunday, there will be a program of events in East Park climaxed by the formal program at the Park Stage where the Venetian Queen and her court will be presented.

The Venetian Boat Parade with Bob Hamilton as parade marshall will be held as darkness falls under a sky, bright with fireworks which promises to be the finest in recent years.

Entries in the boat parade with cash prizes for the winners are being accepted at the Chamber of Commerce building.

Directors Review Year's Activities Of Goldman Fund

The local administration committee of the Lenore Goldman Myer fund met recently at the home of the chairman, Mrs. Arthur Ranger, to review the activities of the organization for the past year.

Robert Bridge, treasurer of the fund, reported that 13 families had been given assistance by the fund in the past year. This included emergency aid such as food, fuel, clothing and similar assistance. A total of $607.52 was spent in rendering this aid.

In addition milk was furnished for under-priveleged children at St. Mary's, the Charlevoix Retarded and the Charlevoix public schools in the amount of $169.14.

Mr. and Mrs. Gordon L. Freedman were named to serve on the administration committee which investigates and aids cases referred to the committee. They succeed Mr. and Mrs. Norman D. Ance who have served on the board for the past two years.

The local administration committee is composed of Mr. and Mrs. Ranger, Mr. and Mrs. Bridge and Mr. and Mrs. W. F. Meyer, permanent members, Mr. and Mrs. E. James Hiller, Mrs. Charles Hamlin and Mr. and Mrs. Freedman.

The Lenore Goldman Myer fund was established as a living memorial by Mrs. Myer's family following her untimely death in 1941.

The fund gives emergency assistance other than medical aid to persons or families in the Charlevoix area who through some misfortune need immediate assistance. One of the provisions is that they must not be receiving aid from other sources. All cases referred to the committee are investigaetd by the local administration committee.

Through the years, members of the family and friends of the late Mrs. Myer have made contributions to the fund that it might continue to serve as a living memorial to the young mother whose name it bears. Anyone wishing to contribute to the fund in honor of or in memory of a loved one may also do so.

Plans Laid for Building New Catholic Church

Parishioners of St. Mary's church here met last night (Wednesday) to lay plans for a major building fund campaign to provide a new St. Mary's church.

Rev. Fr. E. Francs Denay, pastor of St. Mary's church and honorary chairman of the drive, announced the formation of an executive committee to function throughout the six-weeks campaign to be conducted under the direction of John V. McCarthy and Associates, Catholic financial consultants of Detroit.

"This is a great undertaking for the people of the Charlevoix community and will entail a real sacrifice on the part of all" Rev. Fr. Denay said in announcing the inital plans for the campaign.

Old St. Mary's church, a landmark in the community, has served the Catholic residents of the area for more than 70 years. The wooden frame structure has long passed the point of good service and is almost completely worn out according to Rev. Fr. Denay who added that attempts at remodeling or renovation would be prohibitive in cost and would be a useless expense within a short time.

A training meeting for workers to discuss the first phase of the drive, which will include memorial gifts, will be held at St. Mary's school hall at 8 p.m. Tuesday.

An informational meeting of the women of the parish will be held at the same school hall at 8 p.m. Thursday, July 21.

School of Art To Be Opened Here By Steve Davis

Classes will open July 20 at the newly established School of Art, located in the Washington school on Petosey ave., Steve Davis, professional artist and instructor, announced upon his arrival here Tuesday.

The school will conduct classes for beginners, amateurs and for professional artists who are interested in drawing, oil painting, ceramic sculpture and silk screen print making. He also will conduct classes for children and also a class in art appreciation if there is sufficient interest.

The opening of a summer art school here could well lead to the establishment of an art colony here, according to Mr. Davis. This area abounds in subject material which would be of interest to the art student or professional whose talents lean toward landscape and seascape work.

For information regarding classes and registration, Mr. Davis may be reached at the Washington school or by calling LI 7-9461.

Albert Eggner New Manager at Weathervane Inn

Atmosphere and the manner of presentation, 'tis said, are as important to the restaurant business as is the excellent food.

Added now to the atmosphere of the Weathervane Inn is Albert Eggner, who is Vienese and whose background is one of fascinating variety, combing the extremes of professional car racing with the dispensing of continental cuisine.

His background in the restaurant business started with four years apprenticeship at the Hotel Sacher in Vienna. He worked in famous hotels and restaurants in Germany, Sweden, Denmark and Italy and on the Kingsholm of the Swedish-American Lines.

Lt. Cmdr. William R. Richards (left), new skipper of the U. S. Coast Guard cutter Sundew, pictured here as he assumed command of the 180 ft. ship from Lt. John A. Dearden at a Change of Command ceremony held recently.

Lt. Dearden, executive officer of the ship, has been acting commanding officer since May 27 when Lt. Cmdr. Harold D. Muth departed for his new assignment at U. S. Coast Guard headquarters in Washington, D. C.

The Sundew, which has made Charlevoix its home port since June 1958, departed Friday for Cleveland where it will be tied up for seven weeks while two 900 hp engines are installed. The ship will then go to Sturgeon Bay, Wis., for drydock repairs before returning here in September.

Electors Approve Two Mill School Tax Levy In Record Turnout

The voters of the Charlevoix school district gave their approval to a two-mill tax levy for operational costs and elected three new trustees to the Charlevoix board of education at the annual election Monday which attracted a record 767 voters.

The two-mill levy for a one-year period was approved by a 60-vote margin, 401 to 341.

The funds which will be derived from the two mill levy will make it possible for the school district to realize 100 per cent participation in the School Aid program and to underwrite other operational costs such as re-locating the school bus garage and the construction of a repair room and other operational costs as outlined earlier.

Elected to the board of education for terms of four years were Burr Blanchard who polled 296 votes and E. Darrell Dinwiddie who received 286 votes and Clarence H. Smith who, with a total of 326 votes, was elected to the three year term.

Other candidates and the votes they tallied follow: William Carey, 271; Ralph S. Hamilton, 241; John Barkdoll, 171 and Frank M. Oleksy, 67, for four year terms; and Ervin Racignol, 155; Theodore Browe, 142 and James Pettis, 85, for the three-year term. Incumbent John L. Boss was not a candidate for re-election.

A number of issues were discussed at length at the annual meeting which followed.

One major item brought before the meeting was the construction of the new junior-senior high school. The majority of the questions were of a technical nature which could not be answered by the board of education members present, Robert G. Lieberman, president, who presided at the meeting, Dr. Robert G. Martin, treasurer, and Albert H. Smith, secretary or by Supt. R. G. Bennett.

As a result, it was decided to hold the regular meeting of the school board in the high school gymnasium to allow for interested persons to attend the meeting and direct their questions to representatives of the architectural firm of Gordon Cornwell Associates of Traverse City, who designed the $995,000 structure, and the Wallace N. Bjorklund Construction Co., general contractors, and Melvin R. Matson of Alma, recently-engaged project engineer, who will be present to answer all inquiries.

A question regarding the cost of re-locating the bus garage was asked. It was explained that monies for the actual costs of moving and rebuilding the garage were included in the 1958 bond issne but that extra funds were necessary at this time to add a 40 x 40 repair and wash room which will cost an estimated $8,500. This money will come from the two-mill tax levy approved Monday.

The proposed sale of the north side school, formerly known as the Washington school, was discussed. Mr. Lieberman said that one bid for the property located at the corner of Petoskey ave. and Burns st. had been received but no contract entered into with the bidder at this time. The building is to be leased this summer to Steve Davis of Detroit who plans to open an art school at the site.
telladi;dorezartihccef

Questions were also asked regarding the Legion Hall property located adjacent to the new junior-senior high school on Garfield ave. Mr. Lieberman said the board of education had made three overtures to the American Legion which were rejected. A fourth offer to purchase the property for $4,000 has thus far been ignored by Legion officials, Mr. Lieberman said.

A report of the 1959-60 school year was presented in booklet form to those present at the meeting. The secretary's report and the treasurer's report, as presented by Dr. Martin, were approved as read. Other information in the booklet, including the report of the librarian, school nurse and athletic coaches were reviewed as were the general fund and debt retirement fund and 1959 bond issue fund, figures included in the report.

Completed plans for the contest itself and the annual Queen's ball will be announced later.

A Venetian Queen to succeed Carrie Duerr will be selected prior to the Festival July 30-31.

Name Inspector for School Project

Melvyn R. Matson of Alma has been engaged as project engineer by the Charlevoix board of education, Robert G. Lieberman, president of the board, has announced.

He has been employed by the board to represent their interests on the construction of the new junior-senior high school.

Mr. Matson, who has assumed his duties here, comes highly recommended for the position, having served in a similar capacity on the construction of more than 25 schools as well as many industrial plants.

Beware of Campaign Pledges

The Democratic and Republican parties have been drawing up campaign platforms every four years for a hundred years or better. Every one of those platforms has been "in the best interests of the people" we are told with oratorical eloquence. But, just what that phrase means has changed over the years.

When many of today's political thinkers refer to "the people," what they have in mind is the whole of society. They think of people as a group — a concept indistinguishable from the Marxist idea of "the masses."

In contrast the American political tradition has always conceived of "the people" as individuals, each endowed with supreme and equal worth by God. The revolutionary idea that each person has certain rights derived from an Authority higher than any government was proclaimed in the Declaration of Independence and written into the constitution. On it Americans founded a nation in which government was to be the servant of the people rather than their masters.

A close look at the platforms coming from the political conventions this month will show how the party leaders interpret the word "people." If they make large promises of more federal duties, powers and programs, watch out. Collectivization of power in a big central government is in the Marxist manner.

Political leaders who want to protect the American heritage of personal rights and freedom will advocate keeping as much government as possible at the local level where each individual can keep an eye on it and make his voice heard.

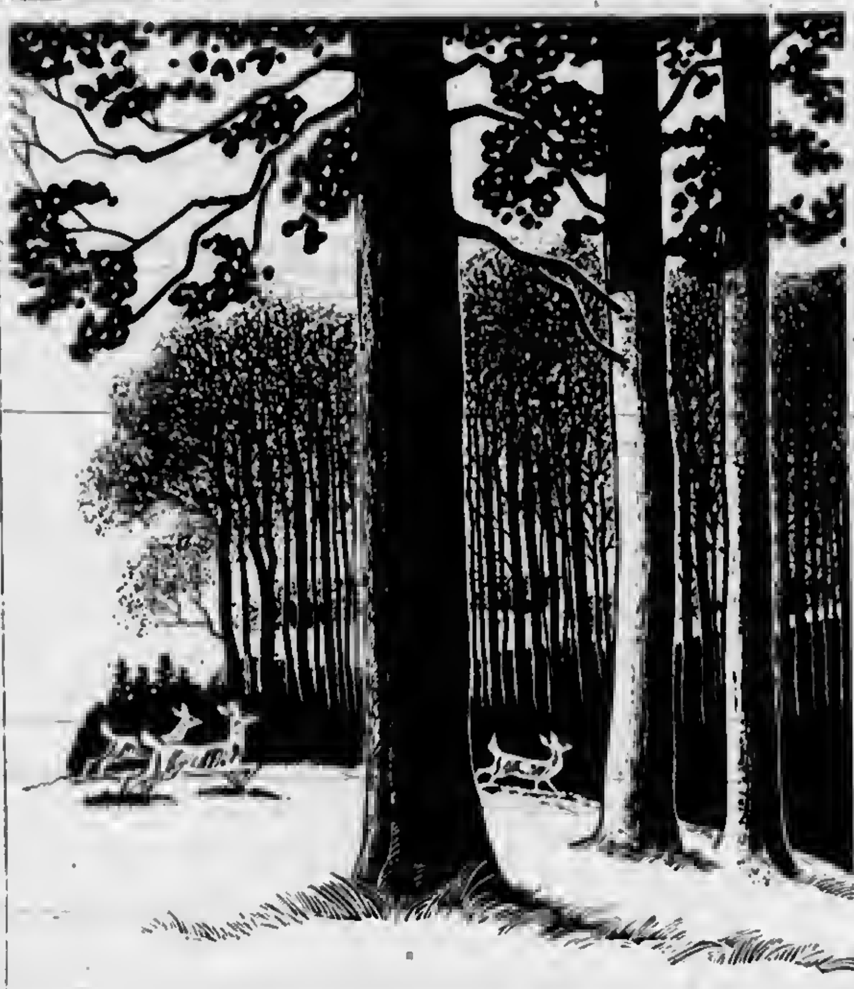
Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn



Occupied

One of the most obvious traits of nature is the unrelenting insurgence of life. Life is constantly pushing forward, thrusting itself into new opportunities, taking over new territory. Life will not permit any region to be unpopulated, or any province to go unclaimed. Even the apparently "lifeless desert" is lifeless only to those who judge by superficial appearance. Plants, animals, reptiles, and birds with water-conserving abilities exist there without the help of any more water than desert dew. Hot springs contain certain small fishes and other creatures that can withstand high temperatures. Even the wave-whipped, storm-battered seashores, where living conditions are almost intolerable, are thickly populated with many forms of life. As Baruch Spinoza put it, "Nature abhors a vacuum." A built-in loathing for emptiness seems to be a part of the scheme of things.

Just now I'm thinking of a certain nearby wild acreage lush with grasses, ferns, shrubs and trees, where roots spread far and deep and where glimpses of sky are richly embroidered with twigs and buds in springtime and ornamented with leaves in summer. Not many decades ago every tree on that land was cut down by the woodsman's axe and saw, or razed by fire. Here and there charred, blackened stumps still stand as present-day memoranda of the once-scorched earth. But no sooner was the ground made barren by blade and fire than the indomitable forces of nature began to cover it once more. Lichens and mosses clothed naked stumps and logs. Pioneer grasses and herbs invaded the area to protect denuded soil. Shrubs and saplings began to grow from seeds dropped by playful winds and passing birds. And now amidst the shadows of this once-lifeless land the white-tailed deer browse in green stillnesses. Across these rich forest glades deer gracefully bound at the approach of man. Here shrubs and trees are the choir stalls of unnumbered winged choristers, and their shade shelters multitudes of tiny furred creatures. A prodigal abundance of life has moved in upon the great emptiness and has utterly vanquished it. Nature will not for long endure a void.

The human mind is as averse to emptiness as any other province of nature. Rid it of one evil thought and a dozen wicked move in to take its place — unless the emptiness is planted with worthwhile reflections. Disown the lusts of the flesh and leave the heart empty, and pride of one's righteousness invades the vacuum. Reject intolerance and bigotry, leaving a void, and smug vanity as one's broadmindedness enters the untenanted province of the mind. Get rid of a bad habit, and develop no good habits to replace it, and the bad habit comes back in devastating counter-revolution to reclaim its lost kingdom.

Some parents give as an excuse for their religious laxity toward ther children, "I won't send my youngsters to any particular church: that would prejudice them. I'll wait until they grow older. Then they can choose for themselves what they will believe." That reasoning is as foolish as declaring, " won't sow any particular kinds of seeds in my garden this spring. Let the soil choose what it will grow — carrots or cabbages, beets or cauliflower, lettuce or radishes." The garden will not wait until summer or fall to choose what produce it will grow. If you do not plant what you want there, the winds will scatter whatever seeds they can there. The soil is insistent upon producing something, vegetables or weeds.

Human nature abhors barrenness. The mind of a child is certain to grow some convictions. If a youngster's mind does not grow the faith that God is sovereign in the world, it may well develop the belief that money is king. If his mind does not nurture the certainty that purity of motive and conduct are of high significance then the opinion that popularity and social status are of ultimate concern may thrive there. If the child does not hold to the view that stability, dependability, and trustworthiness with man-sized tasks indicate arrival at manhood, he will likely assume that manhood is manifest by strutting his stuff, hard swearing, a variety of sexual conquests, and a capacity for holding his liquor. Some ideas are certain to grow in a child. If parents do not sow them and permit the church to sow them, every vagrant wind that blows will drop weed seeds there that later will flourish in dreadful harvest.
ducegoyastrut-

There is no such thing as an empty house. If people do not dwell there, something else will. Dust will collect. Insects and spiders and other vermin will find their way into every opening. Every house in the world is occupied by people or something other than people.

There are no empty acres. Acres must be covered — with sand or grain, with stones or orchards. And every mind and heart is full —of anxiety or trust, of doubt or belief, of foolishness or worship, of evil or good.

There is no such thing as a spiritual vacuum. We are made for commitment. In spite of ourselves, we grow something on our soil. And the best way to avoid a harvest of weeds is to plant fruit—plentifully.

Mahon Family Reunion Held at Belvedere Home

Courier Photo

A reunion last week end brought the fifth generation of the Mahon family to the cottage at the Belvedere club. Pictured above are a few of the descendants at the Robert Frantz cottage which was the eighth summer home built on the grounds.

Back row (l to r) are: Maurice Toulme of Redbank, N. J., Mr. Frantz of Saginaw, Joseph Gannon of Darien, Conn., Mrs. Gannon; second row: Mrs. Toulme, Mrs. Frantz, Mrs. Dean Acheson of Georgetown, Wash.; third row: David Toulme of Redbank, N. J., Wayland Sanford and Mrs. Sanford of Dallas, Texas; front row: Michael and Sarah L'Estrange Meyer (fifth generation in the Mahon cottage), Mrs. Frederick Meyer of Rochester, N. Y., Mrs. Dudley Brown of New York City and Paul Sanford of Dallas, Texas.

* *

The home of Mr. and Mrs. Robert Frantz at 122 Belvedere Club was the scene last weekend of a reunion of the Mahon family whose ancestors came from Ireland a century ago and settled in Framingham, Mass.

At that time the family summered in Nantucket, Mass.

Later, when it came time for the children of one of the sons, George Mahon, and his wife, to attend college, the family moved west to Ann Arbor where the children were enrolled at the University of Michigan. It was in the late 1870's that this family came to the Belvedere Club for the summer. In the fall of 1880 and the following spring the cottage at No. 122 Belvedere was built. At that time it was the eighth cottage to be built on the grounds which now boasts more than 90 summer homes and a club house.

This family home now occupied by the grand-daughter of these early settlers here, Mrs. Frantz and her husband and family of Saginaw and where her sister, Mrs. Dean Acheson, now of Georgetown, Washington, D. C., was born, was the site of the reunion that included skits by various branches of the Mahon family, a dinner at the hotel, luncheon, picnics, boat trips and swims in which the five generations present joined.

Here for the event were Mrs. Acheson and her daughter, Mrs. Dudley Brown of New York; Mr. and Mrs. Wayland (Winifred Mahon) Sanford and their grandson, Paul, of Dallas, Tex.; Mr. and Mrs. Maurice (Helen Mahon) Toulme and grandson, David, of Redbank, N. J.; Mr. and Mrs. Joseph (Jane Mahon) Gannon of Darien, Conn.; the Frantz's son-in-law and daughter Mr. and Mrs. Frederick Meyer and children, Michael Ryder and Sara L'Estrange, of Rochester and Mr. and Mrs. Frantz.

With the exception of Mrs. Frantz and Mrs. Acheson who are sisters, the other Mahons present are cousins who represented many branches of the original family who came from Ireland.

Cablegrams and wires from other cousins around the world added much to the joyous occasion, Mrs. Frantz said.

Among those who sent greetings were the brother of Mrs. Frantz and Mrs. Acheson, George Mahon Stanley, and Mrs. Stanley of Fresno, Calif., Mr. and Mrs. Ross Mahon of Carmel, Calif., Mr. and Mrs. Peter Frantz of Wellsley Hills, Mass., Sir George and Lady Suzanne Mahon of Ireland who were in Hong Kong; Lady Edith Mahon and daughter, Ursula, of Castlegar, Ireland; Mr. and Mrs. Luke Mahon and Mr. and Mrs. William L'Estrange Mahon of Dublin, Ireland, and Mrs. Astella Mahon Holt of Madrid, Spain.

In the fall of 1958, Mrs. Acheson and her daughter, Mrs. Brown and Mrs. Frantz visited many of their cousins in Ireland.

MINUTES OF SCHOOL BOARD MEETING

June 27, 1960

Present: Boss, Lieberman, Martin, Freedman, Smith and Bennett, Supt. Absent: None.

The meeting was called to order at 8:15 p.m.

Minutes of the meeting of June 6, and those of a special meeting held June 13, were approved as read.

It was moved by Martin and supported by Freedman that bills in the amount of $2,541.91, payable from General Fund, be approved and ordered paid. Motion carried: 5-0.

Mr. Melvyn R. Matson, an architectural project supervisor, appeared for an interview at the request of the Board to discuss details of the high school building project. After some discussion it was the desire of the Board that Mr. Matson be employed by the schools rather than by the architect, and it was moved by Freedman supported by Boss that said Mr. Matson be employed in this capacity, on approval of the architect, making all progress reports directly to Gordon Cornwell's office and representing the school in all problems relating to the construction — Mr. Matson to deal with all contractors as the interests of the school might direct. Motion carried: 5-0.

It was moved by Freedman and supported by Martin that there be an advance to Mr. Matson, to be repaid in equal amounts from his salary. Motion carried: 5-0.

It was moved by Martin, supported by Smith, that the Board accept the petitions filed with its Secretary for members of he Board of Trustees, and authorize the printing of the ballots with the following names as presented in said petitions — but that the petition of Karl Schultz be omitted because of insufficient signatures:

One to be elected for a Three year term:

Theodore E. Browe	Ervin Racignol
James L. Pettis	Clarence H. Smith

Two to be elected for Four year terms:

John N. Barkdoll	E. Darrell Dinwiddie
Burr Blanchard	Ralph S. Hamilton
William Carey	Frank M. Oleksy

Motion carried: 5-0.

A budget discussion followed in which Mr. Bennett presented estimated income and expenditures for the coming year. To meet these requirements an increase in operating millage of 2 mills seemed necessary. Motion was made by Martin and supported by Freedman that the question of raising additional millage, namely 2 mills, for operation for the coming year 1960-61 be submitted to the electors at the regular election on July 11, and that the ballots be so prepared. Carried: 5-0.

It was moved by Freedman and supported by Martin that the proposed budget of $310,000, as presented, be approved for the fiscal year 1960-61. Carried: 5-0.

Motion was made by Boss, supported by Martin, that $5,000 of U. S. Government Notes be sold to meet the requirements of the Debt Retirement 1951 issue as of July 1, 1960. Carried: 5-0.

A Resolution was offered by Martin, supported by Freedman, that the sum of $20,000.00 be borrowed in anticipation of the receipt of State Aid funds, notes therefor to be dated July 14, 1960, and be due and payable on January 30, 1961. Resolution adopted: 5-0.

On motion of Freedman, supported by Martin, the salary of Hazel Reed, bookkeeper, was established for the fiscal year 1960-61. Carried: 5-0.

Motion was made by Martin, supported by Smith, establishing the salary of Jeanne K. Miles, school nurse, for the fiscal year 1960-61. Carried: 5-0.

Moved by Smith and supported by Freedman that salaries be established and the following rehired for the coming year 1960-61:

Bus Maintenance: Martin Elzinga.

School Maintenance: Clarence Bartlett, Willard S. Bodley and Bernard Russell.

Motion carried: 5-0.

Candidates for school-plant maintenance were considered and Marvin Sugden's employment was recommended to Mr. Bennett.

It was moved by Martin and supported by Boss that approval be given Change Order No. 3 to the General Contract — Wallace N. Bjorklund — for certain alterations to Building "B" as detailed on Sheet A-3a, necessitated by mislocation on job site of said Building "B" in reference to Building "A," involving no additional costs, and that the Superintendent be ordered to execute the same. Motion carried: 5-0.

On motion of Martin, supported by Smith, the following were appointed to constitute an Election Board for the annual election Monday, July 11, 1960:

Emma Mol, Irene Seymour, June Heise, Neva Smith, Vivian Trimble and Eleanor Left. Motion carried: 5-0.

Moved by Freedman and supported by Martin that a contract be offered Roy G. Bennett, as Superintendent, for the year 1960-61. Motion carried: 5-0.

The meeting adjourned at 11:17 p.m.

Marilou VerWys Tells Experience As Exchange Student in Holland

Marilou VerWys who is spending the summer in Sneek, Holland, under the Youth for Understanding program has written the following account of her experiences since departing for overseas last month:

Just a short letter to tell you a few of my experiences and impressions.

To start from the beginning, I left Detroit at 7 p.m. Thursday, June 23. My flight reservation had said Monday but after arriving at the airport and being checked through, my name could not be found on the flight list . . . I was on Flight II.

It took 16 hours for our flight from Detroit to Amsterdam with a 45 minute stop-over in Gander, Newfoundland, a very modern and new airport. Eight and one-half hours later we landed in Amsterdam, safe and sound.

Soon we were rushed off to the Hotel Fleissig where we had our first Dutch meal of pea soup and a Dutch pancake for dessert. It was very delicious.

Soon we got our first taste of Amsterdom traffic, comparable to Detroit's highways. We were all especially impressed with the cleanliness of the city.

On Saturday we had our first experience of getting lost. In the afternoon about 15 students and one counselor went to Rotterdam to the 'Floriade,' a very large and beautiful flower show which is, at present, featuring roses.

We all planned to meet at a certain spot but only about half the students made it back on time. Finally we had to leave to catch our trolley for the train terminal. Well, we missed the right trolley, finally caught another, could not give directions to the non-English speaking bus driver but somehow, in spite of everything, we arrived at the train station. Then we couldn't find our gate. After asking many people, we finally found a person who could help us. It was then 4:30 p.m. and our train left at 4:31 p.m. What a time! Seven crazy Americans running full speed down the halls, up three flights of stairs and around the terminal to the right gate. We did make it back to Amsterdam but it took quite a lot of work.

This has been only one of many experiences. We also ate our first raw fish, grass soup and horse meat. We've made it a habit not to ask what anything is until we have eaten it.

On Monday afternoon I met my Dutch sister, Lia. She is very wonderful and will come to Michigan soon. The two of us went to the train station where we met a friend of the Drenth's who gave us a ride to Sneek.

The country is very beautiful; there are many canals, flowers everywhere, and cattle. Our trip was most interesting. We crossed the Afsleitdyk, which is 30 kilometers long. It is a magnificent structure which took 10 years to build. There are still iron fences left standing which had been built to keep the German army from destroying the dike. It was bombed, though, and had to be re-built after the war. We stopped at the point where the dike was joined and on one side saw the Atlantic Ocean and on the other the giant land-reclaiming project.

Soon we arrived at Sneek, a beautiful city with flowers everywhere. In Holland every family has a flower garden plus many plants in their homes.

My new father and mother were waiting for me at the door. We came in and sat down for tea, candy and cookies. After a delicious dinner we talked until bedtime.

I have found the people of Friesland a very warm and hospitable people. They always meet you at the door with "How would you like a cup of tea?" Since I have been here I have had at least 100 cups of tea, not stretching the truth either.

Tomorrow, if the weather is nice, we will go sailing. The last two days have been very rainy, windy and cold.

I must close now and get this to the postoffice. Give everyone an extra smile for me.

Marilou

Give Reception For Rev. McBratnie

Rev. Raymond J. McBratnie, who arrived here recently from Hope to assume his duties as pastor of the First Methodist church here, and Mrs. McBratnie were honored at a reception given at the church following the 11 a.m. service Sunday.

Also present were the couple's daughter, Sharon, and son, James. Another son, Hugh, is a corpsman at the U. S. Naval Hospital in San Francisco.

Rev. and Mrs. McBratnie greeted the members and others who were present for the morning worship service.

Refreshments were served at a table centered with an arrangement of roses. Bouquets of peonies were used about the church parlor for the reception. A committee composed of Mrs. Louis Hooper, Mrs. Emerald Chew and Mrs. Claire Martin were in charge of the event.

News Round-up at Camp Charlevoix

The Glorious Fourth of July dawned bright and sunny and the campers were really excited as the day was filled with traditional events. In the afternoon, the Annual Track Meet was held with the start of the Green-Grey Competition. The team captains were busy all morning getting their entries organized and ready for the fray. Crawford Kennedy, Head of Athletics, arranged the meet. "Forddy," by the way, is from Scotland and is the Big Ten Cross Country Champion, the NCAA champion and the I.C.A.A.A.A. Champion. After an afternoon of many events, the Greys got off to a great start in the season competition by winning in all three sections, thereby getting 3 big points. Some of the boys winning events were: Tom Harper, Dan Noyes, Mark Murfin, Paul Sherman, Don Hayden, Rod Jason, Brad Bielfield, Jack Reeder, Martin Johnson and Oliver Janson for the Juniors. In the Intermediate Section, the winners were: John Fraim, Jimmy Cowhey, Richey Robertson, Woody Kiefaber, Clark Richardson, Tom Harden, Dean MacVicar and Walt Silver. The Senior section saw close competition in all events and these boys emerged as winners: Page Henderson, John Baird, John Donaldson, Tom Kennedy, Dave Parkhurst, Bob Million and Chuck Sullivan. After the track meet, the entire camp met at the shore of the lake for a buffet supper. "Joe and Lewie" our faithful cooks had prepared roast beef over a turning spit, and everyone had a great meal. Later in the evening, the Annual fireworks were shot off for the boys.

The C.I.T.'s have started to help Jim Land, our water-skiing instructor, put in a ramp, and this program will be given only two weeks each four week period. This is our first time offering water-skiing and it is proving very popular.

Our trips department is really getting a work-out and Bob Shaeffer, Head-of-Trips, is very busy as is his assistant Chuck Hannaman. On Tuesday, four cabin groups left camp. Cabin 8 with Rick Loveland and Micky Luck in charge took a horseback trip to Mt. McSauba. These boys were Ralph Meisel, George Steinhardt, Robby Plisken, Doug Laing, Wally Dyer, Paul Sharp and Tommy Seidman. Cabins 14 and 15 with Bill Fors and Tommy Richardson in charge plus David Ellis, took their boys to Fisherman's Island for an overnight. The boys on this trip were: Dean MacVicar, Ricki Swanson, Tom Patrick, Mike Manis, Jeff Tupper, Jim Winkworth, Craig Finch, Mike Kelly, David Spaulding, Don Strutz, Keith Johnson, Paul Phillips, John Fraim, Marc Taylor, Bruce Nyland. The boys in cabin 10 with John Logie were driven down to Eastport for an overnight, and the following boys enjoyed this trip: Tom Hardin, D. J. Somers, Mike Roberts, Clark Richardson, Ron Erb, Peter Hawk and Dan Pender.

Wednesday was another day of much activity in the trips dept. with three cabin groups leaving camp. Bill Harris took his boys of cabin 12 on a horseback trip, the boys being, Russell Washburn, Lelond Shaeffer, Jimmy Cowhey, Jim Sweet, John Foley, David Arndl, Greg Nyland and Mike Parsell. The oldest boys in camp, cabin 21, took a trip to Mt. McSauba for the day. These boys, with Dave Lean as Counsellor, were Mike Grass, Tom Kennedy, Art Brown, Dick Steudel, Bob Million, John Donaldson and Russ Anderson. Cabin 9 with Danny Ross took a day trip to Fisherman's Island. These boys were: Bill Parker, Billy Kuntz, Bill Gross, Richard Mueller, Sandy Coakley, Neil Middleton and Martin Vonnegut.

Thursday morning, our two cabins of our littlest boys took off by truck for an overnight to Eastport. Kerm Krueger, Randy Roberts, Don Stephen and Neil Perry were in charge of Reade Robertson, Laurie Bielfield, Steven Johnson, David Hayden, Rod Jason, Oliver Janson, Walter Russell, Scott Smith, Eric George, Eddie Robertson, Paul Kirwin, Bill Fraim and Tom Bayer. An overnight to Fisherman's Island was taken by Mike Bazany and his boys of cabin 13. They were Walt Silver, Steve Martin, Peter Renchard, Tim Calvin, Robert Hamburger, Bob Logan, Jim Casey and Nick Noyes. Fordy Kennedy, our counsellor from Scotland, took his boys on a horseback day trip. The boys were Tom Perrin, Charles Conlon, Rickl Tomkinson, John Hoagland, Hal Thurston, Jim Schmidt, David Parkhurst and David Hause.

Friday was another of the warm, sunny, days we have been having. The last three days have been progressively hotter, and Friday was a very hot day. Three more trips left camp for overnights. Cabins 3 and 4 with Doss Powell, and Bud Campbell in charge took off for an overnight to Eastport. These boys were: Martin Johnson, Brad Bielfield, Dick Osborn, Bill Carroll, Charles Durt, Keary Sawyer, Tom Bothwell, Steve Steketee, David Janson, Jack Reeder, David Oberhelman, Mark Murfin and Doug Parker. Kent Gibbs took his boys on a day trip to Mt. McSauba. These boys were: Jon Steffensen, Wes Murfin, John Baird, Ted Schmidt, Bob Henderson, John Kunkel and Fred Tucker. Cabin 15, with Bill Fors, took a day horseback trip to Mt. McSauba, his boys being David Spaulding, Don Strutz, Keith Johnson, Paul Phillips, John Fraim, Marc Taylor and Bruce Nyland.

The highlight of Saturday was the Initiation Council Fire on Saturday night when the new campers are lead blindfolded by the old campers down to the Indian Council Ring. Activity men gave short talks on the history of their activity, and Ken gave a challenge to the new campers. The spirits of the 1959 season were dug up and Ken read several of them, notes boys had written at the close of last year telling what camp had meant to them. After the singing of taps and listening to it being played across the lake by Marty Burke, the boys walked silently back to their cabins.

Jim Land was the speaker at the Sunday morning Chapel Service which was held at the Chapel in the Woods. He spoke on "Compliments" and it was a most thought-provoking talk. The scripture was read by Parky Smith, Billy Peters, and C. J. Shelley. At the dinner hour, after the meal was finished, the staff presented a mock wedding in honor of Bob Shaeffer and his fiance. It was a hilarious production and the campers had plenty of laughs at seeing Cy Pick as the bride and "Rebel" Thompson as the groom. Paul Gach, of Grosse Pointe, the camp photographer arrived and started to take the camp pictures. This is always a busy time as boys are anxious to have their pictures taken and Mr. Gach was here both Sunday and Monday. Vespers were held on Sunday evening. The Intermediates and Seniors heard Dave Lean from Australia give a talk on his country illustrated with colored slides. The Juniors heard Don Halbesein, the Head Cowboy. They met out along the shore in front of the large white Indian Tepee.

The carnival committee and the campers are busy now getting ready for the Annual Camp Carnival which is held on Saturday, July 16 at 3:00 p.m. Parents and friends are invited to attend this. Cabin 21, our oldest boys in camp are looking forward to leaving Sunday for the Keweenaw Peninsula in Michigan's Copper Country where they have been invited to spend several days at a lighthouse.

Circlin' The Bases

By DEANO

Freedman Artcraft added another win to their undefeated record to remain in first place, one full game ahead of the City Merchants who were handed their worst loss of the year.

Freedmans came up with seven runs in the second inning to coast to a 12-0 win over Airport Inn. Big Bob Klooster continued his good pitching and lusty hitting as he hurled a neat one-hitter and collected four hits, one a home run. Teammate Norm Helms chipped in with a four-bagger and Kit Carson added a triple and single to the attack. Fritz Puffpaff's first inning single was the only Inn hit.

The American Mold came up with three runs in the bottom of the final inning to upset the Merchants 8-7. In the seventh Ken Balch singled, Harvey Cole doubled in one run, Joe Beaudoin singled in the tyng run and when the ball got thrown by the infield, Beaudoin came all the way home with the winning tally. Sam Supernaw had two safeties for the losers, and Balch paced the winners with three hits.

The Inn moved into the win column as they waltzed to a 17-3 win over the Mold. Aided with walks and timely hits they scored eight times in the fourth and fifth innings. Fritz Puffpaff had three hits for the winners.

Ellsworth picked up two narrow victories during the week to remain in third place. Against the Inn they used two hits for a 2-1 win, and beat the Mold 12 to 7 in extra innings. In the Mold game, Ellsworth took a 6-5 lead only to see Balch and Ken Wojan combine for a run in the final frame to send the game into extra innings. Ellsworth poured across six runs in the ninth, aided by three errors and three hits for the 12-7 win.

Terry Stewart to Attend National Boy Scout Jamboree

Terry Stewart, a member of Charlevoix's Boy Scout troop 11, will be among the 55 Boy Scouts of the Scenic Trails Council who will depart Saturday for the fifth annual National Boy Scout Jamboree at Colorado Springs, Colo.

The 18 counties ~~of the~~ Council will be represented in the contingent which will be accompanied by Harvey Griswold, Northern District Counselor, Charles Kramsvogel and Donald Grant of Traverse City, Bob Clemens and Edgar Curtis of Alpena and Fritz Coyle of Mio. The group will make the trip west via special Jamboree train which they will join in Chicago.

In addition to being Jamboree coordinator, Mr. Griswold will serve on a section commissary staff. Each section is composed of 1400 persons.

The Jamboree will attract 55,000 Scouts and Scout officials from throughout the 50 states. During the two weeks stay at Colorado Springs the Scouts will camp out, cook their meals over camp fires, enjoy planned programs of competition, campfires and other special events and a sight-seeing tour of the Rocky Mountain National Park and other points of interest includng the U. S. Air Force Academy.

The Scenic Trails Council representatives will return home July 30.

On the night of July 30 a special program devoted to the Jamboree will be telecast over a national network.

Terry was selected on a point system to represent Troop 11 at the Jamboree. His Scout master is Louis Edwards. He is the son of Mr. and Mrs. Dale Meredith and will be a freshman in high school this fall.

The Scenic Trails Council Scouts and leaders will take to the Jamboree with them a replica of the Mackinac bridge thru courtesy of the Mackinac Bridge Authority. It is long enough to span a roadway and Council leaders are hopeful that it can be placed over a road with the Scenic Trails Council from the northern tip of Michigan's Lower Peninsula on one side and the Scouts of Michigan's Upper Peninsula Hiawathaland Council on the opposite side of the road. The bridge is high enough to allow traffic to pass under it and the towers are 18 feet high. It is completely lighted for night display. Scenic Trails Council Scouts and leaders are certain it will be one of the major attractions at the Jamboree.

Major Construction on Nuclear Plant Opened With Ceremonies

Representatives of the Atomic Energy Commission; the General Electric Co., Bechtel Corp., Consumers Power Co., Michigan newspapers and magazine writers from throughout the country assembled at the Big Rock Point Nuclear electric power plant Wednesday morning to mark the opening of the major construction phase of the huge power plant.

Loren K. Olsen, a member of the U. S. Atomic Energy Commission and formerly general counsel of the AEC, was among the speakers at the ceremonies held in a huge tent at the plant site.

Many of the visiting officials arrived via chartered planes at the local airport Wednesday morning for the event.

At a press conference held at Boyne Mountain Tuesday, atomic power experts hailed the Consumers Power Co.'s $30,000,000 nuclear power plant at Big Rock Point as a vital link in the development of atomic power to compete in cost with conventional electrical power.

James H. Campbell, president of Consumers; Ulysses M. Staebler of the AEC; Dr. Lyman R. Fink, general manager of the atomic products division of the General Electric Co., and James N. Landis, vice president of the Bechtel Corp., prime contractors of the project, formed the panel who discussed the nuclear plant at the press conference Tuesday which preceeded the special ceremonies at the plant site Wednesday.

Mr. Campbell said the plant should be completed by September 1962. After completion there will be a 4½ year research and development program in conjunction with the AEC, General Electric and Consumers. At the same time research is being conducted, the plant will be producing power which will be transmitted into the Consumers network.

The boiling water reactor to be used at the Big Rock Point plant is one of the most promising known at this time, Mr. Staebler told newsmen. He added that this type of reactor possesses advantages for short term prospects and could bring atomic power into competition with conventional power.

It was revealed that the plant is tied in with AEC plans to develop a higher production per fuel unit. Work will be underway at the plant to discover new fuel techniques and designs.

Preliminary work has already started toward creation of a boiling-water-reactor which will harness 50,000 kilowatts in the research phase of the operation and ultimately jump to a maximum 75,000 kilowatts, which is the designed capacity.

School Bd. Holds Open Meeting

More than 60 residents of the Charlevoix school district attended a meeting of the Charlevoix board of education scheduled for the purpose of asking questions regarding the construction of the new junior-senior high school on Garfield ave.

On hand to answer technical questions relating to the project were Gordon Cornwell of Traverse City, architect for the $955,000 building and Melvin R. Matson, project engineer. Robert G. Lieberman, president of the board, presided.

Questions, the majority of them of a technical nature, were asked by various people present. Mr. Cornwell and Mr. Matson made every effort to answer them to the satisfaction of those assembled.

Before the meeting was over Mr. Matson had arranged to meet with several present to investigate construction errors or poor workmanship that they felt sure existed.

At the organizational meeting that preceeded the open meeting, three new members, Burr Blanchard, E. Darrell Dinwiddie and Clarence H. Smith, assumed their duties as members of the board of education.

Incumbent officers were re-elected for another term. They are: president, Robert G. Lieberman; vice president, Gordon L. Freedman; secretary, Albert H. Smith and treasurer, Dr. Robert G. Martin.

Need Inspectors For August Primary

Who wants a job as an inspector on the election board? That usually is one of the big questions the election commissions in both cities and townships face with each election.

The approaching August primary is now posing the same question for the election commissioners in the city, according to City Clerk Hugh Mayne, and, no doubt the election commissioners in the township are facing the same problem.

Persons interested in working on the election board at the Aug. 2 primary should make application at the office of the city clerk.

Skin Diver Loses Life in Lake Sun.

A skin-diving expedition at the site of the sunken schooner, Keuka, in Lake Charlevoix ended in tragedy Sunday for a party of six divers from the Saginaw area when one of the group was drowned.

He was Joseph A. Robbins, 23, of Frankenmuth, who is believed to have suffered a cramp while diving in 50 ft. of water approximately one-half mile offshore at 1:15 p.m. Sunday.

According to one of the party, Don McLellan of Saginaw, the group had come to Charlevoix for a day of skin-diving. They had rented a fish tug at Ward's boat livery and had gone to the site of the Keuka, a favorite spot for skin-divers. All six of the divers had gone down a line from the tug to the sunken vessel. Robbins had gone into the water without a rubber suit but with a mask and tank.

McLellan told Sheriff Glenn E. Rose that Robbins, who was one of the last to reach the floor of the lake, signalled that all was well as he left the rope. The group started to explore the schooner when Robbins signalled that he was going to surface.

The Sheriff's Department patrol boat operated by Basil Crawford, which was operating in the area, came alongside and after surveying the situation, called for a doctor and ambulance to meet the cruiser at the municipal dock. City policeman Earl Crandall also had a resusciator on the scene.

Robbins was rushed to the Charlevoix hospital where he was pronounced dead. Death was due to drowning according to coroner, Dr. Robert G. Martin.

The body was taken to the Winchester funeral home and later was taken to the Wilson funeral home in Midland where services were held Wednesday. Burial was in a Homer cemetery.

A native of Midland where he was born Aug. 31, 1936, Robbins was employed by the city of Frankenmuth. He was to have been married Aug. 20.

His parents, Mr. and Mrs. Frank Robbins, live at RR Midland. He also is survived by several sisters.

City Offered Ambulance Business

Robert W. Winchester who has been operating an ambulance service in connection with the Winchester Funeral Home appeared before the council to announce that he was thinking seriously of giving up the ambulance business. He added that he had arrived at this decision because he could not afford to engage help to operate this phase of the business and that the ambulance service did not allow him to give the best service to the public in the mortuary service.

He explained that more and more funeral homes are disposing of the ambulance service to private individuals or to municipalities where it is operated by a law enforcement agency. He cited East Jordan where the service is handled by the police department and Boyne City where a private individual who has a service station operates this special service. He also said that there is no ambulance service in Emmet county now operated by a funeral director.

He suggested that it might be possible for the police department to operate the ambulance service by having a station wagon instead of the present type of police car. He offered a cot and similar equipment to anyone who took over the service. He said that when he decided to dispose of the ambulance service, he contacted private individuals whom he felt might be interested but had exhausted this source of prospects. He said he had about 80 calls annually. This includes emergency as well as regular ambulance calls.

Norwood Delegation Thwarts Proposed Sanitary Land Fill

Two delegations representing the interests of the residents of Norwood township and the Beaver Island Boat Co. attended the regular meeting of the City Council, Monday night.

A delegation of 21 residents of Norwood township with their supervisor, Clyde Warner, as spokesman, appeared to voice their objections to a proposed sanitary land fill dump to be established on the Lawrence Swanson property on Heise road. After a lengthy discussion during which the delegation aired its views, Mr. Swanson withdrew his offer to the city to provide sanitary land fill facilities to the city for a cost of $4,550 annually. As a result the problem of where to establish a city dump to replace the present one still faces the council.

The second group headed by Henry Allen of St. James, president and other officers of the Beaver Island Boat Co. appeared to discuss a proposed contract for the berthing of the Beaver Island boat, the Emerald Isle. After some discussion the contract was referred to the docks and harbor committee for further study.

The council approved the engaging of two election boards, one to work during the day and the second to count the ballots after the polls close.

Approval was also given the appointment of Norman D. Ance, J. Lawrence Feindt and Hugh Mayne to the election commission for both the Aug. 2 primary and Nov. 8 general elections.

Bills amounting to $21,742.75 were approved and ordered paid. The figure includes a payment of $3,861 for fuel oil and $686.70 for new parking meters.

No Insurance Problems
says Stan-the-Man Musial

Stan Musial, one of baseball's greatest hitters, believes in practical solutions. He owns a car, home, and a thriving restaurant; but he never worries about insurance.

Stan's solution: "I buy my insurance through an independent insurance agent." Stan feels that his confidence is well-founded, too. "I know that because he's independent, he's free to choose the best insurance for me from the oldest and most reliable insurance companies in the country."

Stan says that if his car is ever damaged in any way he won't have to bother with all the forms involved in settling the claim. His independent insurance agent takes care of all the details. Stan believes that most people—with a practical point of view—sensibly buy their insurance from an independent agent.

You, too, can buy insurance with confidence from the man who shows this Big "I" Seal. To display it, we have had to meet professional standards designed to protect you.

Warner-Norris Vows Spoken At First Methodist Church

The First Methodist church was the scene Saturday evening of the wedding of Dawn Elaine Warner, daughter of Mr. and Mrs. Harley Warner, and Bertrum V. Norris of Petoskey.

The bridegroom is the son of the late Mr. and Mrs. Edwin Norris.

The Rev. Raymond McBratnie officiated at the double ring service in the presence of more than 100 guests. Arrangements of Madonna lilies, white delphinium, pink peonies and roses formed a setting for the ceremony.

Mrs. Leonard Burns, at the organ, played a program of traditional music and the wedding marches and accompanied Becky Badger who sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of imported German lace designed with long sleeves, a tiered neckline trimmed with sequins and a full skirt. Her veil of the same lace was caught to a crown of pearls and sequins. She carried a bouquet of red roses and white carnations.

Mrs. Robert Johnstone, a matron of honor, wore a ballerina length gown of pink nylon with a scoop neckline and full skirt with a lace band at the waist.

Sharon Murphy, as bridemaid, wore a gown identical to the honor attendant's in blue nylon.

She carried bouquets of pink and white carnations.

Arthur Vroman of Harbor Springs assisted the bridegroom as best man. Delbert Skinner of Petoskey, was groomsman.

Larry Stowitts and Carlton Smith Jr., cousins of the bride, seated the guests.

Mrs. Warner selected a light blue lace and taffeta gown and white accessories for her daughter's wedding. Mrs. Vedder C. Bradt of Lakeland, Fla., grandmother of the bridegroom, wore a pink print dress and matching accessories. Their corsages were of pink carnations.

Immediately following the ceremony, a reception was held at Harmony Hall. Arrangements of pink roses decorated the refreshment table. Carolyn Stoel, Shirley Stoel, Betty Stoel, Hilda Bruce, Patsy Whitley, Mrs. Ronald Cunningham and Mrs. William Pashe of Charlotte assisted.

Following a northern Michigan wedding trip the couple will make their home on State Road in Harbor Springs. For traveling the bride wore a white linen dress with green trim and white accessories.

This group of chairmen and workers of the new St. Mary's church building fund will form tha executive committee of tha drive to raise funds for a new church here.

They are (seated l to r) Dr. Gerald C. Gibbons, general chairman, Rev. Fr. E. Francis Denay, honorary chairman, Andra Goes, chairman of the memorial gifts phase, George A. LaBlanee, chairman of the general phase.

Back row: Frank Bourgoin, John Sladek Jr., Arthur Heilig, Don Jordan, Theodore Browe and Georga Smith.

Church Building Fund Drive Launched by St. Mary's

Substantial progress has been made in the St. Mary's new church building fund campaign now underway, Rev. Fr. E. Francis E. Denay pastor of St. Mary's parish and honorary chairman of the drive, has announced.

"The enthusiastic cooperation of our executive committee indicates that the drive will be a real success," Fr. Denay said. He went on to say that "Their generous devotion to the parish will spearhead the memorial gift solicitation now beginning.".

The memorial phase of the campaign, under the direction of John V. McCarthy and Associates, Catholic financial consultants of Detroit, will take place from July 19 through Aug. 8.

Dr. Gerald C. Gibbons has been named general chairman of the drive to raise as much of $100,000 as possible. This is the estimated total construction cost of the proposed church to be built on the site of the present 70-year old frame structure now serving the growing parish.

The memorial, or 'pace-setting' phase of this united, parish-wide endeavor to bring about the new St. Mary's church will be handled by the executive committee in a direct, pledge-type campaign, involving a 24-month payment period, Dr. Gibbons, campaign chairman explained

The objective of the campaign is to raise as much as possible of the necessary funds and maintain the parish on a sound financial standing.

Andrew Goes has accepted the chairmanship of the memorial phase. Acting as his associates will be Arthur Heilig, Theodore Browe and John Sladek Jr

This phase will be followed, from Aug. 8 through Aug. 17, by the general phase, during which every remaining wage-earning adult parishioner will be contacted by teams of parish workers under the leadership of the general phase chairman, George A. LaBlanee and his associates, Frank Bourgoin, Donald Johnson and George Smith.

The audit committee, handling the auditing of gifts, will be headed by Ralph S. Hamilton with Urban Gillispie serving as his associate.

At the conclusion of the general phase a continuation committee will be set up to function for the 24-month pledge payment period also under the direction of the Detroit firm.

FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS

GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair bas worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting —"at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the fold-down seat doubles as a built-in baby sitter.

PEANUT LEAGUE

The Dodgers all but sewed up the Peanut league first round with a 14-4 win over the Cardinals. John Ferguson continued his fine pitching as he limited the Cards to only one hit. Ferguson helped his own cause with three hits, one a home run. Ron Crandall had the only Card safety.

Against the Devils, Ferguson pitched a no-hitter for a 9-0 Dodger victory. The Dodgers scored nine runs in the second inning.

The Braves won an 6-3 game from the Sox as Ron Potter collected three hits. D. Smith chipped in with two hits, one a double.

The Pirates fell victim to the hard-hitting Cards, who racked up a 13-9 victory in a real slugfest. Ted Weidman slammed two Card homers but not until the final inning when four Cards scored was the game decided.

MEN'S LEAGUE

Freedman dropped two games during the week and in doing so, any one of three teams could win the first round title. The double loss threw the league lead into a tie between Ellsworth and Freedmans and gave the Merchants, who are a game behind, a chance at the crown.

The American Mold shook off their slump and behind Nate Boss upset the leaders 8-1. Three Freedman errors around key base hits by Ken Wojan and Joe Etienne produced five Mold runs in the third and the winners were never headed. Wojan added a home to lead the winners hitting attack. Kit Carson and Bob Klooster had two safeties each for Freedman.

Ellsworth combined base running, timely hitting, and Freedman errors for a 6-2 victory and a share of first place. K. Roberts had three important singles for Ellsworth and Dave VanDrummel had two hits in a losing cause.

Freedmans did add one victory to their record when they took advantage of Merchants errors to score six runs for a 6-0 win. Both teams collected four hits with Norm Helms getting two for Freedmans.

The Merchants walked to victory over the Inn when they drew a total of eighteen walks for a narrow 6-5 win. Quint Walker was the winning pitcher allowing only one hit. Bob Darbee picked up the loss yet he too allowed only one safety.

Ellsworth kept winning the close ones as they posted a narrow 4-2 win over the Merchants. Three runs in the second inning were all they needed as they hung on for the win. Each team collected four hits but shady fielding hurt the Merchants.

From where I sit ... *by* Joe Marsh

On the Right "Track"

Jeb Fisher, the local stationmaster, tells a story that happened last winter during one of our worst blizzards.

Seems there was a Center City salesman down at the depot waiting for the scheduled 8:02 train. Storm raging the way it was, small town, why, the poor chap pictured himself stranded for days. Suddenly a train emerged from the storm and creaked to a stop. It was the 8:02, right on time!

The happy salesman shook Jeb's hand and said: "Weather like this and your 8:02 is right on time!" "Hate to disillusion you, son," said Jeb, "but this is yesterday's 8:02."

From where I sit . . . things aren't always what they first appear to be. For example, there's the fellow whose first impression is that only iced tea is *real* refreshment, but not beer, which I prefer. Sure he's entitled to his opinion, but he's got to respect mine too. That's tolerance and that's something we've got to "train" ourselves to have more of.

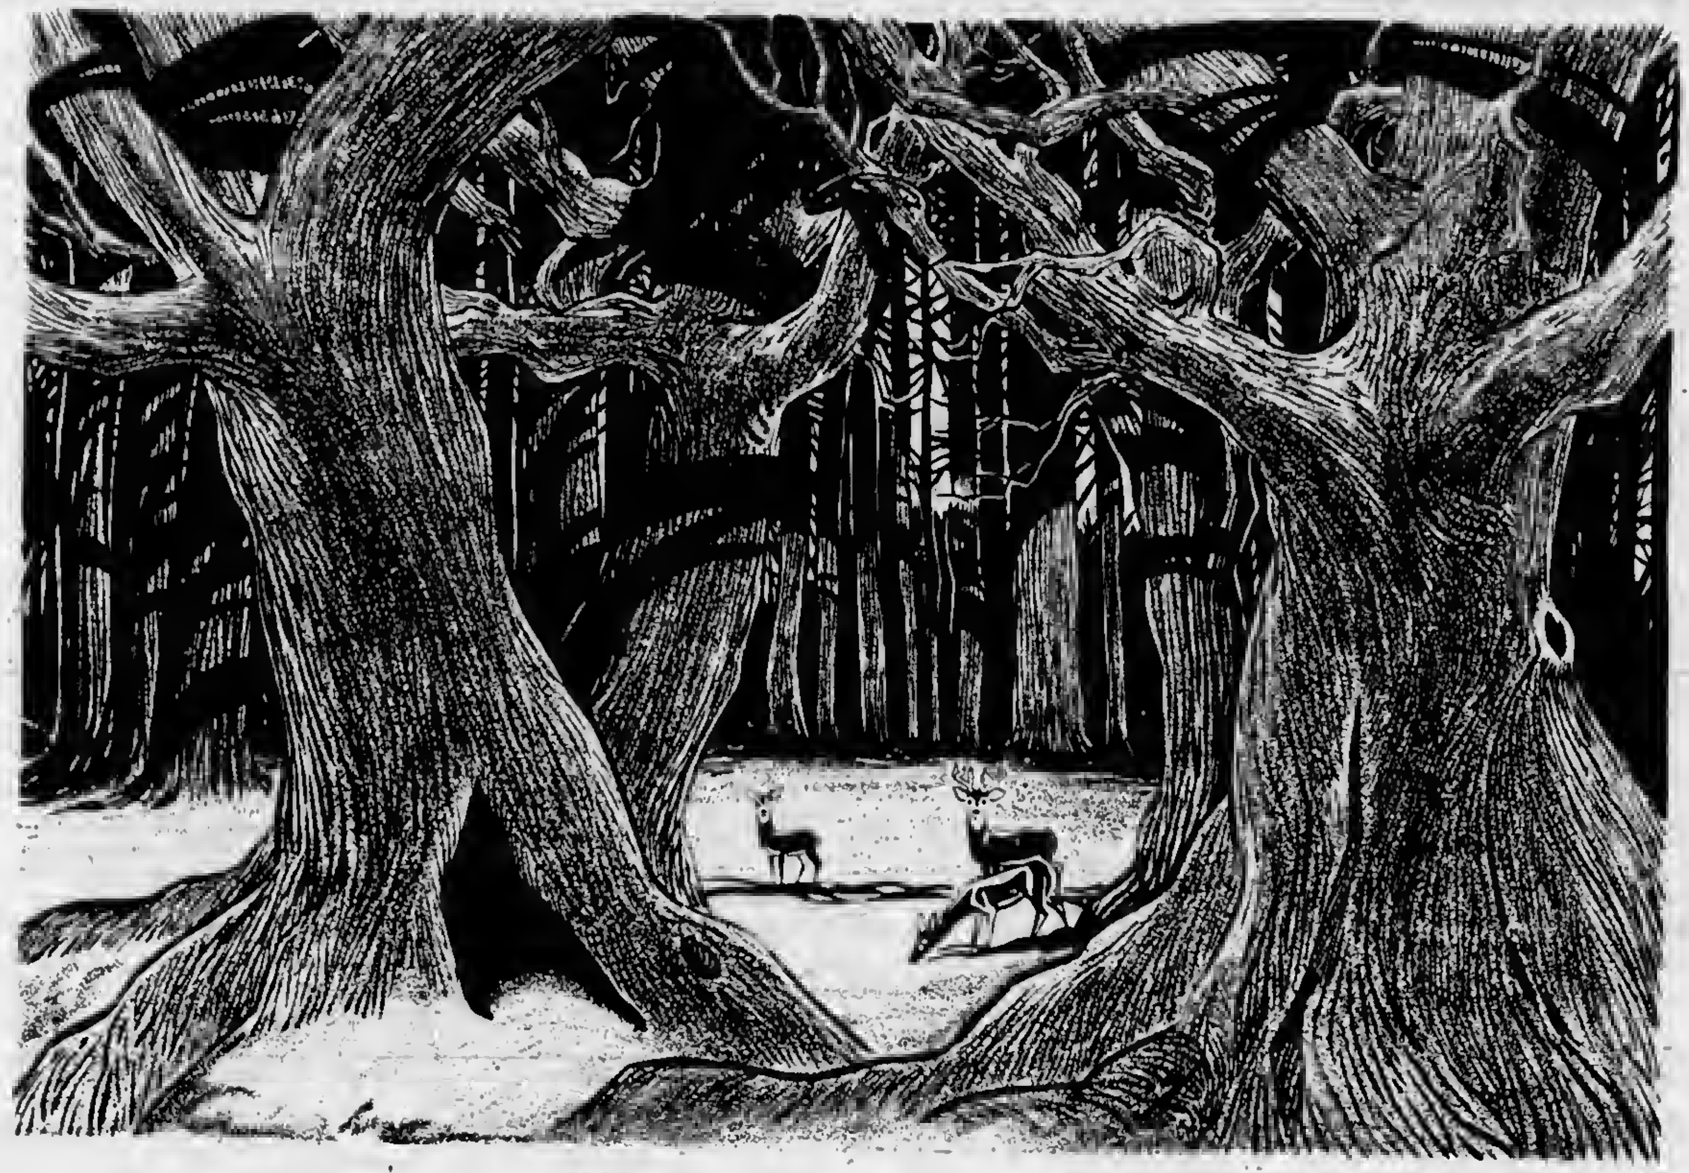
Adventures in Understanding

Notes from a Northerner's Diary

By Harold E. Kohn



Hidden Beauty

One of America's best loved trees is the white oak, a stout and stocky tree built to withstand the shock of tempest, to wrestle with storms, and to win. A single oak in itself sometimes seems to be an entire forest. It stretches out to embrace as much earth as it can with its roots; to sift as much warm, amber sunlight as it can with its leaves; to offer as much shelter as will be welcomed by the birds of the air; and to supply as much acorn-food as it possesses to foraging deer and squirrels and jays.

A white oak is loved for its majestic height and its powerful [illegible] and the astonishing span of its limbs — qualities which can be achieved only by attaining a great age. In America there still stand venerable white oaks that are as old as our nation. When Salem, New Jersey, was founded in 1675, Quaker John Fenwick, for purposes of treaty-making, convened Indians in the shade of a great white oak that stood as a land mark. That tree still overshadows the Friends' Cemetery at Salem. In the churchyard of old Saint Paul's at Fairlee, Maryland, a white oak towers 118 feet, with a spread of 127 feet, and at Wye Mills, Maryland, an old patriarch blesses earth and space with limbs that reach 148 feet in gesture of benediction. Although most of their contemporaries succumbed to the march of civilization and to the need for the oak's excellent timbers used in building blockhouses, log cabins, barn, bridges, barrels, and ships, a few monarchs still reign over groves of younger oaks, rustling their commands, and in a last show of slipping strength splintering the sunshine into fragments of gold.

But besides its obvious grandeur the white oak possesses a hidden inner beauty. Clip a twig. Cut it cleanly, and look at the light-colored pith-wood in the center The cross section of a twig is not round, as in most trees, but star-shaped. Besides its evident unconcealed loveliness, every white oak possesses a secret star, a hidden beauty.

This is one meaning of character in a tree, a nation, or an individual — possession of some hidden beauty comparable to, or exceeding, attractive outer appearances. A nineteenth century sage and a twentieth century beauty agree on the relationship between inner beauty and outward appearance: Ralph Waldo Emerson declared in his "Conduct of Life" that "There is no beautifier of complexion, or form, or behaviour like the wish to scatter joy and not pain around us," and Claudette Colbert has said, "It matters more what's in a woman's face than what's on it." We would be wise to examine and re-examine our modern civilization as well as our individual characters by such standards. Is the face that America shows to the world an expression of our inner interests and national ambitions? Are we having a hard time with our national appearances and acceptance by the new nations mainly because we have in the past not sought so much to scatter joy as to flaunt our wealth and our might? Perhaps we will look better to the world only after we have learned to BE better.

Not long ago it was revealed by a beauty and fashion magazine that in America nearly nine times as much money is spent in a single year on perfume alone as is spent on medical research. And nearly fifty times as much is spent per year on shampoos and other hair preparations and on hand lotions as is invested in cancer research. We spend money through pipelines for appearances and through eye-droppers for the real, essential welfare of our people. Do we Americans care more for how we look than for what we are?

Oren Arnold has told in "Nation's Business" of an acquaintance who once wanted to be of help to a talented Navajo squaw. She was a rug and blanket weaver of rare skill. Being a religious person himself, and seeing an opportunity to edge in a bit of religious propaganda, the man requested that the rug be woven with some of the white man's religious symbols in it. When the squaw solemnly delivered the rug and received her pay, the purchaser saw how miserably he had failed as a religious propagandist. Instead of a cross, a communion chalice, or a stained glass window, the squaw had woven into the rug pictures of automobiles and pop bottles. To her mind they represented things the white man worships. Do our outward appearances reflect our inner devotion?

Are we like a boy engaged in washing a window expending vast energy in cleaning and polishing the outside of the glass, rubbing and rubbing to remove a stubborn smudge, only to find at last that the soiled spot is on the inside?

There is little said in the Bible that would give us a clue as to Jesus' appearance. We know nothing about His height or weight. The color of His eyes, hair, and complexion we can only guess. We do know that men, women, and children were attracted to Him singly and in multitudes, but His attraction was evidently not in His unmentioned physical appearance but in His compassion, His love, His forgiveness, and His gracious words. People came to Him because of an inner beauty that the discerning were quick to find and appreciate. One little girl one time pensively said to her mother, "Mom, do you know, I think Jesus was the only one who dared to live His life inside out!" His hidden beauty did not remain hidden.

One of beauty-conscious America's chief needs is for more people who will develop an inner beauty that exceeds synthetic outward good looks, and who will then refuse to hide the inner splendor.

Dare we live life inside out?

Law Requests The Wages of Household Help Be Reported

More than 100,000 housewives throughout the country may be violating the social security laws by not reporting the wages they pay their household help, according to officials of the Social Security Administration.

Many household employees are still not being reported for social security by their employers, although their cash wages from each employer may amount to well over $50 in a three-month period.

Some employers may not understand their responsibilities under the law. As little pay as $4 a week amounts to more than $50 in a quarter. Also, some household employees may have asked their employers not to file the returns because they do not want to have their share of the social security tax taken out of their pay. The law, however, holds the employer responsible for making the returns and paying the taxes.

The Social Security Administraton has a little booklet of social security information for household employers, "Social Security for your Household Employee," which contains a post card she can send to the District Director of Internal Revenue, asking thot she be put on the mailing list.

Household workers who would like to know more about their rights and obligations under social security should get in touch with the nearest social security office and ask for the pamphlet, "Good News for Household Workers." The Social Security office is located at 235 Grand View Parkway, Traverse City, Michigan.

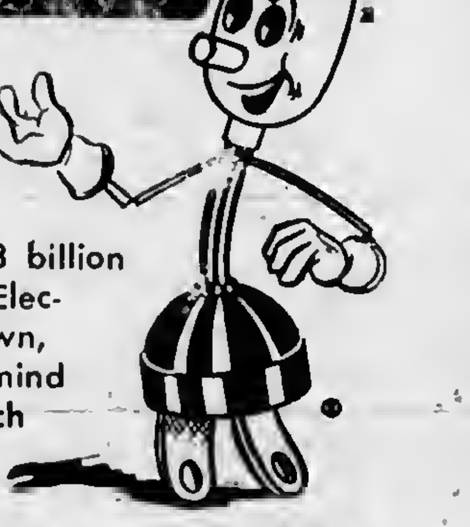
How does REA fit into the picture?



REA is simply the bonker from whom a group of your neighbors borrowed money to build their Rural Electric system os the only way they could get electricity.

Since 1935, the REA hos lent well over $3 billion to moke it possible for aur nation's Rural Electrics and ather borrowers to build their awn, locolly-controlled systems . . These are loans, mind you, being paid back when due, and which have returned to the government almost $500,000,000 in interest!

The REA does not tell us how to run our business . . . America's Rural Electrics are owned and managed by those they serve — striving always to provide dependable electric service at the lowest possible cost!

Awarded Scholarship

At a banquet at the Dilworth Hotel in Boyne City, Harlan E. Ruback, manager of the Top 'O Michigan Rural Electric Co. announced that the 1960 Top 'O Michigan Rural Electric Co. Scholarship was awarded to Lucille Ann Speltz, of Boyne City.

Mary Gallagher, of Beaver Island, was selected as alternate, in the event Miss Speltz does take advantage of the award.

Over twenty applicants attended the banquet, and were told by the judges that all the essays were of collega caliber, and final selection of the award was very difficult. Other factors which were considered in making the final choice were financial need, scholarship standing, character and recommendations of school principals and class advisors.

DID YOU EVER hear of the MYSTIC? It might be a fortune teller with a towel wrapped around his head, but it's not. The MYSTIC is Michigan State University's robot computer, and the unusual thing is that this overgrown adding machine now has a secretary of its own! Yes, the MYSTIC is hooked up to an automatic telephone answering device so a trained scientist can check on the machine by phone. That's certainly a sign of the times—now machines have machines working for them.

THE PHONE RANG and a small boy answered. "I have a collect call here," said the Michigan Bell operator. "Is there anyone older at home?" "Sure," answered the boy, "Michael's here. Do you want to talk to him?" "Well, how old is Michael?" asked the operator. "Just a minute," replied the boy. In a moment, the youngster returned to the phone: "Michael says he's seventy!"

MOVE OVER, Princess Margaret and all the crowned heads of Europe . . . we've got our own Princess—a wonderful, new addition to our family of telephones. The lovely Princess is the latest thing in telephones. Little enough to fit on the smallest night table, it comes in five decorative colors. The built-in night light brightens when you lift the receiver. To order this new telephone, stop in or call your local business office or, ask the man on the telephone truck.

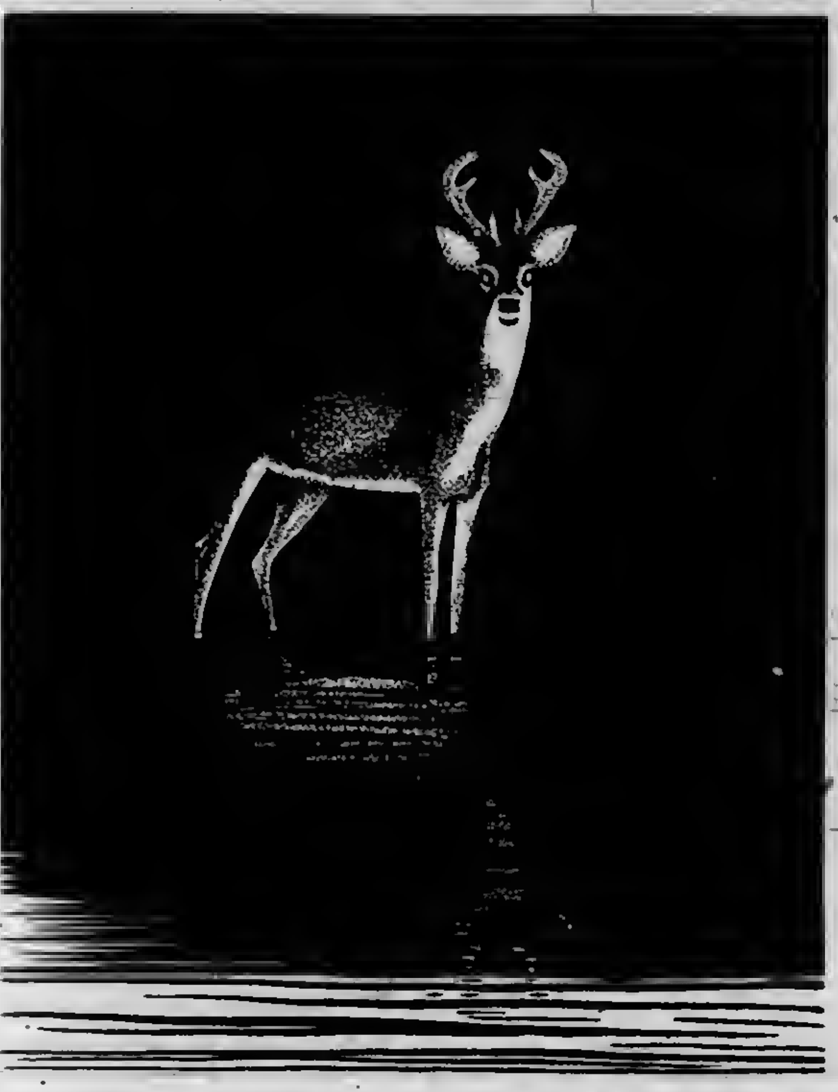
JULY

IN MICHIGAN

By Harold E. Kohn



Northerners and vacationers who fish lakes and streams at night might well keep a flashlight near at hand and occasionally probe the beaches and banks with a beam for sight of deer. These timid creatures choose night to do much of their browsing because after darkness falls they stand less chance of being seen by their enemies. Also, with night comes higher humidity of the air which carries odors low over the earth, making the deer's sense of smell more useful in finding its food and avoiding its enemies. Sound waves travel farther in the damp evening air, warning deer of the approach of any unwanted visitors. However, when floating quietly in rowboat or canoe, one can often approach deer downwind without alarming them.

Why do the white-tailed deer's eyes shine when a flashlight or automobile headlight flashes in their direction? The eyes contain a mirror-like layer of cells behind the retina. The built-in mirror arrangement is necessary if the deer is to make the most possible use of such low-intensity light as can be found under the stars. With the help of the mirror-cells light can be used twice. Any light energy the retina fails to pick up and use on its inward trip is reflected through the retina once more, giving the cells another chance to capture the image.

By the way, have you noticed that raccoons, mice, and certain spiders also have eyes that shine at night?

SOME THINGS TO LOOK FOR THIS WEEK:

● See if you can find a squirrel falling through space. It happens. Squirrels sometimes miss their footing. Supposing that cocky little red squirrel racing through the tree tops should miscalculate his distance, miss the limb he aimed for and fall. Would the fall kill him? Probably not. More than likely he would catch a lower branch and swing to safety, forgetting in the next moment his dizzy tumble through space. But even if he fell scores of feet, all the way to the forest floor, the red squirrel would likely scamper off unhurt, eager to climb again. When falling far, the red squirrel spreads its body horizontal to the earth, stretching its feet widely and using its tail as a parachute that increases air resistance and softens its fall. Victor Cahalane, outstanding naturalist, tells of one red squirrel that fell approximately one hundred and forty feet from the top of a hickory tree and scooted off within a few seconds after hitting the ground.

● Watch how a toad eats an earthworm. An earthworm can be a tricky morsel to eat. Few humans can speak with the authority of experience in this matter, but imagination will suffice in lieu of a meal of these plump and succulent creatures. Fancy swallowing a whole perch if it backbone were external rather than protected by a cushion of flesh! You might as well gulp down a pincushion.

While the earthworm has no external skeleton (and no internal bones either) it is equipped with appendages that would prove just as scratchy when forced along the tender lining of a throat. Hook-like bristles on the earthworm's body, aids in crawling over the earth, protrude menacingly, making the worm a most formidable fellow to swallow.

Yet, toads eat earthworms without apparent discomfort. If a toad is bumping heavily over the ground and comes upon an earthworm, he will circle the worm until he is in position to seize it by the head. Somehow he seems to realize, if in ever so dim a way, that the bristles will scratch and tear if he swallows the worm tail-first since the bristles point backwards. But the hooked, coarse hairs can do no harm when the worm slides down the gullet head-first.

If the earthworm is more than a mouthful, the toad tears the worm to bits and stuffs them into his mouth with his front feet!

● Examine your heart and see if you can completely enjoy your vacation in the North unless you know the folks back home are suffering from miserably hot weather! A strange perversity, isn't it?

News Round-up at
Camp Charlevoix

The third week of camp started off with the camp Photographer being here and taking activity pictures, group pictures, and views of the camp. However, nothing stops our trips program from going on, and on, and on. Chuck Stebbins took his cabin of boys to Bells Bay for a day trip, the boys being Bob Hickham, John Deane, Terry Cowhey, John Rotz, Barry Brown, Bill Green and Dick Flaningham. Cabin 11, with Bob Asken in charge took an overnight horseback trip, his boys being Bill Peters, Fred Robertson, Steve Rea, Frank Roberts, Terry Summerfield and Woody Kiefaber. Cabin 16, with Chuck Hannaman in charge went to Fisherman's Bay for an overnight. The Mugwump was hidden during the supper meal and the entire camp was dismissed to look for it. This is a game in which a "Mugwump" (a piece of brightly painted wood) is in possession of the team that finda it (either the Greens or the Greys) and they have to try to run it at least once a day through the entire camp without losing it and hiding it again in the woods. After much searching, the Greys found it, and hid it in the woods ready for the next day when they could show it and try to keep it. It is always interesting to note that visiting alumni always ask if we still run the "Mugwump." It is a great Camp Charlevoix tradition that has gone on and on for over thirty years.

Tuesday morning bright and early, up at six, breakfast at 6:30 and leaving at 7:00 a.m. the first Mackinac Trip left camp. These are boys who were among the first fifty enrolled last summer for this season. The boys on this trip were: Chris Olsen, Todd Tupper, Jim Steffe, Wayne Hause, Bob Foley, Mike Plisken, Tommy Seidman, Bill Gross, David Arndt, John Foley, Russell Washburn, Steve Martin, Dean MacVicar, Tom Patrick, Jeff Tupper, Craig Finch, David Spaulding, Paul Phillips, Steve Wardrop, Dave Frederick, Dave Hause, Dick Flaningham, Bill Green, John Varonoff, Grant Washburn, Dick Daley, John Kunkel, Fred Tucker, Arthur Brown. Ken and Dave Lean and Forddy Kennedy supervised this trip. The day was ideal, and the boys returned to camp that evening tired but very happy at seeing so many historical sights. Jim Pickett and Gary Murfin took their boys on a day trip, the boys being Howard Davis, Danny Hall, Paul Sherman, Chris Olsen, Don Hayden, Bob Steketee and Lee Beckman. Cabin 8 with Micky Luck and Rick Loveland in charge took an overnight trip, the riders being Ralph Miesel, Wally Dyer, George Steinhardt, Robby Plisken, Doug Laing and Paul Sharp.

On Wednesday evening, we were hosts to Camp Ta-Wa-Ma-Na at a dance in our clubhouse. Cabins 21, 11 and 5 were at the dance and everyone had a very fine time. Don Stephen and Neil Perry took their boys on a day trip to Bell's Bay. These boys were: Walter Russell, Scott Smith, Eric George, Eddie Robertson, Paul Kirwin, Bill Fraim and Tom Bayer. Doss Powell and Marty Burke took their boys to the same place for a day trip, the boys were: Martin Johnson, Bradley Bielfield, Dick Osborn, Bill Carroll, Charles Dort and Keary Sawyer. Cabin 9 took a horseback overnight to Bay Shore, Dan Ross' cabin. The boys were Bill Parker, Billy Kuntz, Bill Gross, Dick Mueller, Sandy Coakley, Neil Middleton and Martin Vonnegut. A day trip to Fisherman's Bay was taken by "Rebel" Thompson and Kent Gibb's cabins. These boys were: Dick Daley, Grant Washburn, John Varonoff, Charles Sullivan, Chris Nyland, David Roberts, Jim Harper, Jon Steffensen, Wes Murfin, John Baird, Ted Schmidt, Page Henderson, John Kunkel, and Fred Tucker. In the evening a "Capture the Camper" was held. The campers hide in the woods and the counsellors try to find them. The team having the least number found wins a point in the Green-Grey competition. At the end of the hour, there were 32 on each side who were found, so it ended in a tie.

On Thursday, more trips went out. Forddy Kennedy took his boys in cabin 17 on a horseback overnight and Joe Berry took his cabin 6 on an overnight to Eastport.

On Friday we were hosts to CAMP ALGONQUIN in a day of inter-camp competition in many sports and areas. CAMP CHARLEVOIX emerged the victors by winning the over-all competition by a score of six to four. Our swimming teams, coached by Cy Pick won both meets by great scores, some of the winning swimmers being Bruce Nyland, Mark Taylor, Hal Thurston, Rick Swanson, John Foley, Paul Sherman, Tim Calvin, Dave Huck. The Senior team was made up by Fred Tucker, Jon Steffensen, Tom Kennedy, John Baird, Wes Murfin, Bob Lohman, Pete Fairman, and Chris Nyland. Our sailors won their race with Page Henderson being the winning skipper. Cabin 1 with Kerm Krueger went out on a day trip, as did Cabin 7 with Gene Hellman. In the evening, the campers were very busy with Carnival Preparation. Everyone was rushing around gathering rope, lumber, etc. painting signs, too.

Saturday morning was given over to putting up the booths. And at three o'clock, the bell rang for the start of the Carnival. A very fine group of parents were present and for two hours the campers had a great deal of fun. The booths were the cleverest we have ever had and the whole carnival was a huge success. In fact, it was the best we have ever had. Mrs. Smith (Ruby) and the committee chairman, Jim Pickett, did a tremendous job. Cabin 1 with Kerm Krueger as the counsellor (Wishing Well) and Cabin 16 with Chuck Hannaman (miniature golf) won the prizes as the most original. Cabin 5 (Jim Pickett's boys) took in the most number of tickets for their jailhouse. By seven thirty, the camp grounds were all cleaned up, everything was taken care of, and once more the camp was back to normal. O, yes, we must mention the fact that parents parked their cars up at the stables and the cowboys had two wagons bringing the parents down into camp. It was quite an experience and I know our big teams really had a work-out that day. The week ended with the Mugwump being brought out of hiding and not a point was won by either the Greens or the Greys as there wasn't a successful showing all week.

Six o'clock Sunday morning found Cabin 21 with Dave Lean as the counsellor all loaded and ready to take off in the camp station wagon for a five day trip up to the Keewanau Peninsula where they were the guests of Mr. and Mrs. Don Bliss of Grosse Pointe at their lighthouse at Five Mile Pointe away up in the copper country. The excited boys were Mike Grass, Tom Kennedy, Art Brown, Bob Million, John Donaldson, Russ Anderson and Dick Steudal. At the Chapel service, we heard John Logie speak on "Self-confidence." The staff choir sang and the scripture was read by C. J. Shelly and Terry Summerfield. In the afternoon, the Annual Green Grey Rodeo was held. This is a practice rodeo in preparation for out final Rodeo at the close of camp. After the afternoon events were over, we found that both the Greens and the Greys had won the same number of events, so each team got one point. At this stage of the summer the scocre now stands at Greys 7 and the Greens 4. In the evening, the Vesper Services were held with Gene Hellman being the speaker at the Senior-Intermediate service.

Here we are entering the final week of the first period and already boys are talking about next year. Several boys are already enrolled so as to get on the 1961 Mackinac Island trips.

Boys are busy in activities trying to accomplish certain standards so that they can get stars in that activity.

Taxing Units to Air Appeals To County Board of Supervisors

Two taxing units in Charlevoix county will oir appeals and a third will request a study of its real property valuations when State Tax Commission representatives meet with the Charlevoix county board of supervisors at a special meeting called for Wednesday.

The tax commission is visiting the county following the filing of appeals by Charlevoix township and the Boyne City school district and a request for a tax study by the city of Charlevoix.

Two meeting have been scheduled for Wednesday, the first at 11 a. m. and the second at 2 p. m.

At the 11 a. m. meeting the appeals are expected to be heard.

Charlevoix township filed an appeal with the tax commission following the April meeting of the supervisors when this governing body voted to equalize its tax rolls as assessed. It is the feeling of the township, as explained by its supervisor, Clarence F. Rabach, that the action will render a hardship on the residents of his township since he has made an effort to bring his tax roll to a given level, that is, 40 per cen of the true value of the property, while other taxing units have set their valuations at a much lower level after turning down the equalization committee's recommendation that all properties in all taxing units be set at this level.

The Boyne City school district will appeal the Charlevoix county tax allocation board's action in allocating only 7½ mills to the schools in the county instead of the full eight mills needed to allow 100 per cent participation in the state aid program.

The tax rate, as adopted by the tax allocation board, gave 7½ mills to all school districts with the exception of Peaine and St. James townships on Beaver Island which received eight; 6½ mills to the county for operational costs and one mill to all townships with the exception of Nordid not show a need and St. James and Peaine which received one-half mill after they requested that the other half mill be given to theor combine school district.

Charlevoix's supervisors, Ivan Phillips, T. R. Miller and Harry Gebeau, will request the tax commission to make a study of the City's real estate valuations, omparable to that made of its personal property tax last year. They will also ask that the tax commission re-set the state equalized figures for the city following the study. It is the feeling of the supervisors that the city, which has tried to equalize its rolls at a fair figure, would receive some relief as it did last year as the result of a review of its personal property.

"In delivering ballots and meeting with election boards, I got the feeling that groups backing certain candidates on both ballots will see that the voters get to the polls Tuesday. If they follow through in their plans to get the voters out and the weather is good then I think we can look for a better than average vote," Mr. Bulow said in explaining his prediction.

A local issue will usually bring out the vote but in Tuesday's election there is onl one contest This is on the Republican ballot where incumbent Claude Pearsall of Boyne City is being opposed by Gerald L. Fineout of Walloon lake for the office of road commissioner.

However, there are several contests of major interest to both parties on the state level.

Paul Bagwell is unopposed for the Republican nomination for governor but Edward Hutchinson and Clarence A. Reid are seeking the nomination for lieutenant governor.

Alvin M. Bentley and Donald S. Leonard, both widely known in Republican circles, are seekin the nomination as U. S. senator.

In the area ther are six candidates for the nomination for state senator in the 29th district being vacated by Frank Andrews of Hillman who is retiring from politics because of failing health. These include William C. Doyle John E. Peirce, Thomas F. Schweigert, Carl Titus, Kenneth P. Vogelheim and Erich Weidemann.

Democratic candidates who are unopposed for nomination include. incumbent U. S. Senator Patrick V. McNamara; Representative in Congress, 11th District, Prentiss M. Brown Jr.; State Senator 20th District, A. M. Schneider; Representative in the state legislature, Charlevoix District, Guy L. McPherson; county clerk Adolphus F. Allard; treasurer, Archie M. Republican incumbents who are unopposed follow: representative in congress, 11th District, Victor A. Knox; representative in state legislature, Charlevoix district, Clarence B. Meggison; prosecuting attorney, Harvey C. Varnum; sheriff, Glenn E. Rose; clerk, Fenton R. Bulow; treasurer, Lillis M. Flanders; register of deeds, Grover C. Adventures in Understanding

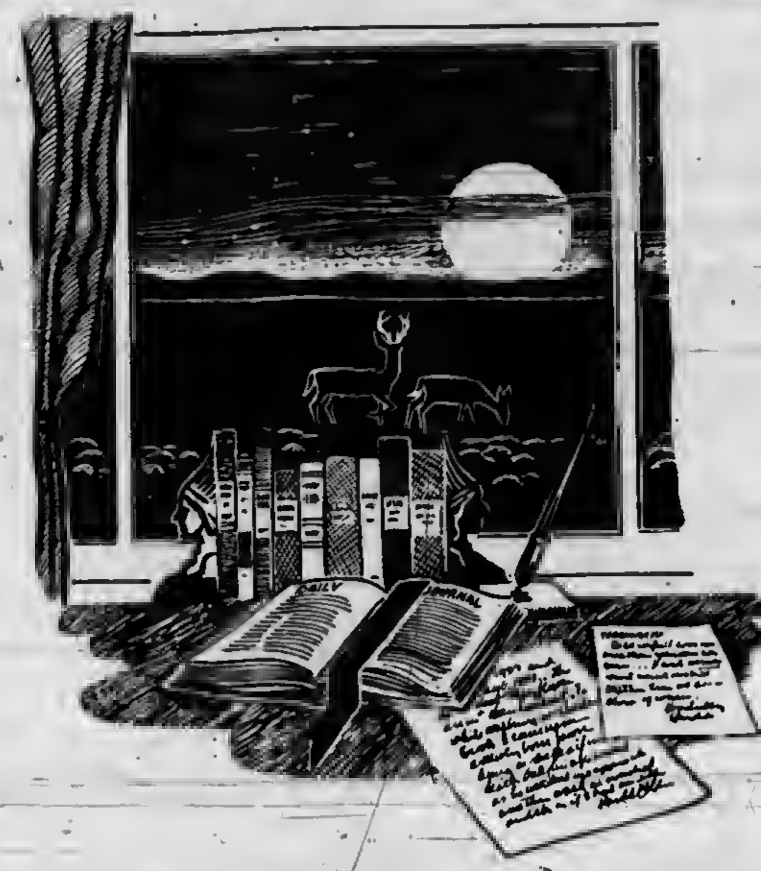
Notes from a northerner's diary

By Harold E. Kohn



'Please Remind Me . . .'

Great God
Who dost not loudly
  shout Thy presence,
Boast of Thy goodness,
Or roar Thy bidding
  at Thy children,
I thank Thee for every
  quiet whisper
That reminds me Thou art near
And for every plainly written
  memorandum
That Thy work continues
  in the world.
Winds softly breathing
  amidst green groves,
Waves throbbing against
  sandy shores,
Raindrops whispering to
  listening lawns and gardens
Quietly tell of Thy mercy
  and favor,
And gently suggest, "Thank
  God."

Shocks of grain sprawl
  across the fields
A casual mention of Thy
  bounty.
Vegetables growing in
  perfect rows and
Fruits randomly strung on
  countless limbs
Wordlessly announce
  Thy grace.
The sunshine's slanting rays
Compose light-and-shadow notes
  that say
"Thank Heaven!"

* * *

Anytime I listen,
Everywhere I look,
I am reminded
  God lives, and
I'm given cause for praise.

* * *

Because I'm absent-minded, Lord,
Please remind me
Of all that I am prone to overlook,
Of all that I so easily forget.

If self-interest should corrode
  my sympathies
Or self-esteem cause me
  fear death,
Remind me how well the
  world thrived
Before I came:
Tides ebbed and swelled;
Calm followed storm;
Living things were born,
Grew, mated,
Busied themselves with
  their alloted tasks
And died
Without thought of me
Or need of me,
And tomorrow,
And in all the morrows
  yet to come
The sun will rise
  without my aid
And set without
my help.
When I feel self-
  important, Lord,
Remind me.

* * *

When the day's headline news,
And the smut of novels,
When bad government,
Public vice and small gossip
Bawl out noisy witness
To the meanness of man,
Then remind me that
Christ was also man
And called Himself
"The Son of Man."
Remind me how much
  of God was once
Crammed into human flesh,
Flesh like my own,
Flesh like my neighbor's.
Remind me, Lord, remind me.

* * *

When I feel helpless
To do much about the world's
  vast troubles,
Then remind me, Lord,
  remind me
Of what an ordinary man
  can do.
Even I can help lift
Another's burden that is
  heavier than mine.
Even I know how to live
A bit better than
  I'm living.
Even I can share
  whatever joy I have.
Even I know some
  words of cheer.
Even I can pray
  and join my weakness
To the power of God.
Although I cannot do
What I would wish,
I can do something,
And I can do it now.
Remind me, Lord remind me.

Saks to Present Styles by Sophia At Four Day Fashion Show

Beginning Saturday, July 30 and continuing through Wednesday, August 3 vacationers and residents of Northern Michigan will be given an opportunity to view ready to wear collections designed by Sophie of Saks Fifth Avenue assisted by Stephen Erklin.

For daytime wear Sophie is showing crepe, pesante and smooth wool. These dresses feature varying pleated skirts for easy mobility, skirts with wide wedges of pleats dropped just above the hemline, or the amazing symmetry of pleats of all lengths.

As for suits she pays particular attention to color. For the suit with the long capsular jacket she uses mellowed fruit shades in deep plum, raspberry, and soft olive hues. Complimenting accents are the taffeta scarves in blending shades or warp print blouses and linings. The brief boxy formations are shown in tweeds and checks. The trim is provided by reversing the fabric and outlining the pockets or the entire jacket contours.

Style minded women will notiee that throughout the collection of daytime and evening wear are nuances of descending waistline whether it be a suit of black wool or a tailored tweed dress. Lace dresses for evening show long Flamenco bodices, their embracing lines contrasted by flouncy skirts.

Emphasis goes to the portrait fabrics, the resplendent peau de soies and brocades that lend themselves to exquisite sculpture. Among the more vivid intonations are sheaths of gold-laced brocade, tempered with brilliant lime or kelly green, and a full skirted silhouette of black, lavishly imprinted with giant crimson roses.

Midnight companions of a woman's fashion life are the formal sheath silhouettes of chiffon and marquisettes. Sometimes they are softly draped stems of rich colour or black, as fragile as a eloud, or again encrusted with glittering, embroidered lace.

The speeial showing of ready to wear collection will give the descriminating woman a preview of what is new and exciting in the world of fashion.

Mr. and Mrs. Warren Shapton of Lansing are spending two weeks with their respective parents, Mr. and Mrs. Earl Shapton and Mr. and Mrs. Bonnie Nickerson.

Mr. and Mrs. Floyd Swarhout and two children returned to their home in Fort Wayne Saturday after spending a few days with his mother, Mrs. Charles Howard.

Mr. and Mrs. Louis Hooper and boys spent the weekend in Farmington with her parents, Mr. and Mrs. J. R. Baeon. Mrs. Hooper will remain there to assist with the nursing care of her brother, Tom, who is a patient at St. Joseph's hospital in Ann Arbor.

Ann Martin, Exchange Student Tells Experiences in Germany

Ann Martin, recent Charlevoix high school graduate, who is spending the summer in Europe under the sponsorship of the Youth for Understanding program of the Michigan Council of Churches has written the following account of her experiences at Munich. She is the daughter of Dr. and Mrs. Robert G. Martin.

Dear friends,

"Gruess Gott" as they greet you in Bavaria. I'm having a wonderful time and I'm getting to know Germany in a way that no tourist ever can.

First, I'll introduce to you the family that has given me my second home. I'm staying in a lovely Munich apartment with the family of Dr. Christian Tietz (It was not by coincidence that I was placed in a doctor's home). Dr and Frau Tietz have three children: Christel, 16; Rainer, 15, and Marion, 11 The family's interests are very much like my own family's. They like such things as music, reading and art as well as boating, camping and mountain climbing.

They all know some English and Dr. Tietz speaks it very well. They were able to make me feel at home at once and they have been very kind in seeing that I have as broad a view of German life as possible. They have taken me on several sight-seeing trips and this week we shall attend a concert at Nymphenburg.

Munich is the cultural center of Bavaria, a beautiful city, and quite different in appearance from American cities. Most of the buildings are stucco or cement, often with orange tile roofs. The sidewalks and most of the streets are made of brick and they are quite narrow. Most of the shops are very small and sidewalk cafes and fruit stands are common sights. Streetcars are the main transportation and the automobiles are nearly all Volkswagens or other small cars. The skyline shows many spires and domes for Munich is a city of beautiful churches.

The Isar river runs through the city and around part of it is the beautiful English Garden with winding paths, small streams and lakes where ducks and swans swim, beautiful weeping willows, flowers, everything lovely.

In vivid contrast to the beauty in Munich are the scars from the war. Occasionally a ghastly building front still stands with nothing behind it but rubble. And often bare, marred walls are exposed where other buildings once adjoined them. It's an unpleasant sight but it certainly makes one think about the futility of war.

The Bavarian countryside is beautiful. Most of the small roads, even in the open fields, are shaded by rows of trees planted close to the road, forming an arch overhead. And wild poppies splash color along the roadside The German forests are much taller, darker and denser than our Michigan ones and they are almost solid evergreen. Some of the wooded areas we saw used to be the hunting forests of the Bavarian kings

The small villages here seem to me like pages out of a story book. Most of the houses are white stucco with dark wood trim, bright-colored shutters, flower-decked balconies, and wide overhanging roofs .The people may be seen dressed in the colorful native Bavarian clothes.

The first weekend I was here we went up into the Alps for the Midsummer Night Fire, traditionally held on the first weekend after June 21st. My first view of the mountains was thrilling, and when we drove up to the mountain farmhouse where we joined three other families, the scenery was more beautiful than I ever imagined anything could be. I felt like Hedi in the Swiss Alps.

When it grew dark, we gathered around the fire and roasted sausage and from there we could see several other fires on neighboring mountainsides as well as the lights of the village below.

The next morning we did something I had always dreamed of doing — we climbed a mountain. For me it was rugged going but the view from the top was breathtaking. (As if I had any breath to spare after that two - hour climb.) From there we could see the village of Oberammergau, where the Passion Play is performed, on over to the rocky Emporer peaks in Austria.

For two days I visited Christel's school, a small one in the neighboring town of Starnberg. Since I couldn't understand enough German to follow the lessons, I could only observe the students' behavior! They stand when a teacher enters or leaves the room and when they address him. As for the lessons, they seem to be quite thorough. The course of study is set up by the government so it is the same in all German schools.

The last month of my stay in Germany we will spend at Chiemsee, a lake where the Tietz's go every summer. My address after July 26 will be c-o Dr. Tietz bei Kirchmaier, Schuetzing. (13b) Post Chieming/10bb, Germany I hope more of you will write and I promise to answer.

I love Germany but, of course, I miss America and I've learned to appreciate her much more since I've been away. And now, auf wiedersehen, have a bang-up Venetian weekend and I'll be thinking about you.

Sincerely, Ann Martin

News Round-up at Camp Charlevoix

The fourth week of camp started off with more trips scheduled. Don Stephens took his Cabin 2 over to Mt. McSauba along with Cabins 8 and 9 under the leadership of Mickey Luck and R. Loveland and Danny Ross. Cabin 7 with Gene Hellman took a horseback trip that day.

On Tuesday, Mike Bazany took his Cabin 13 over to Mt. McSauba on a day trip. Cabin 17 with Forddy Kennedy took a canoe trip down the lake to McClures landing for a day trip and the boys enjoyed paddling very much. Tom Richardson took an overnight horseback trip to Bay Shore with his cabin of boys in Cabin 14. Kerm Krueger and Cabin 1 went to Whiting State park for an overnight. These little fellows had a great time playing in the sand and sleeping out in tents.

Wednesday found Chuck Hannaman taking his cabin of boys on a canoe trip down the lake. Bob Askren took his boys on a day trip to Mt. McSauba while cabins 10 and 20, John Logie and Kent Gibbs went to Fisherman's beach.. Jim Pickett took Cabin 5 on an overnight to Whiting and these boys reported a good time. In the evening we had our first "Skit night" and everyone was pleased with the new stage in the "Bigwam". Jim Land, head of dramatics, had put together a most entertaining evening. The C. I. T's. gave a skit called "Gun Tote" which was very funny. Cabin 17 (Kennedy) gave a "Radio Skit". Cabin 4 gave a play called "The Echo" with Jack Reeder as the leading man. Dan Ross's boy gave "The Medic". A star was born during the evening. Parky Smith taking the lead in "Little Red Riding Hood" gave a stellar performance as did the rest of the group.

Thursday was a rainy day in camp and we decided to sleep in and go on a Sunday schedule, breakfast at 9:15. Everyone was glad to have rain as it was our first rain since we opened camp 25 days ago and the countryside was dry. In the evening the movie "Joe Palooka" was shown.

Friday was packing day for some of our campers, though activities went ahead as usual. Chuck Hannaman took Cabin 16 on a horseback trip and Cabin 8 went over to Fisherman's Beach. Bill Fors took Cabin 15 over to Fisherman's Beach for supper. Today the winners of cabin inspections were announced and these cabins went into town to the movie. The winers were Cabin 1, Cabin 14 and Cabin 18.

Saturday was both a sad and a happy day at camp. The first four week boys were leaving and in the afternoon the new boys arrived. In order to get the new boys acquainted pillow fights were held in the evening. The first match of the evening found two very good friends, both red heads, pitted against each other. Bob King of Grosse Pointe won over Bill Honer of Jackson. Other winners were David Sawyer of Grand Rapids; Tony Crocker, Birmingham; Bruce Chidester, Dearborn; Bob Steketee, Grand Rapids; Parky Smith, Flint; Ralph Miesel, Detroit; Chuck Allendorff, Sandusky, Ohio; Earl Smith, Dearborn; Geoff Smith, Dayton, Ohio; Kerry Sawyer, Grand Rapids; Ron Kirk, Detroit; Walter Russell, Charlevoix; and Leland Schaffer, Jackson.

Sunday morning at chapel, Cy Pick, head of the waterfront program, gave a talk on "The Magic of Camping". We had many parents visiting us during the service and it is always nice to hear how much they are impressed by the serbice. George Turner and Parky Smith read the Scripture. Mention should be made of the huge white cross which was erected by Bob Askren and his committee. This cross is much larger than our old cross and it adds much to the beauty of the chapel.

In the afternoon physical exams and swimming tests were given to the new campers, followed by a waterfront afternoon at which Cy Pick arranged many stunt events. In the evening Vesper Services were held with the juniors having their meetng in their own Paul Bunyan ring and the rest of the camp meeting on the beach.

At Sunday night staff meeting it was decided to start a new era at Camp Charlevoix by dividing the camp into four sections instead of the three sections as we have been doing for the last 35 years. The Juniors are now Cabins 1 through 5. The Preps, cabins 6 through 10; the Intermediates, 11 through 15; Seniors, 16 through 21.

The boys are rehearsing for the Choir for Venetian Night when for the last 25 years, Camp Charlevoix has taken a group of 40 boys in the celebration to sing a program of Sea Chantys.

Charleston, S. C., 1861, marked a dramatic high point in Hartford Agency service. Agent A. H. Hayden, cut off from communication with the Home Office by the Civil War, buried his policyholders' fire-loss records. Hayden's foresight resulted in every claim being paid in full at the end of the war.

Looking out for the welfare of our policyholders is the primary concern of this Hartford Agency. Whether your loss be big or small, you can be certain of professional insurance advice, prompt service . . . yes, and even moral support. *That is the Hartford Agent way.*

JULY

IN MICHIGAN

By Harold E. Kohn

In mid-summer almost anyone who wants to see deer can find them in early morning or late evening along Michigan's highways and trails, and sometime even in the heat of the day. But the search should be made with eyes alert and automobile traveling under sure control, for deer have become one of the leading traffic hazards in some parts of Michigan, some automobiles being badly smashed by collision with these animals, and other autos being wrecked in attempts to avoid accident.

Last year more than four thousand deer were killed on Michigan's highways. Deer that live near a highway and hear and see the coming and going of automobiles may become too accustomed to traffic for their own good. They become tolerant of traffic, pay too little attention to it, allowing it to make little difference in their daily program. Familiarity, while not breeding contempt, breeds indifference which is fully as bad, and a deer indifferent to speeding cars is soon a dead deer.

Some Things To Look For This Week

- Notice that while ground-nesting birds such as duck, pheasants and ruffed grouse commonly hatch out a dozen or more babies, you seldom see more than half this number of half-grown young. The infant mortality rate of young ground-nesting birds is extremely high; for example, the odds are five to one aganst a newly-hatched ruffed grouse chick reaching maturity!
- Have you noticed how much of your summer vacation enjoyment is due to bring away from your office and home telephone? (Robert Lynd has called the telephone "the greatest nuisance among conveniences" and "the greatest convenience among nuisances."
- Surest signs of summer are the blooming idiots along the highways throwing litter from their cars and peeling birches.

Of 26,500 accidental deaths in American homes last year, 11,800 resulted from falls.

Hundreds of spectators were on hand to applaud their favorite contestant as he or she paraded across the park stage before the judges and then circled the pool for the benefit of the audience

Light Vote Polled in Tues. Primary Election

Tuesday's primary election brought out only a light vote in Charlevoix county as it did elsewhere in the state.

In the only contest in the county Gerald L. Fineout of Walloon Lake rolled up an impressive 848 votes to win the nomination for road commissioner on the Republican ballot by a comfortable margin over incumbent Claude D. Pearsall who had 650 votes. Fineout will be opposed by Ralph H. Hamill of Boyne City who tallied 490 votes in Tuesday's election.

In the other contest of major interest to voters in the county, Thomas F. Schweigert of Petoskey polled 860 votes in the county and also won a majority in the district to win the Republican nomination for state senator of the 29th district over five other candidates. They are: William C. Doyle who polled 224 votes; Carl Titus, 132; John E. Peirce, 106; Kenneth P. Vogelheim, 78 and Erich Weidemann, 54. Democratic candidate A. M. Schneider who was unopposed polled 447 votes.

Though John Swainson picked up only 198 votes in the county compared to 316 for James M. Hare and 73 for Edward Connor, he did win the nomination for governor on the Democratic ballot in the state. He will oppose Republican Paul D. Bagwell who polled 1456 in the county

There were contests for lieutenant governor on both ballots. In the county Richard F. Vanderveen had 157; George H. Dougherty, 155;; William J. Cougblin, 118; and T. John Lesinski, 107 on the Democratic ballot while Clarence A. Reid tallied 737 and Edward Hutchinson, 650 on the Republican ballot. Lesinski and Reid were the winners in the state and will oppose each other in the November election.

Alvin M. Bentley polled 1,049 votes to 403 for Donald S. Leonard. He also won the Republican nomination in the state for U.S. Senator. Patrick V. McNamara was unopposed on the Democratic ticket. He received 511 votes.

Representative for Congress 11th district: Republican Victor A. Knox, 1,348 and Democrat Prentiss M. Brown Jr., 504.

Representative in the state legislature, Charlevoix district: Republican Clarence B. Meggison, 1,311 and Democrat Guy L. McPherson, 460.

Republican county candidates who were unopposed and their votes follow: prosecuting attorney, Harvey C. Varnum, 1,345; sheriff, Glenn E. Rose, 1,423; county clerk, Fenton R. Bulow, 1,387; treasurer, Lillis M. Flanders, 1,380; register of deeds, Grover C. Geneit, 1,334; coroner, James D. Stackus, 931, and Robert G. Martin, 963; surveyor, Mary C. Feindt, 1,315.

Co. Jail Escapee Returned to Cell; Faces New Charges

A Detriot man being held at the county jail on a bad check charge was back in his cell Sun- afternoon less than 24 hours after he had walked away from the jail.

He is Robert Hendrien, 23, who left the jail via an unlocked basement door about 8:50 p.m. Saturday after asking permission to go to the basement for soap and towels for himself and other prisoners. When he failed to return the night turnkey, William Detlaff, notified Sheriff Glenn E. Rose who alerted city, sheriff and state police officers who set up road block.

An anonymous telephone call to the city police snortly after noon Sunday led officers to the home of Wallace and Nelson Napont. They were told by a child at the house that the man had left by the back door. The officers found no one and left.

A short time later other officers returned to the house and found Hendrien hiding under a bed piled high with clothing.

He was returned to jail where he now faces additional charges. He has been in jail since June 12 when he and his companion, Mrs. Mary Beiser, 35, also of Detroit, were arrested for iussing checks without sufficient funds. She was released July 22 but he was held on $500 bond after pleading guilty to the charge.

Venetian Festival Program Proclaimed 'Best in Years'

"The best in years" was the concensus of opinion of most regarding the annual Venetian Festival held here last weekend.

Crowds, estimated to be a little smaller than in other years, gathered here for the two-day event which opened with the Queen's ball Friday night when Carla Riley, 16-year-old daughter of Mr. and Mrs. Clifford Riley, was named Venetian Queen to reign over the festival which is the major event of the summer season. In her court are Deanne Bartlett, Hilda Bruce, Lorian Sanford, Sandy Tuomela, Carol Belfy and Georgia LaBlance.

Judges were Rod Creede of WW-TV, Cadillac; Jack Behan of WNBM, Petoskey and Mrs. Behan and Terry Braverman of WPBN-TV, Traverse City. The Queen's contest and ball were sponsored by the Charlevoix JayCees with Dick Donaldson as chairman.

A parade arranged by Ralph Hess Jr. and marshalled by Marine M/Sgt. Max DuCharme of Traverse City, was a gala affair with many entries led by a color guard from the 310th Ordnance Co. headed by Capt John Barkdoll and the Charlevoix high school band. Queen Carla rode in a 'surrey with the fringe on top'. Her court rode in convertibles. Horsemen from Camp Charlevoix added much to the parade as did other entries and children on decorated bicycles.

The third annual doll, pet and dress-up parade attracted more than 60 youngsters who appeared with such unusual pets as mud puppies, gophers, a goose along with such conventional pets as dogs and cats.

Winners in the pet division were Sharen Allen of Detroit who was staying at the Villa Moderne, Julie Odmark and Janice Armstrong.

Laurie Lesser of St. Louis placed first, Karen Kane second and Debbie Empey third in the doll division and Jimmy Sundberg as a big game hunter won first, Gordon Skeel second and Peggy Carcy third in the 'dress-up' division.

Judges were Rod Creede, Dr. Robert Tollas and Mrs. Don Johnson. Mrs Andrew Essenberg Jr. was mistress of ceremonies, Mrs. Max Hosmer was chairman and Mrs. Byron Wright vice chairman. They were assisted by Mrs. Robert Winchester, Mrs. Ralph Gillam, Mrs. Robert Yonkman Mrs. Tollas, Mrs. William Carey and Miss Fran Martin.

The horse pulling contest held at a Garfield ave. site proved to be one of the popular events of the festival)

Larry Reed of Bear Lake won the top prize in this event followed by Russell Diffen of West Branch, second; Floyd Black of Charlevoix, third; Henry J. Heeres of Ellsworth, fourth and Lawrence McClanaghan of Charlevoix, fifth. Charles Yeuker of Suttons Bay arranged the event and served as announcer.

Orchestras and other entertainment from night spots in the area appeared later in the afternoon in a jam session which was enjoyed by the crowd that filled East Park.

Venetian Queen Carla was given the name of "Nee-Bee-O Gimaw-Quay", or "Water Princes" at the Ottawa Indian naming ceremony which was the highlight of the appearance of the Manda-Bee-Kee, Water Wonderland, Indian dance troupe of 20 dancers, drummers and singers who appeared under the sponsorship of Unit 1 of the Northern Michigan Ottawa association. Participating in the Indian Naming ceremony were Archie Kiogima and Simon Otto of Petoskey, Lewis Adams of Harbor Springs, Charles Phillips of Madison Heights and Robert Dominic of Petoskey, president of the Ottawa association.

Saturday night marked the initial appearance of this troupe which added much to the festival with its unusual songs and dances presented in colorful Indian costume.

A street dance on State st. also proved to be a popular event with the crowd who lingered in East Park until late Saturday evening, enjoying the entertainment offered by the many booths which lined the park throughout the festival.

John Gibson was the top winner in the Soap Box Derby which opened the activities Sunday. Held under the direction of the 310th Ordnance Co., the event, held on South Bridge st. hill, attracted ten entries. Other winners were James Bernard of East Jordan, second; Mike Bernard of East Jordan, third; Charles Mort, fourth; Gerry Mapes of Boyne City, fifth and Terry Pop, sixth. Other entries were given small prizes.

The third annual appearance of the gymnastic group from the National Gymnastic Palladium at Williamsburg was well received by the crowd who returned to East Park following the Derby. This group with its unusual stunts on the bars, mats, and trampolines is always a crowd pleaser.

Entertainment by the Dixieland Stompers of Bellaire along with appearances by the pantomimists, Quint Walker and Joe Etienne, a barbershop quartet and other groups continued until 7 p. m. when the Camp Charlevoix chorus with their traditional chanties opened the evening program. A concert by the Charlevoix city band directed by C. A. Odmark was followed by songs by a girls" chorus from Camp Ta-Wa-Ma-Na making their first appearance in the festival. Bill Carey was master of ceremonies.

Queen Carla and members of her court made an appearance and were introduced to the crowd that jammed East Park. The judges for the boat parade were also introduced. They were Charles Ruggles, Hollywood personality who is appearing this week at the Cherry County Playhouse in Traverse City, William Mc Kinley of the Bechtal Corp., L. M. Day of Consumers Power Co., and Johnny Williams, WPBN TV newscaster. Queen Carla was the fifth judge. They watched

Beaver Island Friends Return for Centennial And Homecoming

The weekend of Aug. 14-15 promises to be one of fthe greatest in the history of America's Emerald Isle as former residents and friends return to Beaver Island, not only for the annual August homecoming, but for the centennial celebration of Holy Cross church.

The Irish across the land who sprang originally from the early Irish settlers who came to the island more than a century ago are planning to return for this great event which is expected to enlarge the community's population by several thousand.

The annual August homecoming and dinner, sponsored each year by Holy Cross church, will be headed this year by Mrs. John Gallagher. She will be assisted by various committees whose members are decendants of those early McCauleys, McCaffertys, Culls, Gillespies, Donlevys, Malloys, Martins, McDonoughs, Bonners, and Burkes, to name a few.

And more than a century after Bishop Baraga, then a missionary priest, established the first Roman Catholic church among the Indians on Beaver Island which was a forerunner of Holy Cross church, another bishop, Allen J. Babcock of the diocese of Western Michigan, will come to the island to assist at the celebration of a Solemn High Mass in observance of the one hundredth anniversary of the little church. In sharp contrast to Fr. Baraga's first visit to the island in 1830 in a birch bark canoe, Bishop Babcock will arrive via plane.

The Rev. Fr. Louis Wren, O. F. M. pastor of Holy Cross church for the past 14 months, will celebrate the Mass. He came to the island last year to serve the less than 100 families that now make up the isolated parish. The centennial celebration on Aug. 15 will climax a full week of special events at the church scheduled to begin with a Solemn High Mass at 10 a. m. Sunday. At 2 p. m. the islanders will march along the King's highway to Holy ross church reciting the Rosary. At the cemetery the prayers for the dead will be read and graves blessed. At 7 p. m. there will be a holy hour of thanksgiving at the church which in 1956 was moved from its former site to its present location overlooking the harbor

Wednesday will be priest day when more than 20 former pastors of the church and priests from other Northern Michigan parishes return to the island. A Mass at 10:30 will be followed with a dinner at the parish hall at 12:30 p. m. for the visitors. A tour of the island and a boat ride on he bay will be followed by an open house so that island residents may visit with former pastors

Adventures in Understanding

Notes from a northerner's diary.

By Harold E. Kohn.

What A Difference!

Science cannot be understood in terms of the subject matter studied instead science is differentiated by **HOW** the study is made. While we sometimes think of science as being the study of birds, or rocks, of plants or of man, upon further thought we see that others besides scientists investigate these subjects, and attidudes other than that of scientific analysis are taken toward them. Ornithologists study birds; geologiests apply their knowledge to rocks; astronomers measure the magnitude of the stars: botonists consider the structures, functions and ecology of plants: and anthropologists, sociologists, physiologist, chemists, ans psychologists investigate the history, social life, and physical and mental make up of man. But all of these matters are also effectively approached by others who have no training and little interest in science, but the approach is made by different routes and with different appreciations.

The scientist specializing in bird life, who dissects a bird in the laboratory and examines its music-producing instruments, and the birdwatcher who stands by in wonder while the green cathedral of a wood echoes the fragile notes of a song sparrow's notes are attentive to the same subject.

The professional ornithologist who makes his living in research concerning birds and in lecturing on bird lore can describe a songbird after a fashion. A systematic ornithologist who specializes in classifying our winged wild neighbors defines all songbirds as those birds which have the "syrinx with four or five distinct pairs of intrinsic muscles, inserted at ends of three upper bronchial half-rings and this constituting a highly complex and effective muscal apparatus." That is a scientists' special way of describing a bird like the song sparrow. But when Martha, while out for a stroll, hears the frail, sweet music of a song sparrow and upon her return home excitedly reports it to me, she gives a far more poetic account of the birds's song and appearance than does the ornithologist. His description is coldly analytical and heavy with precision. Hers is warm with fascination and feathery-light with joy. Both reports are accurate and valuable, but what a difference in how they are made! Both have some understanding of birds, but what a difference there is between precise analysis and joyous watching and listening!

An X-ray photogragh furnishes important information about an eighteen-year-old girl, but it makes a poor and uninspiring likeness for her swain to keep on his dresser. A girl's pulse-beat may relate significant data about her health, but she is apt to be most upset if her fiance, because of scienific interests, counts her pulse to test her reactions while he whispers "sweet nothings" in her ear. X-ray photographs, countpluse beats and frequent dating are all ways of knowing a girl, but what a difference in method!

The best things inlife escape our exacting analysis and precise definitions. This is true of song sparrows and birches, of the Grand Canyon and Niagraa Falls, of the sea and the mountains, of man and God.. Just now, I'm thinking it's especially true of a wife. Mr. Webster, in his best selling little book, **The Dictionary** has defined a wife as "a woman; an adult female" and "a woman united to a man in lawful wedlock." That is fine and accurate I suppose. But it leaves too much unsaid. In fact, **anything** that is said will still leave a great deal **unsaid.** But I suppose the writer of a dictionary, like the writer of a bird book, must approach the word "wife" from the viewpoint of his own experience. If his chief work and main interest is in finding a universally acceptable definition, then that is the way "wife will be described. But if the same compiler of words were to described "wife" just after she accidentally spilled a bowl of hot pea soap in his lap, the description would be different. (Probably, after such an exasperating accident the lexicographer would not need to be asked for a description; a most colorful description would be promptly volunteered!)

My own definitions would be: a wife is that person whose face is the most important in every crowd; she is the one to whom a man must sometimes go to rest from being his best; a wife is that person who not only makes a home for her family, but acomodates in her being ideals of beauty, loyalty, quiet courage, self-sacrifice, gentleness and poise—ideals that are homeless sojourners on the earth until some hospitable soul gives them a place to settle down; awife is that lovely creature who makes a man want to run the last few steps homeward. Such definitions and descriptions are not in the dictionary, or in sociological studies of marriage and family, nor can they be found in the fine print of thick law books. They arise from the experience and well up from the heart of a most fortunate and grateful husband.

A certain artist always kept a number of beautiful gems near his easel, an emerald, a sapphire and a ruby. When he was asked the reason for these gems in his studio he replied that it is difficult to keep one's colors true. Sometime they fade, or are dulled by faulty mixture. Or an artist's eye can become jaded by two much daily dealing with man-made color. So he kept his eye for color true by referring to original colors that could not fade.

The best definition of color is not in dictionary or on a chart but in a gem. The best way to know the Grand Canyon is not through a post-card picture but by going there. A bird book can describe a song sparrow's happy carolling, but the best writer analysis is a poor substitute for hearing its bubbling joy. Goodness is religious and philsophical conception upon which heavy tomes have been witten, but its far better to see the genuine article sparkling in a radiant person. I know. I maried such a one.

MEMO . . .

From the Editor's Desk

Many members of the Chamber of Commerce are too involved operating their own businesses to be well acquainted with the routine details of the job the Chamber is doing. Following is just one of many letters received by the Chamber from persons who have requested information or help. It is good evidence the Chamber is maintaining good public relations for the community.

Mr. Paul Kohler, Secy.-Mgr.
Charlevoix Chamber of Commerce
Charlevoix, Mich.

Dear Mr. Kohler:

Never have I had such a pleasant surprise in planning an activity as I did on receipt of your information sent in response to my original request to the Belevedere club, forwarded to you by I. Lee Moerland.

When your information arrived, not only was my every question answered, but more complete information, and more sincere invitations were enclosed from apparently every marine business in Charlevoix, than I had most fondly hoped for.

Your reply, bar none, was the most complete, detailed, and comprehensive received from over 20 ports contacted from Michigan City, Indiana to Charlevoix.

My congratulations . . . When Charlevoix says, "Yachtmen Welcome", you mean it and demonstrate it.

I have no further questions to ask, but could not pass the opportunity to say just how welcome we already feel at Charlevoix. . . .

Very truly yours,
C. A. Baske, Cruise Chairman

Voice of Our Readers . . .

Dear Sir:

We are back at our "home base" after our vacation across the country from here to Chicago and then the cruise on Lake Michogan to Charlevoix and Mackinac on the S. S. North American.

It was quite a pleasure to receive the wonderful welcome accorded by your Chamber of Commerce and also the high school band.

The courtesy cars furnished gave us a wonderful impression of the community and for which we are very grateful.

I would like to personally thank you for the extra trip to the cemtery where my great-uncle, Capt. Beattie is burried.

The gentleman at the tackle shop (William Bellinger) remembered him real well and we enjoyed a short visit with him.

Thanking you again for your kind assistance and hope if you visit Southern California, we may have the pleasure of meeting you again.

Sincerely yours,
John R. Cooper

Dick VanRaaphorst Becomes Member of Nat. Football Squad

For the first time in history, the Charlevoix high school Rayders were represented by a player in the twelfth annual playing of the National High School Prep All-American Classic play at Hershey, Pa., Saturday.

He was Dick VanRaaphorst, Rayder end and PAT kicker who received all-state Class C recognition last fall while a member of the Carlevoix Rayders Class C State Championship team coached by Don Carey.

In Saturday's game, Dick was a member of the National Football All-American squad when the team, composed of young high school athletes from every state with the exception of Pennsylvania, met the Big 33 Pennsylvania scholastic grid standouts.

Dick was a member of the Charlevoix Rayders who racked up a record of 16 straight wins in two years including eight games in which they were not scored against. Last fall opponents scored 19 points against the squad which was awarded the mythical Class C state championship. Dick was named end on the Michigan Class C All-State squad and on the Northern Michigan Class C All-Conference team.

While in high school here, Dick worked with the great Lou Groza of the Cleveland Browns who coached him in the art of kicking which netted him 26 out of 31 PAT's last fall.

Dick was graduated from the Charlevoix high school in June and shortly after moved to Ligonier, Pa. with his parents, Mr. and Mrs. William VanRaaphorst. Mr. VanRaaphorst is manager of the new Detroit Mold and Engineering Co. plant in nearby Youngwood. Pa. While here he was vice president and manager of American Mo'd Engineering Corp.

Belvedere Golfer Scores Hole In One

Mrs. Harry Lesser Jr. of St. Louis, Mo., scored a hole-in-one while playing golf at the Belvedere golf course last week.

She accomplisehd this feat, the dream of all golfers, while playing with her husband and Mr. and Mrs. Edward Samuels, also of St. Louis.

She scored the hole-in-one on the 136 yard eighth hole.

"I had eight other witnesses," Mrs. Lesser said. "Another foursome and their caddies, playing slower than we were, had just waved us through and were waiting for us to pass when I teed off. When the ball rolled into the cup they were that possible," Mr. Lesser said.

To Dedicate New Marina Saturday At Beaver Island

Beaver Island's new marina, loceted on the west side of St. James harbor adjacent to the business district, will be dedicated Soturday according to Lloyd McDonough, St. James township supervisor.

The new marina is 160 ft. long with slips of various lengths, extending from It allowing mooring space for 12 pleosure craft. It was constructed through the cooperation of St. James and Peaine townships which compose Beaver Island and the Michigan Waterways Commission on a matching fund basis. It is of wood piling construction.

There also is an office located on the dock where rest rooms are located. Water and electricity are available at the slips and ice and other facillties will be available at the office building. Mike Cull will be the harbor master.

In announcing the completion of the project by the Sears Construction Co. of Traverse City Mr. McDonough said that "Beaver Island is indeed fortunate to have such a fine facility when we need it most. Last week we had 51 cruisers, yachts and sail boats in our harbor which shows the need for such facilities. We are hopeful that more and more people will make our harbor a port of call now that we are prepared to offer them docking space and other facilities comparable to those found enywhere on the lake".

The dedication ceremony has been scheduled for 3 p. m. Saturday. Keith Wilson, secretary-manager of the Waterways Commission and Dr. Wallace Willmon of Traverse City, a member of the commission. will be present to participate in the event along with community and township officials, area legislators and others who have been invited. Invitations also have been extended to community officials and boating units including the Traverse City Power Squadron, the Charlevoix Marine Club and the Petoskey Outboard Motor Club and others.

Wild Turkeys In Michigan

Wild turkeys are adding shades of Michigan's early pioneer days to isolated parts of the state's lower peninsula.

They vanished along with the southern lower peninsula's vast forests around the 1890's and, for more than a half-century, odds appeared to be stacked against their return. A number of attempts to restore the birds proved fruitless in the '30's and '40's.

Then, in the early 1950's, news of Pennsylvania's notable success in turkey restoration re-kindled hopes in Michigan and the Conservation Dept. launched a thorough study of possible release sites.

Michigans lack of large, unsettled forest country, such as found in mountainous regions of the Keystone State, limited the possibility of any large-scale effort to restore the turkeys where they once thrived.

Studies indicated that Allegan state forest offered the best prospects for the bird's restoration. Areas north of the state's original turkey range were chosen later, but the chances of success there were, at best, so-so.

Following the Conservation Commission's approval in 1953, turkeys and eggs were purchased from Pennsylvania and transferred to the Department's state game farm near Mason.

From 1954 to 1957, nearly 800 birds were stocked in Allegan state forest and Baldwin, Mio, and Gladwin districts. Withstanding the severe winter of 1956-59, various human pressures, and receiving only a limited amount of artificial food, turkeys in these major areas numbered an estimated 1,300 birds by last fall.

Flocks in the Allegan area, totaling about 700 birds, are nearing the saturation point. They are already extending their range into less favorable sectors of the forest.

Since nearly one-half of the bird's fall population is normally lost during the winter, a very limited hunting season may eventually be in the offing to harvest a few of the area's mature turkeys.

For the present, however, Department game men feel it would be wiser to live-trap surplus turkeys and transplant them in other parts of the state. Their decision will rest on the outcome of their studies.

Elsewhere, turkeys have moved as far as 30 miles from original release sites in portions of Lake and Newaygo counties in Baldwin district. Small flocks are now found in Wexford, Manistee, and Mason counties and there appears to be room in adjoining areas where the birds may spread.

Although progress is slow, turkeys seem to be increasing in Mio and Gladwin districts and their potential range provides a promising outlook. Located chiefly in Ogemaw, Clare, Oscoda, and Iosco counties, turkeys are also occasionally reported in Roscommon and Alcona counties.

Michigan Dept. Of Health Warns

If you're taking a stroll through the woods these nice spring days, watch out for poison ivy, the Michigan Department of Health advises.

The big question is — how do you watch out for it when the plants grow in such a variety of forms? Poison ivy may grow as a small plant, a vine, a bush, or as a creeper along the ground.

Another barrier in recognizing poison ivy is that it resembles thousands of other plants which are harmless.

Here's a common sense rule for all nature lovers who like to tramp through the Woods. "If leaflets three, let it be."

Another common sense precaution recommended by the health department is to always wash exposed parts of the body thoroughly when you return from a woods trip. Use a strong soap and leave the lather on for several minutes. This will practically guarantee your not contracting poison ivy, which is caused by a highly irritating resinous oil seeping from the plant.

Thousands of Michiganders and others throughout the nation become victims of poison ivy each year. The truth about poison ivy, according to the health department, is that it is like so many other health problems: easy to prevent, but difficult to treat and usually miserable for those who get it.

It is quite commonly believed that poison ivy is gotten only by touching the plant itself. This, of course, is one way, but it also may be contracted by coming into contact with an animal or another person carrying some of the poisonous sap from the poison ivy plant, or from exposed articles of clothing.

Poison ivy is one of the prime summer health problems, but more knowledge about how to prevent it could greatly reduce its incidence in Michigan.

Generally, if people remember to wash after being out in wooded areas or after being in personal contact with persons or animals who may have been exposed, there would be far fewer cases of poison ivy. If you do get it, see your doctor right away. There are a lot of things he can do to relieve the itching and other miseries associated with poison ivy.

Ellsworth opened the second round with a 6-2 win over the luckless Merchants. Despite picking up only three base hits, the winners combined nifty base running with Merchants errors for five late inning runs and the ball game. Bob Vandernberg had two hits for the winners, and Quin Walker had two for the Merchants.

In the Mold-Freedman game, American Mold did everything but outscore Freedman. They blasted out ten hits off the offerings of Bob Klooster, but until the bottom of the seventh were unable to score. Meanwhile Roger Towsley's run-scoring dougle was the big blow. Then in Freedman's seventh two more Freedman rans the score to 3-0. Then in their half Mold went to work. Jot Etienne and Scott Supernaw each had singles around a yalk to set the stage for Ken Wojan's line single that score tyo after Etienne had scored on a ground ball. ball. Wojan got as far as third but sharp Freeman fielding prevented him from scoring. In the eigth Freeman's Dave VanDrummel led off with a doubel and score on Norm Helm's hardl infield out. Scott Supernaw gave the Mold hope when he singled in the bottom of the eighth, but Klooster pitched out of trouble for the hard-earned 4-3 win.

The Merchants Sam Supernaw shot to the top in the race for the batting crown. Supernaw has 12 for 26 for a .461 average.

Peanut League

Only one game has been played in the Peanut League in the second round and the Pirates defeated the Sox 6-2. Five Pirate sixth inning runs put the game out of reach and broke up a tight pitching dual between the Pirate's Chip Terrill and the Sox's Del Kelly. Paul Menderson's base-loading double was the big blow in the Pirate's big inning.

Women's League

A rained out game has kept the winner of the first round undecided. Ellsworth must still play Bechtal and the winner will then be tied with Paul-Reed for the championship. The two tied teams will then play for the title. Last week's games were rained out.

Girl's League

The Dairy Queens edged the Edward's Superetts 7-6 in a real ding-dong battle to go into first place. Sharol Piersal was the winning pitcher, but the Queens gave her a scare by putting the tying and winning run on base in the final frame. Marsha McCall homered for the winners.

Carsons felt the sting of the Superetts' bats as they suffered a 17-1 defeat. Karen Heeres was the winning pitcher and also chipped in with a home run.

Washington — Chile, recently rocked by earthquakes, measures 2,650 miles long but has an average width of only 110 miles. Larger than Nevada, Utah, and Idaho combined, Chile covers 286,000 square miles, the National Geographic Magazine says. Islands account for a sixth of its area. To the frustration of beach-lovers, most of Chile faces the Pacific with steep clifs unbroken by sloping shores or curving bays. For hundreds of miles in the north, the sea wall often rises to 3,000 feet.

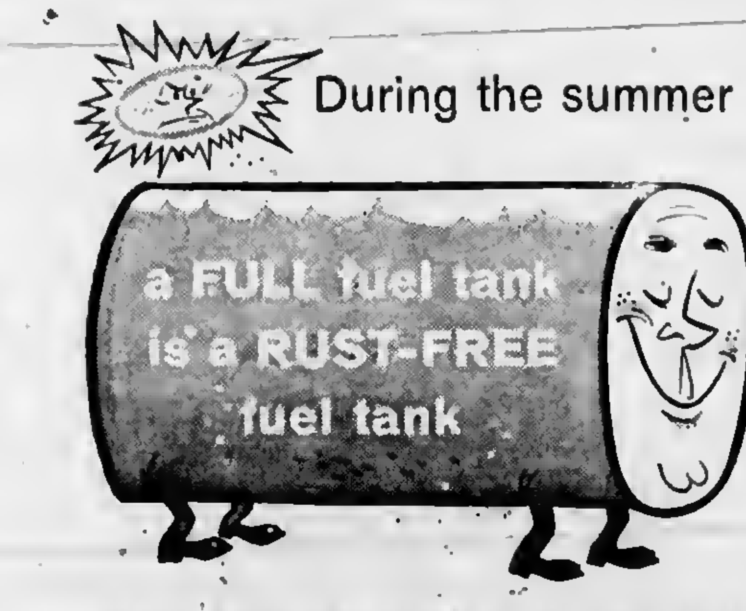
During the summer



a FULL fuel tank is a RUST-FREE fuel tank

Here's a simple, money-saving tip. Keep your fuel oil tank filled to the top this summer and you'll keep it free of rust and corrosion. Any air space in your tank allows rust-causing condensation to form . . . rust that will clog strainers and burner nozzles next winter.
Special summer budget terms make it easy to FILL UP NOW, PAY NEXT FALL, or arrange a special year-long budget plan with low monthly payments. Call us today.

St. Mary's Church Campaign Fund Raising Committee Named

The first memorial report meeting of the St. Mary's new church building fund campaign was held last week.

Gifts totaling $8,600 from 13 families were reported by Andre Goes, memorial gifts chairman, and his associates, Theodore Browe, Arthur Hellig and John Sladek Jr.

Dr. Gerald C. Gibbons, general chairman of the drive, in reviewing the progress to date, stated that the warm reception beng gven workers by the parishioners and friends of St. Mary's was a most heartening indication of the final success of the project.

The Rev. Fr. E. Franes Denay, pastor of the church and honorary chairman of the drive, addressed an informational meeting of the women of the parish Tuesday evening.

George A. LaBlance, general phase chairman, assisted by Frank Bourgoin and Donald Johnson are actively engaged in enlisting workers to fuction in the general phase of the campaign scheduled to open Aug. 8.

Michigan Mirror

By ELMER E. WHITE

THERE'S MUCH new under the sun in northern Michigan for the traveler to enjoy. One of the most fabulous of summer resorts, for example, just opened its door near Sault Ste. Marie. Not far from the Soo is the rapidly expanding Kincheloe Air Base.

At the Straits of Mackinac where looms the 'Mighty Mac" bridge, still new to many Michigan tourists, is the newly opened Fort Michilimackinac.

Along every road and highway appears new motels and tourists attractions. A new air of friendliness is soon sensed in upper Michigan residents by the visitor.

• • •

THE FAMOUS established attractions of the north country are still there and thriving. They pleased millions of tourists in past years and serve as a foundation for the expanding resorting industry in that part of the state.

Chief among these is the Soo Locks. A ferry ride through 22 feet of elevation in the St. Mary's River is worth the trip from anywhere in the state. There is Grand Hotel at Mackinac Island and the island's colorful museums and quaint horse and buggies. There's the wilderness of Copper Harbor, the beauty of Porcupine Mountains near Ontonagon and the Pictured Rocks of Munising.

* * *

THE ONLY BRIDGE in the world which is lower than the river it "crosses" is located on Route 2 in Manistique. Near this little city is Big Spring with a raft to float on water so clear a visitor can easily see it bubble through white sands at the bottom or watch big fish swim lazily.

Tongue twisting Tahquamenon Falls near Newberry offers a grand sight of ice tea colored water spilling rapidly in its 41 foot drop as it rushes to Lake Superior.

These and many other attractions beckon the tourist who has never visited the upper peninsula. But the newer features give cause for another trip north for those who have been there before.

• • •

LOCAL BUSINESSMEN at Sault Ste. Marie financed a new resort some 24 miles into the wilderness, along the Lake Superior shore. It is designed to operate as a ski lodge in winter and a summer resort in warmer months. Mission Hill Lodge leaves nothing lacking in luxury, but is moderately priced

Complete with latest French imported chair lift, swimming pool, stables, nature walks, spacious dining rooms, fireplaces and even specially woven carpets which depict summer and winter sports against a map of Michigan, the lodge is new and modern in every respect.

Mission Hill backers are more interested in using their investment to attract more people to the Soo area than in direct financial return.

AT THE TIP of the lower peninsula in the shadow of Michigan's proud bridge stands recently reconstructed Fort Michilimackinac very much as it looked some 200 years ago.

Inside one sees human-like figures posed to resemble activities carried on by inhabitants in days when the fort played a lively part in Indian warfare. Murals, reproductions and displays tell the fort's story, including the famous massacre when Indians entertained the soldiers with a la crosse game until the ball was tossed into the fort. Then warriors grabbed weapons hidden by squaws and killed or captured all British inhabitants.

• • •

FORT Michilimackinac was abandoned by the British in 1781 when they moved to Fort Mackinac on the island which offered better natural defense.

Restoration of the old fort site began in 1959 under direction of the Mackinac Island State Park Commission and will continue for some years. A great deal is now complete and the fort was opened to the public late in June.

THE MOST MODERN of military defense stations in only a few miles from the early forts at the Straits. Kincheloe Air Force Base, a short way east of Kinross and some 18 miles south of the Soo, is a rapidly expanding, permanent defense point.

Seven support squadrons are assigned as components of the 507th Fighter group stationed there. They fly F106 Delta Darts in their defense missions.

Known as Kinross Air Base from 1941 until 1959 when it was redesignated in honor of a Cassopolis war hero, Iven C. Kincheloe Jr., the field will soon be base for B52 jet bombers and KC135 jet tankers of Strategic Air Command.

• • •

BY 1961 THE Air Force expects to have 8,800 military personnel and dependents on the base.

The "little city" which is being hacked out of the forest has its own schools, hospitals and recreational facilities. It will have a monthly payroll of $93,000 next year, an asset welcome to nearly any community.

More than $40 million have been appropriated by Congress for expansion of this base. Already completed are runways up to 12,000 feet in length, many dormitory-type barracks and hangars.

NOBODY WANTS to live permanently in an atom-bomb-proof air raid shelter.

But one would be nice to have in event of an attack. The State Civil Defense Office says money for such shelters is easier to borrow under liberalized rules adopted at the federal level.

Assistance is offered through loans, loan guarantees or mortgage insurance.

"IT IS LOGICAL and practical for fallout shelters to be built in homes or apartments," the Michigan office said.

News Round-up at Camp Charlevoix

The fifth week of camp started off with the counsellors-in-training going over to Fisherman's Beach for a day trip with Jim Land in Charge. No other trips were scheduled so as to give the newcomers to camp a chance to get started in the activities.

Tuesday it rained most of the day and some of the activities went on as usual. We had movies in the club house, showing Camp Charlevoix pictures of the last several years. The boys really enjoyed seeing themselves, especially to see how much they have grown.

Wednesday found several trips leaving camp, with Dave Lean taking Cabin 21 on a trip to Mt. McSauba as did Jim Pickette with the boys of Cabin 5. Chuck Hannaman took his Cabin 16 on a horseback overnight to Bay Shore and Cabin 9 and Cabin 18, with Dan Ross and Chuck Stebbis went by canoe to McClure's Landing. These boys enjoyed the trip as did Cabin 2 with Don Stephens who went on an overnight to Fisherman's Beach. In the evening we had an all-camp at which the entire camp played "Capture the Camper". The boys hide in the woods and the counsellors go looking for them and the team having the least num- of boys caught gets the points. At the end of the evening, the Greys picked up two points. The teams met after dinner at noon and elected new team captains for this second four week period. The Green captains selected are Juniors, Brad Bielfield; Preps, Sandy Coakley; Intermediates, Bill Kennedy; Seniors, Tom Kennedy. The Greys selected; Juniors Keary Sawyer; Preps, Robbie Plisken; ntemediates, Dean MacVicar; Seniors, Joe Reed.

On Thursday, Kerm Krueger took his boys of Cabin 1 over to Mt. McSauba for a day in the sand. Bill Fors took Cabin 15 on a horseback overnight trip, Bill Harris took his Cabin 12 on an overnight to Fisherman's Beach. Cabin 4, with Bud Campbell went on a day trip to Mt. McSauba.

On Friday Doss Powell with Cabin 3, Mickey Luck with Cabin 8, and Tom Richardson with Cabin 14 all went over to Mt. McSauba for the day. Mike Bazany took his Cabin 13 to Fisherman's Beach for the day. Friday evening it started to rain shortly after supper and we saw a movie, Doris Day in "Calamity Jane". The storm developed into a terriffic electrical storm, and our power went off with five minutes left of the film. The boys were all put to bed about 9:30 and the rains really came.

Saturday morning at breakfast everyone wanted to know how that movie had ended, so, with breakfast finished, we stayed at breafast to see the finish of the picture. About eight o'clock, thirty boys on horseback took off for Charlevoix to be in the Venetian Festive parade. Our cowboys, headed up by Don Halbesein and the boys all looked very Western in their riding gear. The boys riding were: Bobby Camp, Hal Thurston, Art Brown, Steve Johnson, Mike Plisken, John Haury, Hoyt, Mike Roberts, Tom Kennedy, Rusty Gilmore, Butch Allendorff, Dean MacVicar, Neil Funk, Tony Crocker, Robbie Plisken, Russell Washburn, Chuck Allendorff,, Peter Rousseau, Dave Huck, David Sawyer, Bruce Laing, Ron Kirk, Don Strutz, John Steffensen, Ricki Romkinson Mike Grass and Jor Reed. Our new team, "Liver and Onions", pulled our surrey with the fringe on top, driven by one of our cowboys, J. R. Bailey, and graced by her highness the Queen of Venetian Night. Our large white wagon was taken in and our huge team pulled it in the parade. In the wagon we had cabins 1 and 2, Kern Krueger and Don Stephens groups of boys. We were all very proud of our riders and the boys looked sharp and handled their horses very well.

Saturday evening we had another evening of skits on our new stage and Ruby finished making the curtains which added much to the appearance and to the enjoyment of the evening. Cabins 2, 6, 14, and Cabin 15 gave skits with top honors going to Cabin 15. Bill Gors boys had a train scene like the one in "Music Man" and it was very well done.

At Chapel on Sunday morning, Bob Shaeffer was the speaker and once again we welcomed many parents to the service which was held in our outdoor chapel. He spoke on "David and Goliath" and gave the campers much to think about. In the afternoon, it was an Athletic Afternoon, with many games and events held, all in green-gray competition, with the events ending in a 1 to 1 tie. In the evening, we took 44 campers and 8 staff members in to Venetain Night in Charlevoix where for the last 25 years Camp Charlevoix has put on a program of Sea Chantys. The chorus sang very well, and looked very fine all dressed alike. Back in camp, the campers saw a movie.

Here we are in to the Sixth Week and it hardly seems possible that there are but three weeks left. The long horseback trip goes out this week, and boys are already practicing for the Rodeo. Please mark the date of August 19th. at 3:00 p. m. That is Rodeo time and that evening at 8:30 p.m. is the final council fire. We do hope all of the parents and their friends will be present.

Monthly Benefits Show Increase In Charlevoix Co.

A total of 1756 persons in Charlevoix county were receiving Federal Social Security old-age, survivors and disability insurance monthly benefits at the end of 1959 at the rate of $1,218,036 a year according to E. O. Wiles, manager of the Traverse City social security district office.

This number shows an increase of about 10 per cent since Februray 1959, the last previous date for which Charlevoix county figures were available.

A breakdown of the figures reveal the number and monthly amounts of each type of benefit paid in the county as of Dec. 31, 1959, the date of the latest available tabulation. The beneficiary group, the number of beneficiaries and the monthly amount in each catagory follows: retired worker, 1015, $70,099; disabled worker, 29, $2,453; wife or husband of retired or disabled worker, 345, $12,293; widow or widower, 134, $7,005; dependent parent and mother and child, 32, $1,794; children of retired, deceased or disabled worker, 201, $7,859.

Mr. Wiles went on to explain that in the entire state, old-age, survivors and disability insurance payments were being paid to 583,113 beneficiaries at the rate of $39,517,248 per month.

As Social Security celebrates its silver anniversary, approximately 74 million working people are in covered employment or self-employment in the course of a year. They are building old-age, survivors, and disability protection for themselves, their dependents and their survivors under the social security law.

Nationally, about 13¾ million persons were receiving these benefits at the end of 1959 at an annual rate of more than $10 billion.

Members of 4-H Club Learn Art Of Oratory

Not all 4-H Club work is centered around raising cows, chickens, corn and pigs as many 4-Hers show by becoming public speakers. However their agricultural and home economics projects do provide opportunities to learn the art of oratory.

During the course of carrying on projects, the 4-H'er make oral reports at club meetings, fit words to actions in giving demonstrations, and get the feel of appearing before an audience, Boys and girls most likely to succeed as speakers are given special coaching.

Club members not only learn to give a talk, but also to write their own speeches. Subjects for the most part are related to 4-H experiences, citizenship and leadership.

Along with developing into public speakers and community leaders, these talented **4-H'ers** have a chance to gain materially. The Pure Oil Company provides awards in the public speaking program which includes gold filled medals of honor for the outstanding girl and boy in the county.

The best boy speaker in the state receives a 19 jewel inscribed wrist watch, while the top ranking girl receives a set of silverware. State winners also have an opportunity to compete for one of the two national $400 college scholarships and an all expense trip to the National 4-H Club Congress in Chicago.

The program is under the direction of the Cooperative Extension Service, and is arranged by the Natonal 4-H Service Committee.

For a quickly prepared meal cut luncheon meat into quarter-inch slices, then divide each slice into four long, thin strips. Dip the strips into a batter made of 1 tablespoon prepared mustard, 3 tablespoons flour, 1 egg beaten and 1 tablespoon vinegar. Fry the meat strips in hot lard until they are golden brown on all sides. Serve with rolls, lettuce and tomato salad and sliced peaches.

To Construct Assembly Hall at Camp Daggett

Plans are underway to construct a general purpose assembly building, 36 x 60 feet, at Camp Daggett on the shores of Walloon Lake, Clarence W. Christopher, chairman of the building fund committee has announced.

Cost of the new structure is being underwritten by contributions from service clubs and individuals interested in promoting the summer camp for the benefit of boys and girls of Northern Michigan.

The committee has been raising funds for the project during the past three years, Mr. Christopher said. The committees goal this year is to raise the $4,000 needed to complete the capital improvement program before the 1961 summer camping season.

Camp Daggett was established in 1925 on Walloon Lake thru the generosity of the Henry Daggett family, now residents of California. They deeded the 45 acre site to the community to be used as a non-profit camp for the youth of the area.

Physical facilities now used by the camp include 10 cabins, a dining hall and kitchen, chapel, arts and crafts building, rifle range, and boating and swimming facilities. Each cabin accommodates eight campers and a counsellor. The camp is operated by a supervisor, 10 counsellors and a registered nurse under the direction of a board of directors.

Urge Inspection Of Motor Vehicles

Drivers are being urged by Judge Harry H. Porter, chief justice of Evanston's municipal court to have their motor vehicles inspected as a basic safety precaution.

With summer travel reaching toward a new peak, and the record breaking 442 highway deaths over the Fourth of July weekend, it makes sense to say that the very least we can do is to drive a safety-checked motor vehicle. And to complete the job, let's all go through the summer driving with courtesy and common sense, is further advise by Judge Brown.

Sail Boat 'Freebooter' Abandoned Tuesday On Ile Aux Galets

The hull of the 59-foot cutter rig, "Freebooter", which went aground on Ile Aux Galets (Skillagalee) in a storm on Lake Michigan early the morning of July 30, has been abandoned to the elements after its mast, equipment and instruments were removed by the Mackinac Islander Tuesday.

The owner, Dr. Robert Pohn of Chicago, had engaged the Manthei Brothers freighter to salvage everything possible from the vessel which only last month won the class A division of the Chicago to Mackinac race. The craft, with a crew of four aboard, was enroute from Mackinac Island to Chicago when it went aground in squally weather early the morning of July 30. The U. S. Coast Guard from the Charlevoix Lifeboat station responded to the call for assistance after flares were sighted by a passing steamer and removed the crew to safety after attempts to pull the craft free of the reef had failed.

After two weeks the Mackinac Islander was engaged to salvage everything possible from the boat which by this time had a large hole in its port side as the result of high winds pounding it against the reef. In about four feet of water at the time it went aground, it is now in about 14 feet of water.

The Mackinac Islander with a scow in tow, went to "Skillagalee" early Sunday but heavy weather forced their return to port. They returned late Monday and after working all Monday night and most of Tuesday returned to port Tuesday night after salvaging the craft's 75-ft. mast, equipment including anchors, winches, blocks and tackles, sails, rope and smilior equipment and instruments. Looters had already removed the compass, direction finder and some equipment from the stricken vessel before the Mackinac Islander went to the scene over the weekend. Skindivers Bill Lusk and Don Meggison assisted in the salvage operation which was directed by Capt. Dick Lyons, skipper, and Ernest Manthei, owner of the Mackinac Islonder.

The salvage equipment and instruments were brought to the Hamilton Boat Yards here.

Plans Underway For Barbershop Jamboree Here

Initial plans for the annual Barbershop Jamboree to be held during the Labor Day weekend under sponsorship of the Charlevoix chapter of SPEBSQA were anuounced this week by the president, Robert W. Winchester.

The event will be held in the high school auditorium on Saturday Sept. 3 and will feature several outstanding quartets from throughout the states.

Among the quartets who have already verified their plans to attend are the Chord Counts of Holland, current district champions, the State Liners from Niles and the Sweet Sioux, state runners-up in the Sweet Adeline or women's division.

Within the week it is expected that other quartets will be added to the program which promises to be the best in recent years, Mr. Winchester said. Plans are also being formulated for an area chorus, he added.

William Carey has been named general chairman of the jamboree; Wayne Belding, assisted by Ralph Hess Jr. and Des Miligan will be in charge of stage settings. Other committees will be named this week.

Arts-Crafts Displays Attract Large Crowd To Waterfront Fair

The second annual Waterfront Fair held Saturday in East Park attracted several thousand visitors who strolled through the park at their leisure, viewing the more than 50 exhibits and displays by artists and craftsmen from throughout the state.

Many local residents as well as summer visitors to the community and those who were here especially for the fair voiced their praise of the event which is the only one of its kind in the area.

Mike Church, director of special projects at the University of Michigan, and Dr. Alexander Zawacke, director of the art department at Central Michigan University, who served as judges for the second year, commended the committee for the great improvement over last year's fair and praised the fine caliber of art and crafts exhibited.

Ralf Parton, director of the art department at Northwestern Michigan College in Traverse City, who was a judge for the first time this year, said that the fair was one of the finest of its kind he had ever seen and, like the other judges, had only praise for the event.

All three judges commented on the fine way the park was utilized as a setting for the fair with each exhibitor given an excellent, uneulttered location for his exhibit, whether an art or a craft.

The Kellogg studio of Petoskey and the Reids of Eastport displayed potter's wheels and demonstrated their uses to the visitors. Hendrik Brun of Petoskey, glass blower from the Netherlands, demonstrated the art of blowing glass into delicate swans, vases and other beautiful pieces.

Accordionist Johnny diCicco, as the wandering troubadour, added old world atmosphere to the event as he wandered through the park, playing familiar tunes in keeping with the setting.

Mrs. Edward Lemcke was general charman of the fair. She was assisted in an advisory capacity by Steve Davis, well known Detroit artist who has a summer art school here, Others who assisted were Ralph Gillam, program chairman of the Chamber of Commerce, Clare Brown, Charlevoix county extension agent in Home Economics; Mrs. Jack Rader, Mrs. Clark Coulter, Mrs. Max Hosmer and Fran Martin C. A. Odmark provided recorded music and a public address system.

Twenty-five of the artists and craftsmen donated gifts which were given away late in the evening to holders of lucky tickets to help underwrite the cost of the fair.

Mrs. Lemcke expressed her appreciation for the cooperation of the artists and craftsmen who patronized the fair as well as all others whose efforts were combined to make it one of the community's most successful summer attractions. Charlevoix's New Bowling Alley Opened Sunday

The long awaited bowling alley in Charlevoix was informally opened opposite the Airport on US-31 by Mr. and Mrs. Stanley Feidorek (Stan and Jean). Formal opening has been tentatively set for Sept. 11.

During the interim the alleys, operated as the Paul Bunyan Lanes will be open for play daily from 3 p.m. to 1 a.m. On rainy days opening will be advanced to 1 p.m. with play continuing until 1 a.m.

The Paul Bunyan Lanes occupies a new building designed specifically for a bowling center. Equipment is the most modern with the "Magic AMF Triangle" automatic pin spotters in each of the eight lanes.

Furnishings are modern throughout and designed for the comfort and convenience of guests. Decorations are in soft restful tones lending atmosphere to the surroundings.

League play is expected to start early in September and a number of leagues have already been organized, Mr. Feidorek reports. In recent years the numerous Charlevoix league have had to play on the alleys in neighboring cities. This has been a handicap to those bowlers who have wanted to get in a few practice games between matches.

In addition to league play there will be time set aside for open bowling when individuals, groups or families will have access to the facilities offered by the Paul Bunyan Lanes.

Beaver Islanders to Stage Annual August Homecoming

It will be homecoming time on Beaver Island this weekend as former island residents and friends from every major city and many smaller communities in the midwest wend their way homeward for the annual August homecoming.

This year the annual pilgrimage will be even more meaningful for these natives of America's Emerald Isle for Sunday will mark the one hundredth anniversary of Holy Cross church.

For most it will be a time of nostalgia for on this island, isolated from the mainland by at least 20 miles of water on all sides, the church has always been the hub of all community activities. It represents to most everyone the place where they were baptized, received their First Communion and the Sacrement of Confirmation, where, many were married and where they will worship for the remainder of their days. And, in many instances, the church where the Requiem Masses for loved ones have been celebrated through the years.

There will be Irish laughter as relatives and old friends meet and chances are those same Irish-blue eyes will be misty with tears as they attend the centennial Mass at Holy Cross church at 11 a.m. at which the Most Rev. Allen J. Babcock. Bishop of the Grand Rapids diocese, will preside.

The annual homecoming dinner will be served at the parish hall beginning at 12:30 p.m. Later in the afternoon the crowd will spill over onto the Kings Highway where a variety of enterainment has been planned for the visitors. A dance at the parish hall Sunday night with music by the Ray Miller orchestra will climax the homecoming and centennial celebration.

Top Value

It's generally believed that all prices have risen by big percentages in the last 10 years. But that is not true of a number of commodities—including some of the commodities which are most important to our lives.

A recent column by Sylvia Porter, the nationally known business analyst, touches on this. A short time ago, she writes, she went to a grocery store and bought eight typical food items. The cost was $5.69. Two years ago the identical items would have cost a penny more—$5.70. And even years ago the cost would not have been a great deal less than now—$4.90.

Miss Porter also emphasizes the intensity of the competition that exists in the business of food retailing. And this, of course, is one of the big reasons why the cost of typical foods has remained relatively stable over a lengthy period of years—years in which the cost of living as a whole has risen substantially.

The same thing is true of many other items sold at retail, clothing included. American retailing has taken much more of the sting out of inflation than is generally understood, by steady progress in cutting costs and increasing volume. The savings have been passed on to the consumer. And there's one thing this consumer can be sure of—he gets top value for his shopping dollar.

Grassroot Opinions . . .

As viewed by other Editors

West Point, Miss., Leader: "It's a pleasure to comment on good news now and then, though the opportunities sometimes seem far between. Today's glad tidings are that the Labor Department has turned thumbs down on the idea of setting up a new bureau to force employers to hire older workers.

"The reason is that employers are solving the problem voluntarily at a faster clip than a new law might be expected to do the job."

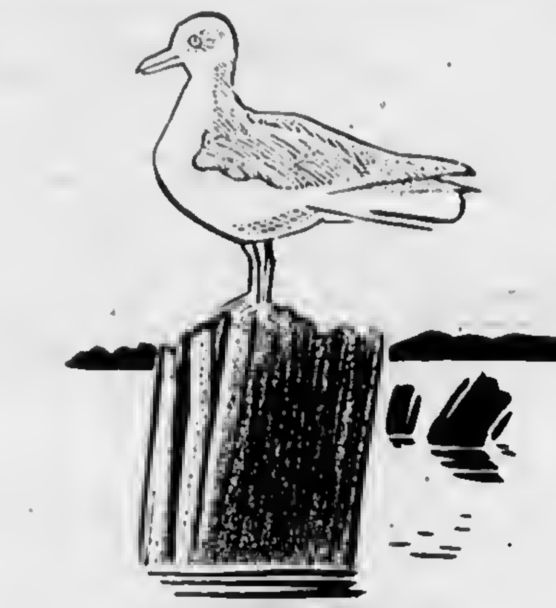
Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn



Lord of the great waters
That ceaselessly flow beneath the vaulted sky,
Hear my lakeside prayer.
Grant me the poise of all floating things,
Waterfowl, waterlilies,
Slender canoe and slim sailing ship
That ride high and trustful
Over great depths,
Sustained by the mercy of the waves,

Lord of the timeless waters
That were here before man was here,
That will remain when man is gone,
Grant me unhurried calm.
Let not the busy beating of the seconds
Quicken the tempo of my living
So that I become more of a clock
Than a man.
Let no awareness of swiftly passing moments
Make me forgetful of everlasting things
And the Everlasting One.

Lord of the welcoming waters
That are cordial to inflowing streams,
To ship and swimmer,
And that make room for countless fishes
And other dwellers of the deep,
Make me a welcoming spirit,
With abundant room in my soul
For the cares and griefs,
The enthusiasms and joys,
Of all Thy children,
Knowing that, like the lake lying before me,
The more good things I receive unto myself,
The higher I shall rise.

Lord of the pardoning waters,
Grant unto me a forgiveness that forgets a wound
Wrought by a friend or foe,
As the great waters are cut by a keel,
Ruffled by a breeze,
And buffeted by a storm,
But in mere moments resume their tranquility
As if keels and breezes and storms
Had always been kind.

Lord of the reflecting waters
That repeat the hues of heaven
Upon their bosom—
The azure blue of fair days,
The somber gray of clouds,
The radiant glory of sunsets,
The silver sheen of moon and stars—
Make me reflective, too,
Mirroring in all my days
The magnificence of a Higher Will
And a greater glory
Than belongs to man.
Amen.

Gladys, the Internatonal inter-club Kiwanis lamb, is pictured here with her hosts during her week-long visit in Charlevoix after she was 'presented' to the local club by a delegation from Harbor Springs.

A Shropshire lamb who started her trek in Windsor, Ont., April 27, Gladys will visit clubs in all Kiwanis districts before appearing at the state convention in Grand Rapids in September.

She was presented to E. J. Edwards, president of the Charlevoix club, by a delegation from Harbor Springs composed of Louis Burkwhat, Virgil Haynes, Robert Wright, Truman Cummings, chairman of the inter-club committee and Andy Kloos.

Pictured here with the much-traveled lamb are (l. to r.) Mr. Edwards, club president, E. K. Shanahan, Fred Willis, R. G. Bennett, Glenn Snider, Jock Grubaugh, A. L. Livingston, Frank Bird and Barney Englehart (holding lamb) who cared for Gladys while she was here.

On Monday noon Mr. Edwards, accompanied by Mr. Livingston, Mr. Snider, Mr. Englehart, Jack Uhrick, H. B. Schofield and Curt Burlin, presented the lamb to the Traverse City club. The latter, in turn, turned her over to the Cadillac club Monday evening.

At Monday's meeting at which Mr. Edwards reported on Gladys' visit to the Charlevoix club, Jack Heppinstall athletic trainer at Michigan State University for 45 years, told of his experience as team trainer during the 'growth' years at the university.

Don't 'Side' with The Wrong People

By Paul L. Adams
State Attorney General

"Your home has been selected as a model in this neighborhood for an aluminum siding job." These words spoken by unscrupulous salesmen have cost Michigan residents hard-earned dollars yearly.

My investigations as Attorney General indicate that the application of siding stands out as one of the most fruitful sources of excessive profits by those who prey upon the desire of home owners to improve their property.

And the fraudulent gimmicks used keep pace with the huge profits to be made by the unprincipled organizations using door-to-door salesmen in this business.

You may be told that your house has been selected as a neighorhood model to be photographed and advertised and you will be paid $100 for each new siding job acquired as a result of this advertising. Thus, your siding job will cost you next-to-nothing. Actually it will probably cost you twice as much as a legitimate businessman would charge. And don't depend on referral money. The chances are you will never get a penny.

Another gimmick is that your home is being considered by the board of directors for a siding job which, if you are picked, will be used as a model for national advertising. If you win the company will send you a check every month for a number of years to pay you for cost of the siding. Don't worry! Next morning you will be informed that you have won.

Of course to be eligible for the job, you will be asked to sign a work order authorizing the work. What you are signing is a promissory note. If you refuse to pay, your will be threatened with court action. And don't wait on the checks from the company. They will never arrive.

Don't fall for these gimmicks If you want a siding job, compare estimates from ligitimate businessmen in your area.

The something-for-nothing you may think you are getting now will cost you headaches, heartaches and paychecks for many years to come.

GIRL.S LEAGUE

Edward's Superetts knocked the Dairy Queens out of first place with a 9-7 win. The Edward's win puts them in a tie with the Queens for first place. Carson's Lumber remained in the second spot.

JUNIOR LEAGUE

The Junior League, All-stars blasted East Jordan Junior All-Stars 18-4 and in doing so, painted a rosy picture for Charlevoix's future in softball. Charlevoix scored in every inning as everyone got into action. Rick Miller had a double and triple, Pat Anderson singled and tripled, Ed Holm had two one-baggers, and Jack Steward had a triple and single. Corkey Curtis, Pete Ance, Gary Stuzman, and Steve Bergman got into the act with one hit each.

In league play Barnard defeated the Scouts 9-3 V. F. W. dumped Lake Construction on a forfit, and The Scouts edged Browes 9-8.

PEANUT LEAGUE

The Dodgers remained the only undefeated team in all the league as they racked up their seventh and eighth straight wins of the year. The Pirates gave them a real scare however, foreing the Dodgers to come from behind for a narrow 8-6 win. The Pirates got five second inning runs and led up until the sixth inning when Ken Parish singled came home on an out, and Stan Warner singled after two walks. John Ferguson continued his fine pitching, striking out 16 batters. The Tigers were the Dodgers second victims and fell 6-2 in a well-played contest. Ferguson and Parish had two Dodger hits and Larry Skippergosh and Neil Wallace had the Tiger safeties.

In other action the Devils blasted the Tigers 12-2. Steve Ager, Al Lusk, and Bob McCall paced the winners with two hits each.

The Braves seored twice in the bottom of the seventh for a narrow 7-6 win over the Cards. Gary Grain's single produced the tying run and an error allowed the winning one to score.

The Braves racked up a 6-0 win over the Devils with Den Warner blasting a homer and Sewart Cummingham added two singles.

MEN'S LEAGUE

Ellsworth moved up into the favorite's spot as the seeond round got into full swing. They beat Freedman 5-1 behind a four run third inning. Three Ellsworth singles around an error and a walk produced the four tallies. John Swanson provided Freedman with their one run on a base hit followed by Hank Klooster's one bagger.

The Merchants split their two games during the week, winning from the Inn 11-6 and losing to Freedmans 7-0.

In the Inn game Quin Walker and Chas. Coleman had on their hitting shoes as they each eollected three safeties. The Inn's Des Miligan had three straight hits in a losing cause.

Freedman scored three tinted runs in the third inning then continued pecking away for seven runs. Norm Helms tripled and homered for the winners. Bob Klooster allowed five hits in picking up the win.

American Mold was hard-pressed in their 5-4 win over the Inn. Mold scored early then had to hang on for dear life for the victory. Inn's Fritz Puffpaf limited the winners to only two hits, but walks and his own error led to his downfall. Mold scored four times in the third on only one hit. Then in the sixth Miligan and Stan Martin combined hits for two runs. In the seventh two walks and Milligan's double scored two more and put the tying run on base. Nate Boss pitched out of it, retiring the final batter for the win.

Citizens Urged to Learn Detection Of Radioactivity

Citizens have been advised to develop their own capabilities for measuring levels of radiation that might threaten their families from radioactive fallout due to nuclear attack or radiation accidents by means of simple instruments.

Kits of Civil defense instruments have been loaned to more than 600 high schools in Michigan to develop monitors while acquainting science students with radiation and its detection. Placed strategically and adequately maintained locally, the Kits should be available and ready for use by local government when needed. In addition, instruments and operators are available at each State Police post in Michigan, and scattered througout state agencies such as the Department of Agriculture and Health. However, more are needed.

Inexpensive and effective instruments are now available commerically the Michigan Office of Civil Defense announced. The Kit sells for approximately $20.00, and delivery can be made in about 30 days by writing Bendix Aviation Corp., 3130 Wasson Rd, Cincinnati 8, Ohio They are not available at Civil Defense officers

Readers are urged by the Michigan Office of Civil Defense to consider the purchase of these instruments for their own protection as well to ask their local government for details concerning radiological capability in their neighborhood-radiation detection, measurement and public reporting methods.

Commissions are not paid on arguments won, but on sales made.

News Round-up at Camp Charlevoix

To start off this week of camp, we were hosts to the boys from Camp Hayo-Went-Ha in a day of competition. Our boys played good ball but lost both games games. lost both archery matches and one tennis match. However, we won one tennis match, and won both ends of the swimming competition. Winners on the younger swimming team were Bill Kennedy, David Sawyer, Alan Silverman, David Gilmore, Rick Swanson, Skip Kessler, Gary Van Gorp and Dick Daley Our senior swimmers won every event. These boys are Tom Kennedy, Bob Lohman, Jon Steffensen, John Balrd, Ron Kirk, John Deane, Wes Murfin, Rusty Gilmore. Our senior swimmers have never lost an event in competition.

Don Stephens took his Cabin 2 boys over to Mt. McSauba for a day trip, while Cabins 3, 6 and 10 went down to Eastport for an overnight. Kerm Krueger took his Cabin 1 on a hike in the afternoon.

On Tuesday Bob Askren took Cabin 11 on a day horseback trip, while Forddy Kennedy and Dick Thompson took Cabins 17 and 19 on a trip to Mt. McSauba. Cabin 8 with Rick Loveland and Mickey Luck took an overnight to Eastport. In the evening we had a Kangaroo Court in the Bigwam with Dave Lean, our Australian. as the judge. Chuck Hanaman was the prosecutor, and Bill Fors was the suave attorney for the defence. Several campers and counsellors were tried. Forddy Kennedy was charged with having a foreign accent (Scotch) and was sentenced to give a talk in the dining room the next day; David Holste, for being constantly washing his ears, was sentenced to wear a bathtowell on his head the next day; Davis Ellis from Arkansas was charged with a Southern drawl no one could understand. so he and another southern counsellor (Dodd Powell from Alabama) were sentenced to sing "Yankee Doodle" for the camp the next day. Jim Land directed the show.

On Wednesday, the long long horse trip left camp and this was truly a sight to behold. Thirty-seven boys on horseback, and another ten boys on the haywagon with the cowboys and Bob Askren and Ribel Thompson along for help. It was a great sight to see this long line of riders and many passing cars stopped and watched a scene which was right out of the "Old West". The boys on this trip were: George and John Allendorff, Cary Baum, Jimmy Blackburn, Arthur Brown, Tony Crocker, John DuPree, Stephen Eddy, Neil Funk, Eric George, Rusty Gilmore, David Hoyt, David Huck, Mike Huffman, Stev Johnson, Tom Kennedy, Ron Kirk, Bruce Laing, Doug Laing, Dean MacVicar, Mike and Robby Pllsken, Joe Deed, Jack Reeder, Mike Roberts, Doug Rogers, Peter Rousseau, Walter Russell, Chuck Ruifrok. David Sawyer, C. J. Shelly, "TAT" Smith, Don Strutz, Ricki Tominson, Ricki Toncray, Ted Wright.

Several members of the staff are busy on improvements to the camp picture. Bob Shaeffer and Kern Krueger have been busy at free moments repainting the totem pole. Kerm Krueger also made a marquee for over the door to the "Bigwam" on which is painted the Arrow "C" Players. The "Bigwam" has taken on the look of a summer theater with Mrs. Smith, Ruth Townsend and Sally Pick all working on curtains for the new stage that Barney and Russ Curtis made. Jim Land has added Japanese Lanterns throughout the building.

On Thursday, cabin 7 with Gene Hellman went to Eastport for an overnight trip, while Kent Gibbs took his group, Cabin 20, on a canoe trip down the scenic Jordan River.

On Friday, the long horse trip returned to camp with both weary boys and more weary horses. The boys reported that they had a great time and told of many incidents that happened. John Logie and Mike Bazany took their cabins, 10 and 13 down to Fisherman's for an overnight while Bud Campbell and Jim Pickett took cabins 4 and 5 down to Eastport for an overnight.

Saturday found boys getting ready for their dance at Chippewa Trail Camp where we were the guests of the girls at the annual dance between the two champs. During the day Gene Hellman and Dan Ross took their boys, cabins 7 and 9, over to Mt. McSauba for the day as did Mickey Luck with cabin 8. Right after our evening meal, the boys going to the dance left camp. Cabins, 21, 20, 19, 18, and 17 were chosen to go, and even the counsellors looked very sharp as they took off. Back here at camp we had a skit night and I must add that our skits this year have been the best we have had in years, thanks to Jim Land, head of dramatics. Cabin 5, Jim Pickett's boys, put on a "Mock Convention" at which our man from Arkansas, Jefferson Davis Merrill Ellis. was nominated president on the 5th. ballot. Cabin I, with Kern Krueger, put on a mystery "Sherlock Houses And the Forgetful Witnesses" with a murder under a street light in which both Sherlock Houses and Dr. Rock' Daughter were killed. Cabin 12, Bill Harris, as the counsellor put on a skit called "Views of Bus Ride",

At Sunday morning Chapel, we had to hold the service in the "Bigwam" as it was raining. Bud Campbell spoke on "Keeping a Record". Leland Shaeffer and Raymon Bertschy read the scripture. In the afternoon, we had four boys ride in a horse show at Petoskey, Ron Kirk, Mike Grass, Don Strutz and Ricki Tomkinson. Don and Ricki gathered four blue ribbons, (first); and one yellow ribbon (third). In the afternoon, the rest of the campers met in the "Bigwam" and were shown the slides Dave Lean took on the cabin 21 trip to the lighthouse. In the evening, a movie was shown to the entire camp "The Dalton Boys".

Now we are in the seventh week of camp and the three day canoe trip down the Au Sable leaves today as does the sailing trip. Rodey Deyo arrived in camp on Sunday night to begin Indian dance instruction and now we can hear the beating of the tom toms as the boys are preparing for our final Council Fire. The drill team is starting work today for the rodeo, and everything is gaining momentum. In getting ready for our two big events on Friday, August 19th. The rodeo is at 3:00 p.m. and the council fire is at 8:30 p.m. We hope that all parents and their friends will attend both functions. Parents are requested not to come in to camp that final week as boys are busy trying to finish up activities. It helps a great deal if parents will make their plans as not to come into camp that final week until Rodeo Time on Friday afternoon.

New Marina Dedicated at Beaver Island

★ ★ ★

"This marina we are dedicating today is a prime example of what can be gained through the cooperation of the people of this community and other agencies. It marks the beginning of a number of improvements that will do much to improve the economy of Beaver Island" were among the thoughts projected by Dr. Wallace Willman of the Michigan Waterways Commission and echoed by Keith Wilson, executive director of the commission and the Hon. Lloyd Gibbs, chairman of the State Affairs committee in the House of Representatives at the dedication of Beaver Island's new marina located on the west shore of St. James harbor adjacent to the business district.

Roger Carlyle, island resident, as master of ceremonies, wel- Peaine townshiph which comcomed honored guests and visitors in behalf of St. James and prise the island and introduced the speakers, Dr. Willman, Mr. Wilson and Mr. Gibbs. He said that Saturday marked the completion of a goal for the people of the island who had worked hard and long to obtain funds for the construction of a much-needed dock to improve its waterfront and to make it possible for commercial and pleasure craft to dock at St. James.

All emphasized what the new installation would mean to the economy of this isolated island and its people who have worked diligently to improve their status.

At the conclusion of the formal program, Lloyd McDonough, supervisor of St. James township, William Schmidt of Peaine township, Mike Cull, harbor master and Mary Gallagher, representing the residents of the island, officially cut the ribbon to open the dock to public use. Dr. Willman then presented the keys to the dock office to Mr. McDonough who accepted the installation in behalf of the islanders.

Mrs. Margaret Simpson of Milan, a summer resident, led the singing of "Irish Eyes Are Smiling" and the National anthem.

Refreshments were served by Archie LaFreniere, president of the Civic association, at the close of the memorable event.

Charter Members Honored At Kiwanis Club Meeting

Four charter members of the Charlevoix Kiwanis club were honored at the regular meeting of the organization held Monday evening at the Masonic Temple.

They are M. A. Levinson, Harry E. Bingham, Frank Bird and C. B. Meggison whose combined years of membership totaled a century. In addition, Mr. Levinson has a record of 25 years of perfect attendance.

Ralph S. Hamilton, Lieutenant Governor of Kiwanis District 15, officiated at the presentation. In his brief talk he outlined the history of the Kiwanis club and read the history of the local club in a charter night story in the March 21, 1935 issue of the Charlevoix Sentinel.

Mr. Hamilton spoke briefly on the accomplishments of each of the four members and what they had done to advance the ideals of the club. All four, he said, had served as president of the club and in various ways had given generously of themselves to perpetuate the ideals of the club whose motto is "We Build". He then presented each of the quartet with a 25 year pin.

E. J. Edwards presided at the meeting.

At the brief Ladies night program which followed, Carrie of Hawaii, a junior at Central Michigan University, presented an exhibition of the Hawaiian Hula dance.

Detroit Man Gets Prison Sentence At Circuit Court

A Detroit man, Robert Hendrien, 24, charged with forgery was sentenced to 18 months to two years in Southern Michigan prison by Judge Charles L. Brown during the August term of circuit court which opened here Monday.

Hendrien was arrested June 12 and arraigned July 22 on a charge of issuing checks with insuffiecnt funds. On July 30 he walked out of the county jail and, after an all-night search, was apprehended the following noon at the Napont home in the west end.

Five others, including four young East Jordan men, a young Ellsworth women, were arraigned of breaking and entering in the nightime. They pleaded guilty to breaking into the Eveline Orchards fruit stand the night of July 20 taking appoximately five lugs of sweet cherries. They were apbefore Judge Brown on a charge prehended by the Charlevoix county sheriff's department last weekend and brought before Justice John Connolly Monday. They were then taken into circuit court after waiving examination into justice court.

Their cases were referred to the probation department for investigation. They were released on personal recognizance.

They are George L. Patton, 23, Burton Willson, 21, David Bartholomew, 17, and James Barber, 19, all of East Jordan and Beverly Hersha, 19, Ellsworth.

C. of C. Would Advance Date Of Election

Proposed change in date for the Charlevoix Chamber of Commerce annual election of directors was recommended at the August directors meeting and a special election for that purpose has been set for Aug. 28., Secretary Paul Kohler has announced.

The construction and by-laws as originally compiled provided for the fiscal year to begin in January with the new directors electing officers the same month. Under the change presented for a vote of the membership, newly elected directors would take office and elect their officers in November.

Contention has been that the January date brought the election and appointment of Committees too close to the summer season to adequately plan the years activities. It has been further pointed out that under the present schedule it has not been possible to present a budget to the city council prior to the time the city's budget was being formulated. Thus the council has been unable to anticipate in advance its appropriation to support the Chamber.

Notice of the special meeting were mailed to the membership of the Chamber of Commerce this week, calling the meeting for Aug. 23 at 7:30 p.m. in the community room of the city hall.

Article XI, Section 1 of the constitution provides that the membership by majority vote of those attending any membership meeting may alter, amend, add to or repeal the by-laws at a meeting duly called for that purpose.

Under the proposed changes, the president would appoint a nominating committee not later than Sept. 1 each year to prepare a slate of six nominees for directors. The list of nominees would be furnished the membership by Sept. 15. Return ballots would be received by the secretary not later than Nov. 5.

Satellite "Echo" Passes Over Area; Sighted Nightly

The balloon satellite Echo has passed directly over this area nightly since Sunday has been sighted by many residents and visitors to the area.

Described as the 'brightest star in the sky' and traveling at a high rate of speed, 'Echo' was first reported by Robert Somerville, who with his family watched it pass over at 11:15 p.m. Sunday.

Since then numerous persons have reported seeing the satellite which can be seen early in the morning as well as during late evening.

Plans to Re-locate City Bus Garage Suspended by Council

The re-location of the city street department garage presently located on May st. on property owned by the school district reached a stalemate Monday night when the city council, at its regular meeting, voted to suspend indefintely all plans to re-locate the building on a new site.

This decision followed the announcement that the board of education of the school district had adopted a resolution to the effect that the city garage located on property owned by the school district is of no practical value to the school district and thus no offer of payment will be made for the city garage building.

The council had asked the board of education and the school district to help underwrite the cost of re-locating the building.

In other action the council voted to obtain from Alfred Brow an easement across his property and to construct a catch basin and 24 inch storm sewer from Belvedre ave. to Round Lake to relieve the flooding condition at the corner of May st. and Belvedere ave. when it rains.

Bids for Workmen's Compensation insurance were received from Michigan Mutual Liability and the Max Novak Insurance Agency. They were referred to the finance committee for tabulation. The committee will report on its decision at the Aug. 29 meeting of the council.

The council also voted to make application to the Michigan Waterways Commission or assistance to complete harbor improvements listed as Priority No. 2. This includes the rebuilding of four docks or slips located at the southermost end of the yacht basin.

It was also decided to take an option on the Coeling property located on the west side of the Norwood road across from the airport at the terms offered by the owners. The property may be needed for the airport expansion program now in the planning stage.

A committee of five with Bud Heeres as spokesman, appeared before the council to ask that the city investigate the sanitary conditions that exist in an area on the west side located on Lake st. between Hurlbut and Upright ave. The matter was referred to the city attorney.

A resolution to repay $10,000 to the electric fund was approved. The money had been placed in the general fund earlier this year.

Bills and payroll amounting to $32,580.53 were approved and ordered paid. The figure includes the $10,000 mentioned above as well as a $5,600 payment to the Porter Construction Co. of East Jordan for work done in the harbor improvement project and a $4,826 payment for fuel oil.

State Equalized Tax Valuation Figures Revised In County

The new state equalized valuation figures for the 18 taxing units in Charlevoix county as set by the State Tax Commission were presented to the Charlevoix County board of supervisors who met in special session here Tuesday.

Though the county's state equalized valuation remain at $39,605,000 as set earlier this year, the valuations in all the taxing units showed some changes. The valuations on six of the units including the cities of Charlevoix and East Jordan and four townships were upped while Boyne City and the remaining 11 townships received some relief.

Charlevoix's valuation was increased $486,615 from $9,045,065 to $9,531,680. As a result Charlevoix will now be carrying 24.067 per cent of the county's entire tax load.

East Jordan received the largest hike, an increase of $588,070, from $3,729,104 to $4,297,174 East Jordan's valuation is 10.85 per cent of the county's total valuation.

In the townships, Eveline township's valuation was upped $220,992; Wilson, $61,194; St. James, $21,485 and Norwood, $10,412.

Boyne City's valuation was decreased $307,719 from $5,399,837 to $5,092,118 while in the townships decrease varied from $198,655 in Boyne Valley township to $1,352 in Marion township. Boyne City's valuation is now 12.85726 per cent of the count's total valuation.

Drastic increases in the valuations in the Charlevoix area and in the city of East Jordan have also upped the valuations of their respective school districts. The valuation of the Charlevoix school district which embraces Charlevoix, Hayes, Marion and Norwood townships as well as the city and which is fractional with Banks township of Antrim county will gain $2241,390 while East Jordan stands to gain an increase of $520,647.

The Boyne City and Boyne Falls school districts, whose budgets were based on anticipated revenue from the earlier valuations, will have $347,823 and $221,017 respectively, less on which to levy school millage.

The Approaching Choice

The Democrat and Republican parties have outlined the patterns on which they hope to shape the next four years of American history. Each party is preparing an all-out campaign to win voter support for its particular type of government.

Both parties are agreed on general goals such as national strength to face and defeat the Communist challenge; a better life for all Americans, etc. They are agreed also that the way to accompolish these goals is through economic growth. Here the agreement apparently ends with each party having its own formula for promoting that economic growth.

The Democratic platform appears to call for more public spending programs, on the theory that this will stimulate more production. The Republicans seem to place less emphasis on direct government action and more emphasis on encouraging free enterprise. They contend that this system has proved itself by building the greatest producing nation in the world.

The goals will appear much the same to the voter. If he studies the means by which the parties aim to attain these goals, however, he will be far better qualified at the November election to decide the route he wants to follow. It is well to remember that the money the government spends is coming out of your pocketbook by one tax or another along with enough extra to pay for an extravagent governmental adminstration.

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

Light and Shadow

Nearly anywhere you look in nature you see patterns of light and shadow. On a bright day the tonal contrasts are strong between a gleam of glancing sunlight on the trunk of a cedar and the coarse, intense black of shadows brooding beneath the fiolage. Beween the polished silver of a northern stream glimmering in the sunshine of the deep, rippling darkness cast by a drinking deer, there's a world of tonal difference that is one of nature's visual delights.

On a moonlit night the soft, silent radiance of the sun's pale offspring drifts across the earth stretching a network of soft light and softer shadow and arraning the dim tones of night in vague imitation of the brighter patterns of day. At night Nature does not paint pictures with light, but sketches them on a blackboard with blue-violet chalk. The shadows are there, but they are darkness drawn on darkness.

Day or night the earth is a child of light and shadow, and it is the nature of our existence that we must live among the contrasts. We shall see both, experience both—we have no choice about that. But which—light or shadow—will have the focus of our attention and thought and conversation, that is a matter we must decide for ourselves.

When Lord Haldane, the British statesman and philosopher, wrote his autobiography, he told of an incident that could be a lesson to all of us. When he was a young man, he was engaged to be married to an extremely beautiful and desirable young woman. And for the six weeks of their engagement, he looked forward to a lifetime of happiness with the one he loved. The youth's joy was boundless, but then, without warning or explanation, the girl broke off the engagement, and we are left with the impression that he never saw her again and never knew the reason why she changed toward him. A great many years later referring to this baffling disappointment, Lord Haldane made only this simple but revealing comment: "I was not then, nor have I ever been, anything but profoundly grateful to her for that perfect six six weeks." No blame, no bitterness, but gratitude! Lord Haldane once enjoyed a beautiful experience, nd he would allow no subsequent frustration or dissillusionment to spoil its splendor.

We have a reasonable measure of health all through our youth and well into our middle years or old age. Then perhaps we lose it, and the grumbling and complaints begin. Forgetful of all our past pain-free days, ungrateful for all our hours of radiant vitality and abounding strength, we remember only our woes. And the shadows are allowed to creep across the splendor and dim the glory.

A loved one is lost to us for a little while through death. How disposed we are to complain, "Why should God take him away?" when we might just as well ask, "Why should God have given him to us in the first place?" Great bereavement is the reverse side of great mercy, and loss the opposite side of gain. We could experience no sadness at another's death if we had not first known the joy of his companionship. While knowing we shall miss him, should we not also acknowledge how his presence companioned our best hours, and while we sorrow at a dear one's departure should we forget his glad coming into our days?

All this is no argument for teeth-clenching stoicism, but reason for tempering our disappointments with gratefulness and our heartaches with thanksgiving. Some shining glories have been ours and no later disappointment should be permitted to steal their splendor.

Voice of Our Readers . . .

Charlevoix Courier:

Please find enclosed stamps to cover 3 papers sent to me this week.

I am glad I entered the exhibit. I was No. 50 in the list of exhibitors. Thought the fair was very well planned but I do feel there was little hospitality shown those who made the effort to go to the show and show their best. I did not meet anyone but Mr. Church who was most courteous.

Gentlemen:

Each summer we look forward to our three month visit to Charlevoix and to the use of its public library. The library is as much a part of our vacation as the waters of Lake Michigan. Venetain Night, and swimming in Lake Charlevoix.

The pleasure of reading, however, is not dependent upon the weather, and the Charlevoix library, with the aid of Miss Milner and Mrs. Novotny, provides a wealth of material for all book lovers. Charlevoix can be proud to have a librarian such as Miss Milner. She is that rare individual, a lover of books, who is able to impart the pleasure of reading and learning to all those whose lives touch hers.

We have learned that Charlevoix may close its library during the summer months after the new high school is completed. We cannot believe that a city as progressive as Charlevoix and one as devoted to the arts would withdraw the use of the library from its entire community. To close the library would be comparable to turning off the lights of the city and leaving it in darkness.

The School Board is to be commended for providing a year-round public library; a service which most city governments provide for their citizens. We sincerely hope that the people of Charlevoix will make every effort to assist the School Board so that the doors of the library will be open always.

Yours truly,
Mr. and Mrs. Monte M. Korn

From Fort Gordon, Ga., a note from Sp4 Charles R. Pierce with information regarding his work and a change of address:

My primary duties are as an instructor for the Fort Gordon schools. I feel greatly honored being in this position normally held by top grade NCO's and Juunior officers.

Also sometime in the future I will be going to Fort Chaffee, Ark., for 30 days of chemical, biological and radiological warfare training. It is the Army's basic chemical school for that highly technical field today.

I probably will remain here at Fort Gordon for the next 16 months when I leave for Officers Candidate School at Fort Benning.

Exchange Student from Holland To Enroll in Charlevoix High

For the third year Charlevoix will have a foreign exchange student in its midst.

This year she will be "Alida 'Lia' Drenth, daughter of Mr. and Mrs. Cornelis Drenth of Sneek, Holland, who will arrive in Detroit Aug. 19 to spend the school year with Dr. and Mrs. Robert G. Martin.

Lia will come here under the sponsorship of the Youth for Understanding program sponsored by the Michigan Council of Churches.

It is interesting to note that a summer exchange student from Charlevoix, Mary Lou VerWys, has spent the summer at the Drenth home in Sneek. She will return home later this month.

Dr. and Mrs. Martin became interested in the program when their daughter, Ann, was named to represent this country as a summer exhange student earlier this year. She is spending the summer in Munich, Germany, with the family of a Munich doctor. She will return home Aug. 23.

Lia will enroll as a senior in the Charlevoix high school though she has completed her high school studies in Holland where her father is with the Ministry of Fisheries.

Lia, herself, has numerous interests. She has worked in an International Work Camp, is a Sunday school teacher, is a member and a teacher at a sailing club and has done volunteer hospital work. She plans eventually to become a private secretary.

In her application to become an exchange student she said she thought the best way to gain greater understanding of this country was to live with an American family. She will be given this opportunity when she arrives at Detroit tomorrow and in Charlevoix next week to spend the next 11 months with the family of Dr. and Mrs. Martin.

Farm Bureau Directors Meet At Blanchard Home

The regular meeting of the Board of Directors of the Charlevoix County Farm Bureau was held August 8th, at the home of Mr. and Mrs. Clinton Blanchard.

Mrs. Tom Wieland reported on the operation of the Venetian booth. She said that all groups co-operated and the results were very satisfactory.

The Board voted to take part in selecting a Charlevoix County farmer who would qualify as a Farm Bureau Co-operator of the year. This contest is sponsorby Farm Bureau Services, FarmersPetroleum Co-operative and Farm Bureau Insurance Companies. It will be the duty of the Farm Supply Committee to select the Charlevoix County farmer to take part in the state contest.

September is the month for election of officers in the Community Farm Bureau Groups. McGeagh, Boyne Valley, Phelps Barnard and Deer Lake are the groups to nominate one candidate each for a two year term as a county director.

The annual meeting of the Charlevoix County Farm Bureau will be held on October 5th. All members will receive a notice of the time and place by mail.

Students Complete Summer Music Training Program

The annual summer instrumental music program sponsored by the Charlevoix board of education tion drew to a successfull conclusion last week according to C. A. Odmark, director of the program.

Enrollment this summer was about the same as in previous years with a total 109 initial enrollments of which 102 finished the entire seven weeks program.

Beginning on June 23, the program continued through Aug. 12 with 38 hours per week of instruction scheduled by Mr. Odmark who met the students either singly or in groups not exceeding five students.

The vast majority of those enrolled for the program were members of last year's sixth and seventh grade bands with several reserve band members as well as a few from the senior band taking advantage of the program in which a great deal of individual attention is possible. Mr. Odmark said that the summer program had, in the past 13 years, become an integral part of the band program in the local schools.

Students who had perfect attendance records during the entire program include: Jim Stewart, Steve Bergmann, Mary Ann Cummings, James Curtis, Clyde Allison, Judy Walker, Barbara Sugden, Betty Klooster, Ellen Cunningham, Ted Weidman, Cecil Drost, Noreen Wojan, Carolyn Gallagher, Susie Staley, Sandy Sundberg, Warren Belding and Paxton Warner.

From where I sit ... *by* Joe Marsh

Don't Scream for Ice Cream

Doc Davis, the young dentist, moved into town only three months ago—but already he has a thriving business, especially with children.

I found the secret of his success when I stopped by Pop's Drugstore for a sandwich the other day. A small-fry walked in and handed a card to Pop.

Pop immediately went to the ice cream freezer. As he started scooping a cone, I asked him if I could see that card. It read: FOR GALLANTRY IN THE DENTIST'S CHAIR — ABOVE AND BEYOND THE CALL OF DUTY — PLEASE PRESENT THE BEARER WITH A DOUBLE-SCOOP ICE CREAM CONE, ON ME. DOC DAVIS.

From where I sit, it's good when a man can deal with people through understanding. He's the sort of fellow who respects the preferences of others though they may differ from his own ... a tolerant man who offers his neighbor a glass of beer even though he, himself, may prefer lemonade. Take it from me, tolerance is the "painless" way to build a strong community.

telephone lines

By LES JOHNSON, *Manager*

WHO'S WHO IN MOSCOW can be told at a glance by looking at the telephone book—there are so few phones. It's such a privilege to have one, that being listed in the directory is a sign of the elite. Fewer than 3 out of every 10 Moscow families make the grade. But more than 9 out of 10 families are listed in the Michigan directories. How about that, Mr. K.?

YELLOW PAGES

VACATION BOUND: If you're headed for a *new* vacation area, here's a hint that might save you some time and trouble: To find any product or service—drugstores, doctors, garages, theatres—just look in the local Yellow Pages. DO YOU EVER have a question or a problem about your telephone service? Perhaps you'd like to know more information about a new extension phone or find out about a charge on last month's bill. If you ever want to know anything about your telephone service, don't hesitate to call us at DI 7-9911. Giving you the service you want is what keeps us in business, and we're all happy to help you!

"These trails would shake the cab off an ordinary truck...but *not our Chevy*"
Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day . . . make $45 to $50 a day more with this Chevy than we can with the others."
In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.
◀ *"That 6-cylinder engine really performs," says Bobby Fox. "It's got the lugging power we need in the woods and walks right along with a full load on the highway."*

Boy Train for Friday Rodeo at Camp Charlevoix

Courier Photo

Ted Wright of Dellas, Texas, reces his mount over the barbend coursa in which three barrels are placed in tha field. It is a tima event at tha Camp Charlevoix rodeo in which the contestants take off from the starting line, cutting their mounts around the barrels in a designated pattern without touching or knocking a barrel over. A wide sweap around the barrels can count up many extra seconds.

Courier Photo

Taka-off for a practice run of the flat rece to be staged at the Camp Charlevoix rodeo Friday. The mount in the foreground seems to heve ideas about turning back to the corral. Tha other two boys are off to a good nose to nose start.. Good horsemanship is an important factor in these rodeo contests and most of the youngsters do a remarkable job in handling the mounts assigned to them.

Courier Photo

Up or down? John Baird of Ann Arbor, the boy in question, is going up. His team mate, Rick Tomkinson of Akron, Ohio, gives a hand as the two practica for the rescue contest which will be one of tha events at tha Camp Charlevoix rodeo Friday afternoon. John waits in the center of the field for Rick to desh to the rescue, help him to the horse's back and then race from the field two-up.

News Round-up at
Camp Charlevoix

Monday of the seventh week found the long sailing trip and the three day canoe trip ready to leave and there were many excited boys. The sail trip left with the sailing counsellors John Logie, Marty Burke Don Stephens, Peter Schulties in charge of the following boys, Dave Smith, Bill Stebbins, Pete Fairman, John Varonoff, Bill Gross, Tom Hardin, George Steinhardt, Charlie Sullivan, Billy Kuntz, John Haury, Paul Sherman, Dick Mueller, Billy Peters, Steve Martin, Keith Harrison.

It was a perfect day for sailing and that night when Ken Smith and Bill Townsend visited the trip, the boys were all tented down, and fast asleep. They were camping at Whiting's County Park and the full moon over the lake and the boats moored on the wide sandy beach really made a picture.

The canoe trip also took off, these boys going down the famous Au Sable river from Gaylord to Mio. The staff on this trip were Joe Berry, and Forddy Kennedy. The boys were John Baird, Hal Thurston, Dick Potts, Burke Schantz, John Rotz, John Deane, Dick Steudel, Wes Murfin, John Steffensen, Bob Lohman and Ted Schmidt. O, yes, the mugwamp was put into action Monday night with the Greens finding it and having it in their possession to hide and run the next day. The Green-Gray competition is very close now with the Greys ahead by only 1 point.

On Tuesday, more trips left camp. Doss Powell took cabin 3, along with Jim Pickett with Cabin 5 and Forddy Kennedy's boys in Cabin 17—Forddy was on the canoe trip—on a trip to Mt. Mc Sauba. Chuck Stebbins took his boys of Cabin 18 on a horseback day trip.

Wednesday, the canoe trip returned with many interesting tales of the fun they had, seeing many deer and smaller animals and all the boys raved at the beauty of the river. The sailors pulled in about seven o'clock in the evening. The camp had the annual "Capture the Counsellor" in the evening. This, too, being Green-Grey competition. Signs were posted all over our area, each one a picture of a counsellor with a price on his head. The Greens captured the most men, who had the highest cash price on them, and thereby picked up three points. It was a very exciting evening and the boys loved it. Little Bobbie Camp caught Cy Pick, head of our waterfront.

On Thursday, Bill Harris took about 30 boys on a nature trip which was an overnight to Susan lake. They left early in the morning with these boys being chosen on this trip: Rusty Smith, Tommy Bayer, Bobby Camp, Bruee Chidester, Howard Davis, Doug Den Uyl, Danny Hall, Bob Hickam, Keith Johnson, Neil Middleton, Ralph Miesel, Mark Murfin, Bill Parker, John Patterson, Tom Rotz, Greg Seeley, Walt Silver, D. J. Somers, Bob Steketee, Ned Stilwell, Tim Sweeney, Steve Wardrop, Ricky Wilson, and Bill Zaring. Chuck Hannaman and George Smillie were along to help, and everyone reported a great time. Randy Roberts took Cabin 12 on an overnight horseback trip. Tom Richardson took his Cabin 14 on a canoe trip down the Jordan river which was also an overnight. Tom reported that it was the best trip he had ever taken and the boys seconded his thoughts. Bob Askren and Cabin 11 went out to Fisherman's Island for an overnight.

On Friday, Cabins 10 and 13 took off for Fisherman's for a day trip. Rebel Thompson took his boys in Cabin 19 to Fishermans for an overnight. And not to be outdone, Kerm Krueger and Don Stephens took the little boys in Cabin 1 and 2 on a wagon trip to Bay Shore on an overnight. The Mugwump ended for this season without either team making a successful running of it. Several attempts were made, but each time the team running it was stopped.

Saturday was a regular day in camp. However, at the evening dinner hour, the annual birthday party was held for all boys and staff who have had birthdays during the camp season. Ruby, Ruth Townsend, and Sally Pick made the favors, place cards and each birthday boy was given a present, either a small flashlight or a "Bolita" from Mexico. Later in the evening, our last skit night of the season was held in the "Bigwam". Cabins 16, 18, 19, 20, 21, 8, 13, and 7 all gave skits with several of them being outstanding.

At Sunday morning chapel, Bob Askren was the speaker, taking as his topic "Building a Life Through Faith". Parky Smith and Leland Shaeffer read the scripture. In the afternoon came the event that many boys wait the whole summer for, the obstacle relay. This is the culmination of all Green-Grey competition, and as the relay started the the Greens were leading hy two points. The event takes in 144 boys and counts four points, so the winner of the event was definitely the winner for the season of 1960. The relay takes in a potato race, sack race, swimming, canoeing, riding, baseball, tennis, archery, riflery, baseball, sawing a log in two, pounding spikes into a log, eating a peanut butter and cracker and whistling, blowing a balloon until it bursts, and many other events. The final event is building a fire and boiling water. The Greens started out strong and when they came to paddling a canoe across the bay they were far ahead. At sawing a log in two, the Greys gained ground, and went into the lead. Both men started their fires at the same time with Steve Eddy for the Greens winning. With two hundred people all standing in a large circle and watching this climax to the relays, itwas with a tremendous shout and many happy boys that the Greens were the winners.

Sunday night we had an all camp night in the bigwam when camp slides were shown including the slides of this summer. Boys really enjoyed seeing themselves.

This eighth week is a very busy week with the Green-Grey banquent on Tuesday night; the mile swim on Monday afternoon: The Machinac Island trip on Wednesday the final banquent on Thursday night and Friday the big rodeo and Indian council fire It just doesn't seem possible that the 1960 season is about over. Our trips man tells me that about 90 trips left camp this summer. This is a tremendous number and our hats go off to Bob Shaefer, head of trips, and to Gene Hellman his assistant. They have done a great job.

Construction on New High School Shows Progress

Progress on the construction of the new Charlevoix juniors-senior high school is becoming more evident almost daily as walls are built and arches for the gymnasium make their appearance.

The arches, seven in all, were hauled by truck from Wisconsin where they were manufactured of laminated wood. Two cranes were used in erecting the huge wooden pieces to their concrete anchors on either side of the building and joining them at the top with steel plates.

Outside walls and partitions in both Section A, the classroom section which fronts on Garfield ave., and Section B where the band room, industrial arts department, cafeteria, lockers and gymnasium are located are rising with surprising speed and before long should be under cover.

The Bjorland Construction Co. of Saugatuck is the general contractor.

County Elects Delegates to GOP State Convention

Charlevoix county Republicans elected delegates, adopted resolutions and discussed other party issues at the largest county convention held in recent years, according to E. K. Shanahan, county chairman.

Charlevoix county is allowed four delegates and four alternates at the state convention. Following the custom of previous years, the county convention chose to elect one delegate and one alternate at large and one delegate and one alternate from each the Boyne City, East Jordan and Charlevoix areas.

Mr. Shanahan was elected delegate at large and Mrs. Arthur K. Rouse of Boyne City the alternate. Area delegates and alternates to the state convention are Boyne City area Gerald Fineout, alternate, Arthur Speltz; East Jordan area, Howard Porter, alternate, Mrs. Howard Porter; Charlevoix area, George Smith, alternate, Clarence Meggison.

Th delegates were instructed to give their support to Harold Lange of Gaylord, Otsego county treasurer for 14 years, as a candidate for state treasurer. Otherwise they were uninstructed. The convention went on record as opposing the unit rule for voting at the state convention.

Resolutions pledging support to Republican candidates from the presidential slate to county officers were adopted. Other party business was also discussed.

Chinese Vessel "Mandarin" Visits Charlevoix Harbor

For a brief monent recently, spectators a long Charlevoix's waterfront thought they were having an optical illusion for certainly the craft moored off East Park couldn't be what it looked like . . . a Chinese junk.

A closer look at the trim white vessel with its colorful Chinese carvings and unusual lines and sails, however, assured them that the craft actually was a junk, a most unusual sight on the Great Lakes.

An interview with the owners, Mr. and Mrs. James A. Perkins of Benton Harbor, unraveled a story which actually started in the world-famous port of Hongkong where the 32 ft, Chinese craft was constructed.

According to Mr. Perkins, the junk, constructed of various types of teakwood with a mast of mahogany and fan-type sails typical of the Orient, was built in Hongkong for a New York bachelor who planned to live aboard the unusual craft on the Hudson river which boasts a summer colony of the Oriental boats.

While the junk was enroute to this country, the new owner died unexpectedly and the junk, which was partially paid for, became a part of his estate. Tied up in the red tape of probating the estate, the junk was placed in storage and more or less forgotten until the importing company, which had arranged for its purchase received a request for a junk to be displayed at the International Trade Fair in Chicago last summer. Thus the junk was taken out of storage and shipped to Chicago.

There, thousands of spectators viewed the unusual vessel with its colorful mandarin figure on the bow where it was flanked by the boat's 'eye' so it can 'see' where it is traveling, its beautiful cabin finished in teakwood with a three by four foot carved base relief depicting highlights of early Chinese history, the brass medallions of the gods of good fortune and, on the stern, the ship's name, 'Mandarin', carved in both English and Chinese symbols surrounded by other symbols of good fortune for a sailing vessel.

Among the visitors who were attracted to the junk were Mr. Perkins, a publisher's representative for a Chicago trade magazine and his wife, who were fascinated by the unique craft.

Owners of several sailing vessels through the years, the Chinese junk captured their imagination and they decided to see if it could be purchased. After unraveling the red tape of the estate and the New York importing and the Tokio exporting companies, they acquired the craft which was transported from Chicago to its home port of St. Joseph, Michigan, earlier this year. There it was equipped with an auxiliary motor and remodeled to make it livable for the Perkins family which includes their 18-months old son, Timmy, and other members of the crew who, when the junk was here, included a nephew, Mark Perkins of Pontiac, and a friend, Jim Stevenson of Grosse Point.

The junk is equipped with a self-leveling rear comportment which allows the water to run in and out in rough seas, a centerboard and rudder. Compared to conventional crafts, Mr. Perkins said he finds the junk a little hard to steer in rough weather but added that perhaps this was because he had not learned the art of handling it yet. He also said that the craft is not too well balanced but felt this, too, could probably be remedied.

When the junk docked here overnight recently it was enroute to St. Joseph from a trip through Canada's North Channel where they had acquired, as a souvenir, the British flag it was flying along with the pennant of the St. Joseph River yacht club.

Carrying out the Oriental theme the craft's lines and decor, the dinghy which the junk tows is named "Draggin' Lady".

Football Practice To Begin Monday

Candidates for the Charlevoix high schol Varsity and J-V football squads were to report at the high school locker room for physical examinations Wednesday afternoon.

Coach Don Carey said he had no idea how many veterans, lettermen and newcomers would report since many of the boys were still working but added that probably well over 50 would be on hand for the examinations given by Dr. A. F. Litzenberger, director of the district health department, assisted by Mrs. Jeanne Miles, community nurse.

The first practice session will begin at 7 a.m. Monday at Kipke field, Coach Carey said. This means the players must be at the gymnasium no later than 6:30 to dress for practice.

Evening practice sessions will also be held until school opens. The hour of these sessions will be decided Monday, Mr. Caray said.

Equipment was issued Wednesday in preparation for opening day. Any prospective player who has not had a physical examination or received his equipment should see Coach Carey before reporting for practice.

The Belvedere Resort Hotel to Be Razed

Another era in the history of Charlevoix as a summer resort will be brought to a close shortly with the razing of the community's oldest resort hotel, the Belvedere Hotel.

The decision to tear down the threestory 90-room frame structure was announced this week by D. D. Walker, president of the Belvedere Club Association, following the annual meeting and a vote by the 88 club members.

Mr. Walker, in making the announcement, said the razing of the rambling cream and green vine-covered structure had been under discussion for the past 10 years. This year a survey of the building by an outside engineering firm found that the physical property was in bad condition and that an extensive and expensive remodeling, modernizing program would be necessary to put the hotel in top condition. Since the trend in summer resort hotel is changing and many of the older and larger structures are being razed, it was decided to put the issue to a vote of club members. The proposal to raze the 65-year old building was approved by a two to one vote.

Mr. Walker said the trustees had already advertised for bids for razing the hotel which fronts on Ferry ave., facing Lake Charlevoix for approximately 200 ft. and on Belvedere ave. to the north about 150 ft. The dismantling of the landmark is expected to begin at the close of the present resort season.

There are no immediate plans for replacing the hotel with a new building, Mr. Walker said. However, he added that a survey would be made during the next year to determine club needs. A small clubhouse may be constructed on the site at a later date if the need for such a structure exists. In the meantime, the casino, located across the street from the hotel which underwent extensive repairs and remodeling during the past year, will be utilized for entertaining.

The Belvedere Hotel has become a landmark whose history dates back to 1878 when the first summer residents purchased the property where the club grounds are now located and established the Kalamazoo Baptist Association. The first club house, a small eating place, was constructed the following year, 1879, which also marked the date when the first cottage was built on the club grounds.

The original clubhouse was enlarged to include an office and a few rooms during the next few years but in 1887 this building was razed and the first section of the present hotel was built. The new clubhouse contained a lobby, offices, a small dining room and a few sleeping rooms. In 1895, the club, which had since become known as the Belvedere Club, iniated an extensive building program and enlarged the clubhouses to 90 bedrooms with accompanying baths, offices, lobby, dining rooms, kitchen facilities laundry and related departments. In 1921, the solarium which faces Lake Charlevoix, was added to the original building. The casino, located on the south bank of the upper channel, was built. Major repair and improvement programs through the years kept the building in excellent condition. In 1037 a sprinkler system was installed throughout the hotel.

Time was, when the hotel was filled to overflowing throughout summer months. At one time the club had its own railroad station

An All-Request Program

Community Chest Sets 1960 Budget at $8,250

The Charlevoix Community Chest board of directors has adopted a budget of $8,250 for 1960, Franklin Ochs, president of the board, has announced.

The budget was adopted at a special meeting held Friday after all participating agencies had presented their budgets at the annual Budget and Admissions meeting held Tuesday.

The budget is $2,073 less than the 1959 budget of $10,323. The fund campaign goal will be the same as the budget. Last year the goal was $9,998.

Requests from 10 agenies were included in the 1980 budget although several requests were cut drastically.

The agencies and the amounts which will be raised for them in the fund drive scheduled to open late next month follow: Michigan United Fund, $1,000; Charlevoix Hospital (general fund), $500; District Health Department (Community Nurse), $1,558; Scenic Trails Council, Boy Scouts, $750; American Red Cross, $1,000; Charlevoix Girl Scout Council, $750; Charlevoix City Recreation (to aid in expense of softball, lifeguards, swimming instructions and ice rink), $800; Salvation Army, $200; Charlevoix Association to Aid Retarded Children, $950; Emergcney Fund (which includes $150 for Salk vaccine), $450; campaign expenses, $300.

The requests of the Charlevoix Hospital and the Scenic Trails Council were cut by approximately 60 per cent and the Michigan United Fund by about 33 per cent by the board of directors. The Salvation Army request was $125 less than the 1959 request made to the local board. This year requests were made for funds in Boyne City and East Jordan as well as Charlevoix. In the past Charlevoix was the only community in the county which included this organization n its budget.

The Charlevoix Mt. McSauba Ski Club was not included in this year's budget.

The Charlevoix Service Organization which underwrites the cost of sending the Charlevoix Courier to all local servicemen was omitted through a misunderstanding. Mr. Ochs said the organization's belated request for $250 would be discussed at a later meeting.

The money for the purchase of Salk vaccine to be given to pre-school and early elementary students was included in the emergency fund because no other monies are available to underwrite this cost.

The mail division of the 1960 fund campaign is scheduled to open Sept. 26; the industrial and business solicitation Oct. 3 and the residential campaign Oct. 10.

Announce Opening Dates of Charlevoix County Schools

The opening dates for schools in Charlevoix county were announced this week by Charles A. Robinson, county superintendent of schools.

Boyne City public schools, which have 9½ months of school, will be the first to open the 1980-61 school year according to Mr. Robinson who said that classes would begin Thursday, Sept. 1.

Other schools will open the day after Labor Day, Sept. 8. with the exception of the Charlevoix public schools and St. Mary's school which will open Monday, Sept. 12, with teacher's conferences.

One school, the Chandler rural school located in the eastern section of the county, does not have a teacher at this time and thus has no scheduled opening date.

The schools opening Sept. 8 will include the East Jordan public schools, Boyne Falls public school, St. James public school, Melrose, North Bay, Hortons Bay, Murray and Ironton rural schools.

Teachers at the Melrose school located in the village of Walloon Lake will be Mrs. Orthella DeNise, principal, Mrs. Ruth Berg, Mrs. Lullo Brock of Charlevoix and Piece Erb, the latter two being new teachers in the school; North Bay, Mrs. Agnes Darbee; Hortons Bay, Mrs. Lorah Foley; Ironton, Mrs. Mildred Coblentz; St. James, Sister Mary Ida Walters, principal, Sr. M. Rene Langlois, Sr. M. Barabara Ann Seymour and Sr. M. Villana VanMullekow.

There will be 12 new teachers in the East Jordan schools, six in the Boyne City School system and one in the Charlevoix public schools.

Council, Legion and School Deadlocked On Property Issues

Two obstructions now face the directors of the Charlevoix public school in carrying out the construction of the new Charlevoix high school. They faced a stalemate last week with the city when the council refused a request to re-locate the city garage which the school directors state is on school property.

The second obstruction came from the Leslie T. Shapton post, American Legion, when it notified the school directors that construction had been extended onto property owned by the Legion post.

There apparently is some question as to who owns property on which the city garage is located. Mayor E. James Hiller said he did not know who owned it and could not give further information on that point. The only records available in the office of the register of deeds indicate the property belongs to the school district, according to Grover Geneit. Despite the thinking of former aldermen and members of the school board, no records have been produced, as yet, to prove the city's claim to the property beyond the fact that its has been used as city garage for a period of years.

The mayor and some members of the council contend the cost of re-locating the garage should be spread over the entire school district, which includes the neighboring township, and not just the city of Charlevoix.

The second obstruction came last week when a committee of the Leslie T. Shapton post, American Legion, notified Robert Lieberman, president of the board was infringing on property owned by the post and that court action would be taken if construction work on Legion property was continued. Work was stopped pending further negotations with the Legion. The Legion maintains the is school appropriating about 150 feet of its Garfield ave. frontage for approaches to the new school.

Two offers have been made to the Legion Post by the board of education for the entire property The first offer was a verbal proposal to trade the Washington school property for the Legion property. A committee of the post inspected the Washington school but no action was taken by the post following the report.

A second proposal, in a letter dated Mar. 32, 1980, offered the Legion post $4,000 for its property. The proposal was rejected in a letter to the school board, dated April 22, 1960. Value of the property established by an appraisal firm employed by the Legion is $10 per foot frontage on Garfeld ave., plus the building which was valued at $2,500 on the basis that it had little value but served the purpose or which it is used.

At a meeting of the Legion post Tuesday evening, the committee designated to negotiate, was instructed to ask for a meeting with the board of education and request a new proposal.

The attitude of the board of education now appears to be one of waiting. Carrying the differences into court will involve considerable cost to the parties involved with many of the same tax payers standing the costs.

Find Missing Man After Long Search

The most extensive man-hunt ever staged here was organized Tuesday by Sheriff Glenn E. Rose to search for Harker Kirby, 77, retired druggist, who was last seen about 1 p.m. Monday in an area west of his 408 W Upright home. He was carrying a pail over his arm at the time and it was assumed he was going to the area near the city dump to look for berries.

When he did not return to his home later in the day, Mrs. Kirby reported him missing to the City Police and Sheriff's Department.

When efforts to find him during the night proved futile, the extensive search involving approximately 125 volunteers including workmen from Freedman Artcraft where all men were released to assist and from American Lloid was organized They covered an area 2½ by 3½ square miles in size and extending along Lake Michigan from South Point to an area south of the city dump. They were assisted by a helicopter from the Traverse City Coast Guard air station and by a bloodhound which was brought from Traverse City during the afternoon.

Most searchers returned to their home as evening approached.

Mr. Kirby emerged from the woods onto US 31 South about a mile south and east of the city dump. He was picked up by Mr. and Mrs. Horley Warner who had recognized him and taken him to his home. Chief of Police Joseph L. Smith who talked with him said he seemed in good physical condition and unaffected by his 31 hours in the woods. Mr. Kirby said he had heard voices of men behind him as he made his way south along the lake but did not realize they were searching for him.

He was still confused and insisted he had only been in the woods a short time though he had not been seen for approximately 31 hours.

Mrs. Kirby told Police officers her husband had left home for long periods of time before but had always returned home or had been found after a short period of time.

The Rev. and Mrs. Fred W. McNeil and family have returned to Cassapolis following a week's visit with Mrs. McNeil's parents, Mr. and Mrs. Russell Meyers.

Mr. and Mrs. K. W. VanDyke and children returned to Detroit Saturday following a two weeks' visit with Mrs. VanDyke's parents, Mr. and Mrs. C. W. Burlin. L. L. Lewis.

Do-It-Yourself Health Program

A great deal of attention is being given to the health problems of the growing elderly proportion of our population. Out of this, it is to be hoped, will come programs and policies that will meet the needs without imposing on us the costly regimentation that some proposed legislation would make inevitable.

One point deserves to be much more widely understood than it is—the problems involved are not, by any means, confined to medical care, and hospital and nursing home service. Dr. Edward L. Bortz, a past president of the American Medical Association, has made that clear. As he puts it, major afflictions of older citizens today can be traced to faulty diet; flabby bodies, excessive fatigue, and aimless living. And, he adds, a do-it-yourself health program designed to cure or alleviate these afflictions can be the greatest insurance policy for a longer, healthier life.

In his words, our society is "immature and youth-oriented." So this is the time to cease "worshipping the glamour and romance of youth" and concentrate on the contributions that the mature older citizen makes to our society.

One of the most urgent needs is to abandon the custom of compulsory retirement at age 65 or any arbitrary figure. Great numbers of people now attain their period of top performance at 65 or older. To consign them to the ranks of the idle is to do them a grave injustice—and to deprive the nation of energies, abilities, and experience it can use to vast advantage.

Grassroot Opinions . . .

Los Angeles, Calif., Industrial News. "Most of the nation's major inventions come from private inventors, small to medium sized companies or from small companies within a big industry. This is the report of Dr. Daniel Hamberg, professor of economics, University of Maryland. . ."

Denison, Texas, Press: "After studying and working with juveniles for a period of over fifty years, and having ourselves reared a family of nine, we have come to the conclusion (long ago) that a great mother, along with a fairly decent father, can get the job done without any court action, clubs to fence them in, community houses or youth centers."

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

Danger Belongs Here

Nature is not what the uninformed sentimentalist pictures it to be—a realm of perpetual peace and uninterrupted tranquility. Creatures of field and forest live in a world crowded with crises, and their hours are pelted with hazards. That cottontail rabbit that lopes across your lawn and in apparent peace nibbles at your hedge is not the relaxed, reposed creature he appears to be. Far from it. Hawks hunt cottontails by day and owls by night. In hunting season men and boys with guns shoot down the bounding bunnies, and in all seasons man's friend the dog is their great enemy. Many rabbits hardly see the light of day before they perish. Rabbit nests are destroyed by plowing and cultivating, by hayng and other farm and garden operations. Snakes and crows, dogs and cats and even innocent-looking red squirrels eat baby rabbits before their eyes are open. Infant rabbits are chilled or drowned by heavy rains flooding their nests. Wildlife surveys in Pennsylvania have shown that thirty-five percent of the broods of young rabbits are wiped out by one enemy or another before the young are ready to leave the nest. From the hour of its birth to the moment of its death the cottontails is constantly beset by peril. Its chances of attaining its first birthday are slightly more than one in twenty.

The rabbit's perilous existence varies from that of other life mostly in degree. Young trout stand even less of a chance of living through their first year. A newly-born human has far greater promise, but even there life teeters on a thim edge, between too great a temperature and too low, between cells multiplying too fast or too slowly. To be alive is to be in danger.

Risk and peril are woven into the very fabric of life. Attempt to remove them and all the material must be ripped apart so that what is left is not life at all, but the merest tatters and shreds of it. All the "peace of mind" cults can offer us are these poor scraps. Danger is here as part of the scheme of things. Some of it belongs here. Not the sort of hazards that result from man's cruelty to man, nor the kind related to man's carelessness and neglect of his own and another's welfare—but much risk is integral with any worth-while life we can imagine. Without uncertainty there could be no faith. Without peril there could be no courage. Without obstacles the soul would not climb.

Danger is a spur to healthy minds. Robert Frost has said, "The people I want to hear about are the people who take risks." Of course! No one else is interesting, and no one else can excite our respect and admiration. If daily existence does not afford enough hazards, the man of character is prone to create some of his own. He may engage in sports at the risk of losing the game, or perhaps losing his life — as in mountain climbing. He makes investments that could break him financially, or he engages in strenuous exercise that could break his bones, as in skiing. He enlists in wars with no guarantee he will return home alive. He makes friends with no surety they will be loyal, and raises children with no proof they will turn out as he hopes. He faces repeated danger of broken bones, served relationships, shattered hopes. Man needs danger to rid him of the boredom of security, to keep his senses alert, to learn of his weaknesses and his strengths, and to give him the feeling of his finiteness.

The most important lesson we can learn from the presence of danger in the world is not why it is here; our best answer to that mystery is but a feeble and wavering guess. But we ought to see that danger can be made to serve us. If its presence whets the senses of cottontail rabbits and all their furred and feathered kin, can we humans not turn danger to good account? We can. We either alter the difficulties of existence to suit our weaknesses or become strengthened and resourceful to meet the difficulties. Perilous times either discourage us utterly or they prompt us to more reflection and profound thought on life's central questions. The dark days of the Hebrew captivity produced some of the noblest literature of the Old Testament, and the discouraging years of the Civil War brought forth the immortal expressions of the Gettysburg Address and Lincoln's Second Inaugural.

A little girl complained to her big brother that the mountain path they were ascending was no real path at all. "It's all rocks and bumps." "Sure" her brother replied. "The bumps are what you climb on."

The road upward is always bumpy with risks and dangers. But we are not alone or dependent upon our own slender store of strength and skill. The Elder Brother is the Companion of our way. He knows the path, the bumps, and the destination.

Voice of Our Readers . . .

Germany, August 11

Dear Sir:

I would like very much to take this opportunity to thank you and the persons responsible for the edition of the "Courier" which I receive while over seas. I received it for the three year period which I spent in the Far East — Nov. 1953 — Nov. 1956 and I have been receiving it very regular since I have been in Germany which has been for the past two years. It is as close to home as is possible with out actually being there. In fact, I read every article in the "Courier" so I can keep abreast of everything while I am away. Especially of great interest to me are the articles written by Reverend Kohn. His articles are very interesting and express the feelings of so many people who are not gifted with the ability to express themselves in writting. It also keeps me abrest of the continuing growth of Charlevoix "The beautifu" The new school, the new power plant, the proposed new Catholic church which will probaby all be completed by the time my family and I return to the States, which will be the latter part of September of 1961. Although I am not known by many in Charlevoix. I'm sure most everyone is aquainted with my mother, Mrs. Rhoda Putman, who resides in Charlevoix most of the time. So in closing I would once again like to express my sincere gratitude for the "Courier" which I receive from my "Home town".

Sincerely
M/Sgt. Roger O. Putman,

50th Anniversary of 4-H Canning Club

This year marks the 50th anniversary of the 4-H canning club, and the 150th anniversary of the discovery of a successful canning process. Methods and utensils have changed, but the end product remains the same. Young homemakers as well as experienced ones strive to turn out sparkling, wholesome, nutritious jars of food which can be stored for safe eating later on.

The Cooperative Extension service of the U.S. Department of Agriculture estimates that well over 150,000 club members will turn out about 4½ million quarts of canned food this year.

U. S. Bond Sales in County $107,552

Combined purchases of series E and H United States savings bonds by residents of Charlevoix County totaled $107,552 in the first six months of this year, it has been announced by Robert Bridge, volunteer chairman of the County Savings Bonds Committee. This compared with $107,495 in the January - June 1959 period and represented achievement of 43.7 per cent of the year's Treasury-assigned sales goal of $246,000.

According to Delmer V. Cote', state director for the U. S. Savings Bonds Division, purchases of the two popular series for the state as a whole amounted to $23.4 million in une. This was an increase of 14.5 per cent over June 1959.

Cote' said improved bond sales reflected the cooperation of a number of the state's major employers who answered the Treasury's appeal to conduct person-to-person canvasses of their wage and salary earners early this year to encourage increased participation in the payroll savings plan. He pointed out the improved terms of savings bonds which now pay 3-3/4 per cent when held to maturity also had made Es and Hs more popular with investors.

The fitted satin bodice was fashioned with a portrait neckline appliqued with Alencon lace and seedpearls. Bands of satin appliqued with lace cascaded down the full skirt, the back of which was enhanced with satin roses. A crown of silk organza and seedpearls secured her fingertip veil. She carried a bouquet of stephanotis and ivy centered with a white **orchid.**

Barbara Woodford of Milwaukee, as maid of honor, wore a ballerina length gown of apple green silk organza trimmed with matching ribbon bows and accessories. **Leona Doyle of Detroit,** as bridesmaid, wore a gown and accessories identical to the honor attendant's. They carried bouquets of yellow roses, mums and ivy.

William Vitale of Monroe assisted the bridegroom as best man. Stephen Bauer of Portland, brother of the bridegroom, was groomsman. Seating the guests were another brother of the bridegroom, Gregory Bauer, also of Portland and David Cornell of Kalamazoo.

Mrs. Trowbridge selected a gown of apple green silk shantung and white accessories for her daughter's wedding. Her corsage was of yellow orchids. Miss Bauer, aunt of the bridegroom, wore a pale blue gown, white accessories and an orchid corsage.

Immediately following the ceremony a breakfast was held at the Knights of Columbus hall where the afternoon reception was also held. Mr. and Mrs. Frank Doyle of Detroit, uncle and aunt of the bride, were master and mistress of ceremonies.

Following a northern Michigan wedding trip the couple will be at home 216 Backus st. in Cheboygan. For traveling the bride wore a white sheath dress and accessories complimented with an orchid corsage.

The bride is a graduate of the Cadillac high school and Western Michigan University. 'Built-In' Wiring Announced by Michigan Bell

Michigan Bell Telephone Company has announced a new "built-in" wiring service for customers building new homes and one and two-story apartment buildings.

The wiring will be placed inside the walls during the period of construction, leaving no exposed wiring when the building is completed. The fixture and wall opening are covered by an attractive face plate available in ivory, beige, or brown.

To take advantage of the new service a builder must give the telephone company advance notice as to when the electrical wiring will be completed. This is necessary because the telephone wiring must be installed before insulation, lath, or plaster is placed.

The new service meets the trend toward "built-ins"

How costly a home can you afford to own? A good rule of thumb is to figure that you can afford to buy a home which is twice the value of your annual salary.

Frauds Exposed By Att. General

Note — This is one of a series of articlas furnished by Paul L. Adams, secretary of state, concerning frauds affecting tha consumers of Michigan.

• • •

The coming of summer means travelling crews of magazine salesmen will be swarming thru the State. Practically no home will be left untouched by their efforts to unload magazine subscriptions on Michigan citizens.

Some of the crews are legitimate. Some are not. For your protection, I would suggest there rules:

1. Determine whether or not the outfit involved is a legitimate one.

Do this by asking the salesman for whom he works. Then be sure to check with your local Chamber of Commerce or Better Business Bureau.

The Central Registry of Magazine Subscription Solicitors has advised their solicitors to register with the Better Business Bureau or Chamber of Commerce in the area in which they are operating. If there is no such agency in your area, check directly with my office.

2. Do not buy magazines you do not want or need.

Many gimmicks will be used to get your signature on the subscription blank.

A pretty young girl may be working her way through nurses' school; a clean-cut young man may be working his way through medical school; a disabled salesman may be trying to get enough money for an artificial limb; you may be one of the lucky few to win a 'prize.' These are just a few of many techniques to cajole and high-pressure you to play upon your sympathy.

Save your charitable contributions for gifts through the proper channels — your church, the Community Chest and so on. Buy only if you need or want the magazine.

3. Sign nothing in blank and be sure you understand what you are signing.

If you don't understand all the terms of the agreement, don't sign! If in doubt, consult your financial adviser or lawyer — even magazine subscriptions can prove to be might expensive.

By following these simple rules, you can protect yourself from unscrupulous magazine salesmen and be sure of actually getting the magazines you want.

Jean McDonald Guest of Honor at Bridal Shower

Jean McDonald, whose marriage to Glenn Bearss will be an event of Sept. 9, was honored at a bridal shower given Tuesday evening by Mrs. Kenneth Boss and Miss Betty Kerr at the Community Church of God Fellowship hall.

Twin heart-shaped cakes bearing the names of the bride-elect and her fiance and summer flowers decorated the refreshment table.

The many lovely gifts which were presented to the honoree late in the evening were placed on a table centered with an umbrella and streamers decorated in a pink and white motif.

IT WILL PROBABLY take another year before the effectiveness of the 1958 law which makes it mandatory for motorists to stop when a school bus stops can be determined

Figures for 1959 released recently by the State Police failed to show conclusively how well the law works.

There were more accidents last year involving schol buses than in the previous year when the law went into effect. And there were more accidents involving vehicles which were influenced by the slowing or stopping of school buses.

These latter totals were the highest in 10 years, State Police said.

But fewer persns were killed while crossing the roadway to board or after getting off a school bus than in any year since 1946, the year police began keeping records of this type.

Statistics showed five persons killed and 239 injured in 562 Michigan rural school bus and related accidents in 1959.

Compared to 1958, the figures represent an increase of 12 per cent in accidents and one more death, but a reduction of 15 per cent in the number of injured.

Epanded use of school buses to get children to and from school influenced the figures, but it is hard to tell just how much.

The Department of Public Instruction estimated that 6,250 school buses carried 490,000 children more than 60 million miles during the 1959 school year.

All the figures represented increase over previous years.

Exposure to accidents was also increased because of the four per cent gain in total travel by motorists in Michigan during the period.

One fact was crystal clear in the report: Motorists have to be more alert in order to avoid accidents of all types because of the fact that traffic from both directions must slow or stop according to the action of a school bus.

The greates increase in accidents and injures were noted in accidents not directly involving a school bus, but which took place in the vicinity of a school bus slowed or stopped.

PREDICTIONS OF RECORD ATTENDANCE at the Michigan's state parks this year seem to have been in error, according to figures released by the Conservation Department.

Through mid-summer, nearly eight million people had visited state parks but the number was still nearly 14 per cent below 1959.

Camping permits were down 5.5 per cent, the Department said.

Conservation officials blamed at least part of the decline on cold, rainy weather during the early part of the season. There was also a possibility that turn away crowds at some state parks in the past had caused people to be leery of trying to get into one this year.

Despite the drop in attendance, some 11,150 potential capers had been turned away from more popular parks this year.

The state has 57 parks with campsites but campers try to jam into only about half of these, the Department said. Certain parks with 50 or more campsites, however, had seen few or no turnaways through the middle of summer.

Included were: Baraga, Fort Wilkins, Muskallonge Lake, Porcupine Mountains, Tahquamenon Falls, Van Riper and Wells in the Upper Peninsula, and Bay City, Benzie, D. H. Day, Gladwin, and Onaway in the Lower Penin-Peninsula.

WORK GOES ON at the Health Department in an effort to find a cure for cancer.

A most promising substance, called Alpha Sarcin, has been extracted from Michigan farm soil. The material has proven effective against certain forms of cancer in mice, rats and hamsters, the Department said.

Alpha Sarcin has a wide margin safety, and has been used to inhibit the growth of at least 13 different types of malignant animal tumors, the Department said.

Additional work was required before the substance would be tried on human patients, officials said.

Letters of agreement with three pharmaceutical firms, Abbott Laboratories, Parke-Davis and Company and the UpJohn Company were approved by state officials so that the commerical outfits could take over development of Alpha Sarcin in the event human trials proved successful.

It was would be the job of the drug firms to make the substance available to the public

AUGUST IN MICHIGAN

By Harold E. Kohn

A princial spring and summer accomplishment of the male deer is that of growing a new set of antlers—an achievenment which must be repeated every year. By mid-August the antlers of the male white-tailed deer are well-developed.

These horny appendages began growing in April or May and in their early stages are gorged with blood and tender . The bucks are then timid, careful and self-protective in the extreme. By late summer the antlers are about as large as they will be for that year, but they are still dull and unpolished, having a covering of spongy softness. Sometime in September the antlers will be hard and strong and the velvet—by that time ragged and hanging in tatters—will be shed. However, occasionally a deer is found whose velvet does not wear off. An old buck may lack the ambition to thrash his antlers about in the brush and thus rub off the covering, or a sick deer may not possess the necessary vitality to rid himself of the tatters.

If all goes well, the buck whose antlers are now heavy with velvet coverings will lose his antlers altogether in December or January after the mating season is past. Somtimes they are knocked from their owner's head by the merest touch of a tree limb, or again they may drop with as little apparent cause as a falling leaf on a quiet autumn day.

Some Things to Look For This week in August:

- Notice that while most birds nest in early summer, May, June or July, the goldfinches nest in August. They wait until late summer when they can line their nests with thistledown which now becomes available. Goldfinches nest in large-leaved trees like maples which keep out the rain. This is necessary because unlike most birds' nests, goldfinch nests will hold water and the birds are easily drowned.
- The numbers of herring gulls seen around the Great Lakes harbor towns are now increasing because the gulls are leaving their breeding grounds on lonely offshore islands to come to the mainland.
- If you try outdoor cooking on your camping trip, you will come to doubt the old adage "where there's smoke there's fire."

First education of women in the U. S. was in the "Dames Schools" where they were taught to read and sew, but not always to write.

MEN'S LEAGUE

Ellsworth was sent spinning from the undefeated ranks as both the Mold and Merchants upset the first round winners. Mold did it in easy fashion 5-0 behind the tight pitching of Nate Boss. Boss allowed only two hits and struck out 15 Ellsworth batters. Scott Supernaw paced the winners with three straight hits.

In the Merchants 6-5 win plenty of fireworks took place. Davenport's three-bagger gave the Merchants an early 1-0 lead. Ellsworth quickly came back with three of their own, and the Merchants picked up one in the fourth to make it 3-2. Then in the sixth Pat Martin's timely single sent home two, giving the Merchants the lead again. Quin Walker singled home two more Merchants runs in the seventh. Trailing 6-3 going into the seventh, Ellsworth put together a walk, single and a three-base error for two runs before the Merchants retired the next three batters for the 6-5 victory.

Freedmans moved into first place with a narrow 1-0 win over American Mold. Dave VanDrummel was hit by the pitcher then came home on two wild throws by Mold's outfield. That was the only run of the ball game as Freedman's Klooster and Mold's Boss matched each other pitch for pitch, for the remainder of the game.

Airport Inn continued along as the hard-luck team of the league as they let leads in their two games slip away from them and went on to lose them both. Against the Merchants they had a 2-0 lead going into the sixth only to see Quin Walker and Pat Martin each single home two runs for a 4-2 Merchant win.

Against the Mold it was even worse as they led 3-1 going into the seventh. Four errors allowed the Mold to win 4-3. Ken Balch of Mold and Steve Williams of the Inn snared hitting honors with two safeties each.

The race for the batting title trophy has narrowed down to five hitters. Sam Supernaw holds a narrow lead over last year's winner Ken Balch, .412-.406. Both have three games left to play. Bob Klooster still has a chance at .385, but it would take a real hot streak for Norm Helms or Ken Wojan to end up the winner.

GIRL'S LEAGUE

In the girl's league Edwards sewed up first place with a 16-15 squeaker over the Dairy Queens. Karen Heeres had 3 of the winners hits and Sheryl Persall had three for the Queens.

WOMEN'S LEAGUE

Fochtman's outlasted the Ellsworth girls 10-8 for a come-from-behind win, and Paul-Reed blasted Bechtal 10-1. Clara Martin blasted a three run homer for the winners.

PEANUT LEAGUE

The undefeated Dodgers got a real scare from a band of determined Devils who outfought but failed to outscore the Champions. The final score was 9-8 but the Devils had the tying and winning runs on base in the final inning. Dodger Ken Parish continued his slugging with four hits. Larry Hutchingson hit a long triple for the losers.

The Dodgers got a battle from the Cards too, before winning 7-4 in a contest shortened by the time limit. Roger Sharrow had two hits for the Cards. The win gave the Dodgers both the first and second round title and the Peanut League championship.

The Tigers took a 6-3 win from the Pirates scoring the three runs in the fifth inning as Neil Wallace and Larry Skippergosh singled and Randy Carey tripled.

The Braves scored a 11-1 win over the Sox in a game called after 5 innings because of the time limit. The Braves scored five times in the fifth on eight walks.

The Cards hung a 4-1 loss on the Pirates in well-played game, but collected only two hits off Chip Terrill.

JUNIOR LEAGUE

Barnard at least temporarily knocked the title hopes of V.F.W. away with a nine inning 11-9 victory. Barnard must win its two games with Browes and Lake Construction to gain the crown. Bost was the hitting star with a ninth inning single breaking the tie. V. W.W. scored four times in the bottom of the seventh and had the winning run on third in the eighth but couldn't push him across.

Record Air Turbulence on Lake

★ ★ ★

Nature's trick of making stars twinkle is being duplicated here by [illegible] research [illegible] has been.

The project is one of a number by the Great Lakes Research Division of the University Institute of Science and Technology. The Division is conducting a nighly diversified investigation of the Lakes about which little is known scientifically.

The researachers' "star" is a powerful light attached to the Charlevoix breakwall which hurls its beam a mile and one-half across Lake Michigan waters into the lens of a telescope located on a point of land below the city.

At the rear the telescope is a photocell which translates the light's twinkling into electrical energy so that the fluctuations [illegible] converted into graphic form. Just as a star appears to twinkle [illegible] earth's atmosphere [illegible] does this [illegible] above [illegible] variations in its intensity, the U-M researchers say.

It is anticipated that correlation of these variations with known conditions of wind and temperature obtained from instruments stationed in the light's path will make possible a new data-gathering techique that may be used almost anywhere over water.

Once such data is obtained, mathematical formulas considering such items as molecular transfer between air and water will be used to determine findings.

The project is under the direction of Donald J, Portman, assisted by Floyd G. Elder, both U-M meteorologists.

'Any Deer' Season Application to Be Ready in September

Application cards for 1960 "any deer" permits will be in the hands of Michigan license dealers sometime early in September, the Conservation Department reports.

Applications must be postmarked by midnight, October 10, and mailed to the Department's Lansing office. Although the card has been changed to aid law enforcement, steps in applying for permits will be the same as last year.

Reuests for permits and questions concerning this fall's seasons are starting to flood the Department's Lansing office. Most of the questions will be answered in the 1960 deer hunting guide which will be distributed with application cards to dealers.

The guide will show special season areas and contain instructions on making applications and filling out cards, general hunting regulations, and other information hunters must know.

Construction is the largest U. S. industry. It accounts directly or indirectly for about 15 per cent of the nation's total employment.

3,827 Acres of County Land in Soil Reserve

Chairman Robert W. Reidel of the Charlevoix county ASC committee today reminded farmers with land in the conservation reserve of their continuing responsibility to refrain from using this land for grazing or harvesting any crop from it during the contract period.

"Even though we are not authorized to take new land in the conservation reserve", Mr. Reidel said, "there has been no change in the regulations concerning the land retired from production under existing contracts. The farmer is being paid an annual rental for compliance with his conservaton reserve contract, and in most cases has already received his payment for a part of the cost of establishing a conservation practice on the land. In return, he is obligated to exercise his responsibility of withholding the land from production for the life of the contracts."

There are 67 conservation reserve contracts in effect in Charlevoix county, involving a total of 3,827 acres of cropland. Of these contracts 63 are "whole farm" contracts, covering all of the cropland on the farm. Some of this land will be held out of production through the 1989 crop season.

about 28.6 million acres in the conservation reserve in 48 of the 50 States. This acreage involves part or all of the cropland of about 305,000 farms which have a total farmland acreage of 96.1 million acres, or nearly 10 percent of the total U. S. acreage in farms. The conservation reserve program provides for limiting the production on the participating farms. In addition, new land may not be brought into production on these farms. On all participating farms the acreage normally used for the production of crops must be redued. On farms that have all cropland in the program all the acreage is withdrawn from crop production. Nationally 70 per cent of participating farms have placed all cropland in the reserve.

Legion to Propose Sale of Garfield Av. Frontage to School

Proposals and counter proposals regarding the American Legion property adjacent to the new Junior-Senior high school on Garfield av., have been made between the Charlevoix board of education and the American Legion during the past week.

The school board met with the executive committee of the Legion, headed by Harry Stewart, commander, at at a special meeting last week.

As a result of this meeting the executive committee agreed to present to its members the following proposal: that the American Legion sell to the school district 200 feet of property which is 185 feet deep, located on the east side of the Legion building adjacent to that now owned by the school district; that the Legion retain the remaining 200 feet of property and the post home located on it and that the school district underwrite the cost of any fees involved in the transfer of the property. This would include legal, surveying and similar fees.

Since the Legion acquired the property from the school district for the sum of $25.00, the board suggested that the 200 feet of property be sold back to the school district for this sum.

A special meeting of the American Legion was called Tuesday to air this offer. By an almost unanimous vote of the 26 members present, the Legion approved the sale of the property but at a price of $5.00 a front foot or $1,000 for the parcel. This is half the appraisal price, according to Fred Tyler, adjutant of the post.

A letter informing the school board of the Legion's decision will be mailed this week, Mr. Tyler said.

The acquisition of the property would make it possible for the contractors to build a driveway and curb and gutter to the new school building from Garfield ave.

Every bus driver enrolled will receive a specially designed circular shoulder patch with a school bus embossed in gold on a blue background bearing the legend " Michigan School Bus Driver.

The school is being held early in order to alert drivers to old and new regulations at the beginning of the school year, Mr. Robinson said.

Motorists Urged To Watch Out for School Children

Reopening of schools for the fall term will bring nearly 1,900,000 Michigan children into the week-day trammic flow and increased viglance by motorists to avoid involving them in accidents is urged by the State Police. About a tenth will be going to school for the first time.

Because nearly half a million children will be riding rural school buses, motorsts are reminded that the two-way stop law requires extra caution to avert mishaps involving the buses and the children getting on or off them, as well as other vehicles affected by the slowing and stopping of buses.

Drivers overtaking or meeting rural school buses must stop when the bus stops to take on or discharge passengers. Vehicle traffic may resume motion when the bus proceeds, or on signal from its driver, or when the flashing red stop lights on the bus are turned off. In addition, even though the red flasher lights are not operating but the bus stops, other vehicles must stop also.

A Taxpayer's Dream

"How would you like to say goodbye to income Tax form 1040?" The question is reported to have been asked by Rep. Edger W. Heistand of California recently on the Manion Forum network. He went on to explain that it could be more than a dream if the 23rd Amendment, now pending in Congress gets enough support.

The first section of the Amendment, which hints at the economics involved states: "The Government of the United States shall not engage in any business, professional, commerical, financial or industrial enterprise except as specified in the Constitution." These 25 words, says Mr. Heistand, are worth about $1.5 billion apiece.

Effect of the 23rd Amendment involves endless calculations. The government would have three years after ratification to dispose of properties and facilities now operated in competition with private businesses. This adds up to a possible investment of $262 billion—only $21 billion less than the national debt. Proponents of the amendment are of the opinion there are approximately 700 such Federal corporations and that they absorb half the total Federal revenue for their support.

It boils down to this in the opinion of Rep. Heistand, "We can eliminate individual income taxes, actually increase Federal revenue, and remove the Federal government from unfair competition with its private taxpaying citizens."

It is all a rosy dream and it could come true if the National Committee for Economic Freedom which is leading the crusade sells the idea to enough citizens. Reports are that Texas, Wyoming and Nevada have adopted resolutions of approval.

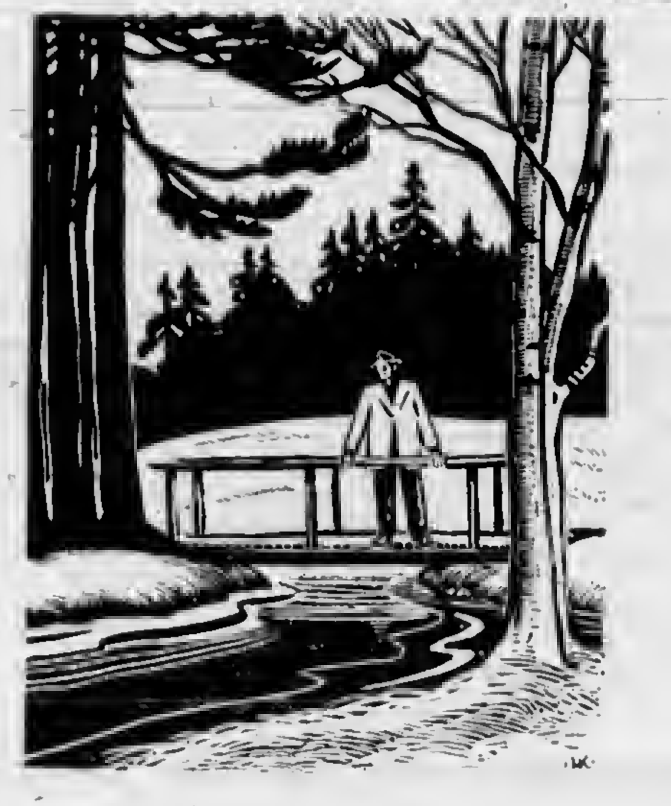
Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn



A Streamside Prayer

Eternal Spirit,
God of the heavens above us
And of the earth beneath our feet,
God of drifting clouds
And of leaping, laughing streams,
Hear my prayer.
As every river
Is conceived by clouds,
And every stream
Begins in rain,
So may my every thought
Come from Above
And my every purpose
Have its origin in Thee.
Amen

The Rev. James Sherman, Preaching

If you now regularly attend anotner church in our town, this notice is but a neighborly greeting and wish that you and your church may prosper. If you do not already have a church home, it is an invitation to attend Charlevoix's Congregational Church next Sunday.

Voice of Our Readers . . .

Dear Editor:

We are very proud of the Charlevoix Hospital, not only because it is beautiful and on Lake Michigan, but also what it does for the local and surrounding communities.

We are very grateful to our summer friends and our good friends from Charlevoix and surrounding communities for their generous contributions of equipment and support to the Charlevoix Hospital. Because of their interest in your hospital you have the most modern, well equipped hospital in the north. We have the latest and most modern medical, surgical, x-ray and laboratory facilities for the care of the patients.

Charlevoix is also fortunate to have an excellent well trainel medical staff who can use and prescribe this equipment and we can compete with any hospital in the surrounding communities.

We find some Charlevoix residents who criticize. If they would acquaint themselves with their Charlevoix Hospital they would appreciate the 24-hour service the hospital renders to the community.

We receive so many letters from patients it would fill a page of the Charlevoix Courier. We quote from several letters:

"Because of the excellent medical and hospital care which I received while in the Charlevoix Hospital, I am beginning to feel fine again. I shall never forget how kind the nurses were to me—I became very fond of each of them and I certainly appreciate every single thing they did for me. I just couln't have aked for better care." . . . . "I firmly believe that if a person has to be sick, there can not possibly be a better place to be than in the Charlevoix Hospital." . . . . "I have been in many hospitals but I never received such wonderful care and personal interest the employees had in me. The food was excellent. I shall never forget the Charlevoix Hospital."

More news from the Charlevoix Hospital later.

Sincerely yours,
CHARLEVOIX HOSPITAL

Dee Ann Geneit Marries In Evening Ceremony

The First Congregational church was the scene Saturday evening of the wedding of Dee Ann Geneit and Carl H. Rothenberger Jr.

The bride is the daughter of Mr. and Mrs. Dan W. Genelt of this city. Mrs. Helen Rovick Rothenberger of Boyne City and Carl H. Rothenberger Sr. of Chevy Chase, Md., are the parents of the bridegroom.

Mrs. Edmund D. Burke of Mt. Pleasant, cousin of the bride, as matron of honor wore a street length gown of pink silk chiffon over taffeta styled with a round neckline, puffed bracelet length sleeves and full skirt. Her tiara and nose veil were of matching pink net. Mrs. Karl Robinson of Petoskey and Carole Cameron of Royal Oak, as bridemaids, wore gowns and accessories identical to the honor attendant's in pale blue. They carried bouquets of blue corn flowers and pink feathered carnations.

Bruce Case of Beulah assisted the bridegroom as best man. Arthur Kujawski and Robert Darbee of Boyne City were groomsmen. Seating the guests were Kent Gray of Honor, Mr. Kujawski and Mr. Darbee.

Mrs. Geneit selected a gown of blue lace over taffeta and white accessories for her daughter's wedding. Mrs. Rothenberger, mother of the bridegroom, chose a gown of beige silk and matching accessories. Each had a corsage of pink feathered carnations.

Immediately following the ceremony, a reception was held in Friendship hall. Mr. and Mrs. Victor Smith of Lincoln Park, uncle and aunt of the bridegroom were master and mistress of ceremonies.

After a brief wedding trip the couple will be at home at Alba. For traveling the bride wore a navy sheath jacket dress and matching accessories complimented with a pink carnation corsage.

Michigan Mirror

By ELMER E. WHITE

STATISTICS ON THE WORK of Michigan sheriffs are staggering.

And yes, they still do ride horses. Sixteen of Michigan's 83 county sheriff departments have volunteer posses using a total of some 332 horses.

Dickinson County has a 60-horse posse while Huron County has an eight-horse posse which is the oldest in the state.

Forty of the sheriffs have 15 or more years in police work.

* * *

The 83 sherilfs on the job in 1960 had 605 years experience as sheriff. The 40 with the most experience had a combined total of 954 years in law enforcement work of one kind or another.

Sheriffs had 288 county-owned cars in operation last year, and 202 privately owned cars.

Using them were more than 3,000 full and part time deputies, undersheriffs, jailors, matrons, cooks and auxiliary officers. Most of the vehicles were radio equipped.

* * *

There were 41 boels in 41 counties being used hy sheriffs, and 218 regular and volunteer skin divers working for them.

In addition to policing water and investigating accidents, sheriffs licensed more than 33,000 boats last year.

Sheriffs made 182,143 primary and 35,437 supplementary investigations last year, putting in more than a half-million hours on this type of job.

* * *

Routine identification chores, prisoner transporting, driver licensing and traffic work made up a large part of sheriffs' work.

Some of them supervised dog warden duties, and many acted as licensing centers for canines. More than a million dollars in licensng fees of various sorts, inspection fees and fines and court costs passed through sheriffs hands last year.

They made 9,575 felony arrests and 247,728 misdemeanor arrests.

MICHIGAN HAS BEEN fighting to prevent water from being taken from Lake Michigan, and while the battle isn't over, a partial victory has been won. Hearings on the problem are continuing.

Special Master Albert B. Maris, a Philadelphia federal judge appointed by the Supreme Court of the United States to hear the Great Lakes water Diversion case involving Michigan and several other states against Chicago and some suburbs, made the preliminary ruling.

He said three Chicago suburbs could not siphon off Lake Michigan water pending outcome of the immensely complicated case.

* * *

Sleto Attorney General Paul L. Adams has been directing Michigan's role in the lawsuit with Nicholas V. Olds, in charge of conservation problems for Adams, handling most of the appearances and legwork

Chicago presently is allowed to divert 1,800 cubic feet of water per second from the big Lake.

Michigan and other states on the Great Lakes want to force the Windy City to return the treated effluent from the water, after it has been used for domestic and industrial water supply, to the lake.

* * *

Adams contends any lowering to the level of the Great Lakes will impede navigation and generally hurt Michigan.

The case has been in progress since 1958 with no indication when the final decision will be rendered. Maris planned to hold meetings in each of the six states besides Michigan which are in the suit.

Round-a-Square Dancers Vacation Here

Courier Photo

★ ★ ★

"Allemande left and Grand right and left," and similar other western square dance calls are heard in the morning, noon and night in the vicinity of the Belvedere Hotel this week as the Wolverine Round-A-Square dance vacation camp holds its annual summer session.

Purpose of the event, according to Mrs. Scott Colburn of Detroit who, with her husband, is one of the sponsors of the event is to give square dance devotees an opportunity to make a vacation and at the same time concentrate on the art of square and round dancing, western style, learning techniques which involve styling and good dancing.

Attending the five-day workshop are 40 couples from Ohio, Pennsylvania, Ontario as well as Michigan.

Sponsors of the event are Mr. and Mrs. Colburn and Mr. and Mrs. Vern Smith of Dearborn.

On the staff are Mr. and Mrs. Manning Smith of College Station, Tex., and Mr. and Mrs. Earl Johnson of Vernon, Conn., nationally known callers and dancers.

The dancers who present a picturesque scene with their full skirts and western garb enjoy a full schedule of dancing beginning at 10 a.m. and continuing until noon and from 2 to 4:30 p.m. every afternoon. The evening party begins at 8:30 p.m. and at this event the dancers practice what they have learned throughout the day.

The square and round dance workshop will be the last major event to be held at the Belvedere Hotel which will be razed at the close of the present summer season. The dance events are held in the hotel's casino.

Circlin' The Bases

By DEANO

Last night (Wed.) marked the opening game of the championship series between first round champion Ellsworth and Freedmans, the second round winners. The second game will be played at Ellsworth Friday and the third game, if necessary, will be played back here in Charlevoix Saturday evening.

Freedmans cinched the second round with a hard-fought 4-1 win over the City Merchants. Hank Klooster, John Swanson, and Norm Helms had key hits in the winners attack, but the real hero was Bob Klooster who pitched a no-hitter, and struck out ten batters. Klooster had a shutout until the sixth when an error led to the Merchants only run.

In other games during the week the Inn continued to lose the close ones, losing a double header to Ellsworth by 6-5 and 5-4 scores.

The Mold racked up a forfit win over the Merchants when they were unable to field a team.

From where I sit ... *by* Joe Marsh

Whitey's a Man With Both Feet on the Ground

Whitey Fisher and his missus got back from their first European vacation the other day. But before they left, Mrs. Fisher tells us, Whitey had some pretty strong feeling about their transportation—a new jet plane.

"Should go by boat," Whitey complained as they boarded the jet. When they were seated Whitey murmured, "I'll get air-sick on this thing for sure."

And a few minutes later, he added, "Course I'm all right now, but wait until we take off." Just then the pilot announced, "Folks, we're now cruising at an altitude of 26,000 feet!"

From where I sit, sometimes we all jump to conclusions without knowing the facts. For instance, some people are like that about my favorite beverage—beer. They insist that coffee or tea goes best at dinnertime, when actually it's a matter of choice. We ought to be tolerant—and *know* before we *take off* on our opinions.

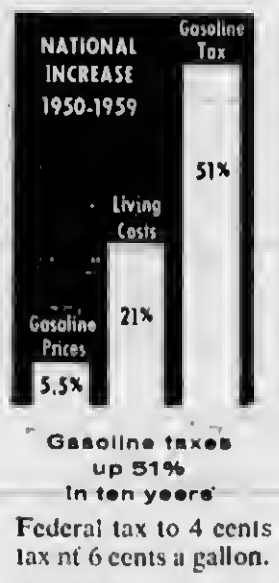
IN MICHIGAN...
You pay $1.00 tax on 10 gallons of gasoline



Gasoline taxes up 51% in ten years

Everywhere in Michigan, car owners pay $1.00 tax on every 10 gallons of gasoline they buy.

Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes across the nation amount to a *50% sales tax*—and that's five times as high as the tax rate on luxuries like diamonds and mink coats.

How did gasoline taxes get so high? Well, since World War II, there have been *three increases in the federal gasoline tax alone.* This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 6 cents a gallon.

Looking at it another way, in the last ten years gasoline taxes have *skyrocketed 51%*—yet the price of gasoline itself has *risen only 5.5%* during the same period.

$76 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state *pays $76 for gasoline taxes alone.* That's just a few dollars less than the average week's pay for most people!

Your gasoline dealer—who must collect these taxes from you—*feels that gasoline taxes are much too high.* More and more, thinking people are coming to agree. What do you think?

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that *all* special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

Freezer-Food Sale Racket Brings Many Complaints

Food freezers sold in combination with various types of food schemes cause the largest share of complaints to the office of the Attorney General in the area of consumer frauds.

Investigation indicates that before signing any contract for a freezer and food plan you should consider the following:

1. Representations that a food plan allows you to buyy foods at special discounts or wholesale prices are often grossly exaggerated.

You may be induced to pay an exorbitant price for a freezer which is supposed to include food but actually does not. You may pay for a membership card in a food plan which supposedly will save you enough money to pay for your freezer. You may be told that by joining the food plan you can purchase food at wholesale for the rest of your life.

These are gimmicks. The food plan generally will not save you money. It will cost you much more than purchasing a freezer and food separately from legitimate merchants.

The discount or wholesale prices are usually the same as you would pay by judicious shopping. The grade of meat and other items to which you are entitled may be misrepresented. The stock from which you may select your groceries may be limited and inadequate. Companies involved have on several occasions discontinued business, leaving food plan members with no place to get their food and with no one to return their money.

2. The food freezer itself may be greatly overpriced. Always check the price with a reputable local dealer before you sign any contract.

3. Do not sign the contract for the purchase of the food plan in blank as is to often done! See that all representations made by the salesman are included in the contract.

When the blanks in the contract are filled in later by the company or salesman, the terms are often different than represented to you. If you complain to the seller, you may be informed that the salesman is no longer employed by him and you are stuck with the contract.

A cold shoulder for a persistent salesman may save your food budget from future bankruptcy.

A useful addition to your car first aid kit is a dime taped inside the lid for use in case you need to make an emergency telephone call.

China's Communist masters have abolished the old-time ricksha on the ground that ame an degrades himself by pulling another, the National Geographic Magazine says. Oblivion threatens even the pedicabs, which now carry freight as well as passengers. Small cars of Chinese design are planned as eventual replacements for pedicabs.

A group of eight members of the church participated in the service while on a pilgrimmage to the former Morman kingdom. Included in the group were Mrs. Howard Lewis, Mrs. Billie Jean Weber and Charlotte Sanders of Artesia, N. M., David E. Rees, Caroline West, Dona West and Mrs. Guy Throe of Burlington, Wis., and Stanley Johnson of Lansing who flew to the island by chartered plane, visited points of interest mentioned in Mormon history, held services at one of these spots and toured the Murmon Print Shop which has been restored as a museum by the Beaver Island Historical Society.

They showed great interest in 200 items displayed in the museum, especially those relating to the Mormons, and asked many questions regarding Strang and his Mormon kingdom before identifying themselves to A. J. Roy, vice president of the historical society, who was serving as their guide.

Upon departure they assured him they would return to the island and also added that they would try to acquire items which might be displayed in the museum.

The site of the museum, the print shop where the first daily newspaper north of Grand Rapids, the Northern Islander, was published during Strang's reign, dates back to 1847, the year the self-proclaimed king brought his followers to the island kingdom.

The last Strangite services were held on Beaver Island in 1856, the year Strang was shot by two island residents who were not members of the Mormon colony.

According to accounts of the assassination attempt, Strang was shot June 16, 1856, as he made his way to the waterfront on the harbor at St. James in response to a message from commanding officer of the U.S. Naval vessel, Michigan. In serious condition as the result of the attack with two wounds in his head and one in his spine, Strang was token from the island on June 28 to his former home in Voree, Wis., where he died less than a month later on July 8.

But even before that date when the kingdom was without a leader, the colony was without subjects for on July 3 the more than 2,500 members of the Mormon group were rushed aboard the ships, Keystone and Iowa, and put ashore at Green Bay, Milwaukee and Chicago.

Edwin J. Madill, U.S. Consul Wins Commendation in 'Newsweek'

A former Charlevoixan Edwin J. Madill, U.S. Consul in Calgary, Alberta, Canada, was commended recently for his efforts in behalf uf "Good Neighborliness" in an article which appeared in the June 27 issue of Newsweek.

The article as it appeared in the news division "The Amerca", follows:

"It was "Hate America" week in some parts of the world. But in Calgary, Aleberta, Canada's oil capital, the trend was refreshingly different.

First of all, the Chamber of Commerce, in an unprecedented move, petitioned Washington to raise the status of the U.S. Consul to that of consul general. Then the local press was suddenly full of tributes this week to U.S. Consul Edwin J Madill. And on the Fourth of July, it was announced, the British-looking publisher of the once anti-American Calgary Herald, 6 ft.-3 in. Basil Dean, would raise a 50-star American flag, un a 50 foot, pole given by his paper, in front of consul's oficial residence.

What has made this corner of frequently suspicious Canada so enthusiastic about Americans? Certainly there are a lot of them there. At least 77,000 U.S. citizens all told live between Calgary and the border.

This might well be a cause of friction rather than of friendship, but in Alberta it isn't. The Americans, old-timers and newcomers, have made themselves part of the communty. A Canadian says: "I took out of my window and see eight of my neighbors sitting on their lawns. I've known them all my life but I couldn't tell you which are Americans and which Canadians. They're all alike; they just belong in this yeasty, boom-or-bust city".

A lot of the credit goes to white-haired, stocky Consul Madill. He and his attractive wife from Washington D. C., have tried hard to make friends in Calgary, for themselves and their country. Madill says the Herald, "understands Canadian problems from a Canadian point of view". In this little corner of an unfriendly world, understandng is paying off".

Mr. Madill who visits here almost every year with his aunt, Miss Mae Orlowski of the Blue Post Inn is the son of the late Mrs. E. Josephine Madill.

Mr. and Mrs. James Capolongo and son, Bill, of Oak Park visited Monday with Mrs. Capolongo's parents, Mr. and Mrs. C. M. Biee, enroute to Syracuse and New York, N.Y.

Mr. and Mrs. Peter H. Timmer had as their guests last week the latter's brothers-in-law and sisters, Mr. and Mrs. John Bergsma of Detroit and Mr. and Mrs. Gerritt Bergsma of Grand Rapids.

School Votes to Make No Decision on Legion Property Proposal

In the lates action regarding the proposed sale of 200 ft. of property on Garfield av. owned by the American Legion to the Charlevoix school district, the Charlevoix board of education, at a regular meeting Tuesday night, voted to make no decision at this time with regard to the final proposal of the Post membership to sell the property for $1,000.

This decision on the part of the school board resulted from a letter from the American Legion in which it was stated that by a majority vote of the 26 members present for a special meeting Aug. 30, the Legion had decided to reject the tentative proposal to accept the sum of $25 in payment for the 200 front feet on Garfield ave. measured from the east line of the Legion property.

The letter went on to say that on motion, carried unanimously, they substituted for the rejected proposal the following:

That the Legion sell to the School Board for $5.00 a front foot . . . . ½ of the appraised valuation of the property. . . the before-mentioned 200 ft. and will accept the totel sum of $1,000 therefore provided that Leslie T. Shapton Post shall not be disturbed in its possession of the property and the building thereon and that, should it be necessary that a survey be made of the property thus transferred to the School Board, the expense of such survey or any legal expense thereby incurred shall be paid by the School Board.

The propesal approved by the Legion and presented to the school board in a letter was made following a special meeting of the executive committe of the Legion and the board of education, held Aug. 28.

At that meeting the executive committee of eight members headed by Harry Stewart, Commander, met with the board of education to discuss the Legion property which is needed by the school district for the new building program now underway at school-owned property adjacent to the Legion property.

After a lengthy discussion during which many plans were projected by both groups, the executive committe of the Legion then met by themselves, as did the Board of Education, and, on reconvening, the committe, according to the Board of Education, held the following proposal:

"The executive committee of the American Legion Post subject to the approval of the Post, proposes to transfer to the School Board the easterly 200 feet, more or less, of its property facing on Garfield ave. for the sum of $25.00, upon the condition that the property in question if necessary to be surveyed the expense of such survey and legal expense be paid by the School Board."

Softball Season Closes; Freedman City Champions

The 1960 city softball program came to a close last week with Freedman Artcraft repeating as city champions after dumping Ellsworth 11 to 1 and 5 to 1 in the play-off for the title.

This year team members were presented with small individual tropies in place of the large trophy which went to the team sponsor in the past, Dean Davenport, softball director said.

In the Junior or Class B league, Barnard won the championship after sweeping both the first and second round titles.

In the Peanut league the North Side All-stars climaxed the season with a 12 to 1 win over the South Side stars. Gary Crain and Ken Parrish were the standouts for the winning with Crain pitching a neat three-hitter and Parrish picking up three base hits.

The Peanut league champions were the Dodgers who were undefeated in 12 games.

Paul-Reed won the women's crown by taking both the first and second round championships.

Edwards Food Mart won the girl's league title for the second straight year.

Ken Balch of American Mold did not play his final game of the season since his team had to forfeit the game to the City Merchants and as a result finished the season with a .406 batting mark to edge runner-up Bob Klooster who finished at .400 and Sam Supernaw who posted a .388 average.

In conclusion Mr. Davenport expressed his gratitude to all those people who, through their combined efforts, made the 1960 season a success despite the fact that a new site for the softball field had to be built before the season could open.

Bad Luck Strikes Family of Former Serviceman

Misfortune has struck the family of a former serviceman who was given a medical discharge in June and who was expecting his wife and family, who are in England, to join him this month.

The former serviceman is Jerry Russell, who was a private first class when he was discharged in June after serving in England. He joined his parents, the Carl Russells, in Grand Rapids and tried to find a job but his service disability made this difficult.

Just when he was preparing for the arrival of his wife, the former Betty Weller, and four-year-old son, Martin, from New Marston, near Oxford, he received word that the child was in serious condition with head and back injuries after being struck by a car.

Latest word is that the child will be hospitalized for at least another three months during which he is expected to undergo surgery on his back.

He is now hoping that the family can join him later in the year or by next spring at the latest. In the meantime, former serviceman Russell continues to seek the type of employment he is capable of doing.

Mis-fired Shell Kills Pfc. Higman In Germany

Pfc. Michael J. Higman, 19, a native of Charlevoix who was serving in Germany with the Third Armored Division, was among the 16 American soldiers killed by a mis-fired Howitzer shell in Bavaria Friday, according to a Department of Army telegram received Sept. 2 by his father, George Higman of Frankfort.

Michael, who was born here Oct. 24, 1940, had enlisted in the U.S. Army in November 1959 and had gone overseas with the Third Reconnaissance Squadron of the 12th Cavalry of the Third Armored Division early this spring after completing 16 weeks of basic training. He had lived in Frankfort since he was a child and was a 1959 graduate of the Frankfort high schoool where he gained recognition as an outstanding backetball player.

Besides his father, he is survived by his step-mother; his mother, Mrs. James (Edna Wycrs) Cooper of Manistee; two brothers, William and Patrick and a sister Susan all of Frankfort. He also is the nephew of Mrs. Alferd Gill Jr. of this city.

He was the only Michigan soldier to lose his life in the disaster, said to be the worst ground training accident ever suffered by the U.S. Army froces in West Germany.

The accident occurred when an over-primed Howitzer shell overshot its target by more than a mile and landed into a bivouac area occupied by units of the 12th Cavalry. The soldiers were said to be sitting in their tents shortly after breakfast when the shell tore through one tent, exploded in the second and shredded a third with shell fragments.

Boat Company Plans Study of Shorter Route to Island

The Beaver Island Boat Co., which operates the ferry 'Emerald Isle' between Charlevoix and Beaver Island, has announced plans for a survey to determine public feeling and the feasability of a proposal to move the mainland terminal of the company from Charlevoix to Cross Village.

The decision to make such a survey in which business people on the mainland and the island, property owners, vacationers and others who frequent the ferry services, would be polled by use of questionire was made at the annual meeting of boat company officials at Beaver Island over the weekend.

The boat company's efforts to cut down the over-water travel time between the mainland and Beaver Island, presently a distance of 34 miles requiring a boat trip of two hours and 45 minutes under normal circumstances, plus the company's dissatisfaction with a contract for docking facilities offered by the city have triggered tre proposed survey, according to the three of the six directors with whom Courier representatives discussed the situation.

At the annual meeting, the directors voiced their disatisfaction with the new contract by voting to return it unsigned and to enclose a check for $405.00, the dockage rental paid in the past, and not the amount stipulated in the new contract.

The new contract which the directors rejected called for a summer berthing fee of $405 plus the cost of utilities at the warehouse which, in the past, has amounted to approximately $135 a year, according to city records, for the period of April 1, or when navigation opens in the spring, through Dec 31 and a $75.00 fee for winter berthing of the ferry in Berth A at the north end of the municipal dock instead of Berth B where the ferry now docks in order to allow the U. S. Coast Guard Cutter Sundew necessary docking space at the south end of the dock during the winter months.

Parking facilities for boat passengers, the installation of parking meters on the street adjacent to the dock, the absence of signs at the intersection of major highways, entering the city and in the city, directing traffic to the Beaver Island boat dock plus poor public relations between company officials and the Charlevoix city council were among the other reasons given for dissatisfaction with the present situation.

However, upon further investigation by the Charlevoix Courier, it was found that efforts on the part of boat company officials to cut down the travel time between the mainland and Beaver Island was the chief reason for the proposed change in mainland headquarters.

To quote Archie LaFreniere, secretary-treasurer of the boat company "We are interested in anything that is for the betterment of Beaver Island. Right now we are interested in finding a shorter and more feasible route between the mainland and the island and Cross Vllage may be the answer".

He went on to say that a trial run of the motorship, Emerald Isle, was made Monday between St. James harbor and the site of the proposed new dock at Cross Village showed that 10 miles and approximately 45 minutes could be cut from the present route of 34 miles and time of 2 hours and 45 minutes.

The boat company is also faced with the problem of making a thrid trip to the island to carry passengers and cars during the peak or the resort season. If 45 minutes could be cut from the present two daily trips, it would be possible to make a third trip over a shorter route, such as the one between the island and Cross Village, thus eliminating the need of placing a second boat on the run, a possibility if the boat continued to operate out of Charlevoix.

It is the feeling of boat company officials, also that with the construction of the new M-75, a four-line superhighway up the middle of the state, Cross Village would be closer to a main artery and, as a result, more people would utilize the proposed new water route from Cross Village. The latter community would be reached via a cut-off near Levering.

Beaver Falls, Pa., News-Tribune: "The Government paid eommerical storage warehouse $411 million for grain storage last year. Controller General Joseph Campbell said some warehousemen made a profit of as much as 265 per cent, because of the policy of setting a single rate for all grain warehouses, regardless of operating costs or capacity. LANSING OBSERVER

By FRANK G. MORRIS

Newspaper wire services last week carried a brief story from Detroit announcing that Circuit Judge Thomas J. Murphy had relieved the Wayne county government of its share of the cost of Aid to Dependent Children within the city of Detroit.

Nothing in the story would excite the average taxpayer.

Yet the decision by Judge Murphy hits every family in Michigan in the region where most families today cannot afford to be hit—the pocketbook.

It means that the state will be compelled to dig up another $1.6 million this year to help Detroit finance its constantly increasing welfare load.

It means that every worker from the factories of the southern counties to the mines of the Upper Peninsula must lay a few more bucks on the line to help Detroit.

It means that the Democrats are a few steps closer to the party's vision of a state-wide welfare system where thrifty counties (like those on the west side, for example) will assume a large part of the welfare burden of the depressed areas (like Detroit, for example).

The broad consequences of Judge Murphy's decision are due to an involved program established quietly by the Democrats in Lansing. Only experts in the welfare field have been aware of the pattern.

In brief, Judge Murphy ruled that Detroit can no longer call on the Wayne county government for supplementary ADC. He said Detroit must dig up this money from its own tax sources.

In other words, Wayne county escaped from an unhappy deal under which the Board of Supervisors spread taxes to supplement Detroit's staggering welfare burden.

The joker is that Detroit now will get this $1.6 million from Lansing this year and will demand larger sums in the future unless the ADC load is lightened.

This grab is possible because the State Department of Welfare has decreed that the taxpayers of poor, old Detroit should not be allowed to spend more than one-and-a-half per cent of assessed valuation for welfare.

This benevolent rule to aid the debt-ridden citadel of the Democratic party forced the people of the entire state to pay about half the cost of Detroit's $17 million welfare load last year.

In effect, the rule fixes a ceiling of $8.5 million a year as the limit Detroit must pry from its citizens for ADC and direct relief.

So the county government's contribution of $1.6 million, now outlawed by Judge Murphy, will merely be added to the bill being sent by the city for payment in Lansing.

Detroit is the only city receiving this special help from the Lansing government.

The ukase* that the taxpayers throughout the state must share in Detroit's relief costs was not enacted by the legislature.

The lawmakers were not consulted.

Perhaps the legislature would have agreed, if given a chance.

The Republican party is committed to the principle that the state must aid the local governments when the welfare costs exceed the resources of the local taxpayers.

But the GOP also is committed to government by law enacted by the people through their legislature—not to government by dictatorial decrees issued by commissions answerable to the governor.

Primitive Guajiro Indians live less than 100 miles from the modern oil port of Maracaibo, Venezuela, the National Geographic Magazine says. They are nomads who wander over sandy scrub, hunting with bow and arrow, seeking water and forage. They subsist primarily on goat, sheep, and pig. Small game, wild seeds, and the pulp and fruit of thorny plants supplement their diet.

Public Invited to Open House at New Recreation Center

Top—Eighty pins in exact formation offer a challenge to the bowler who attempts to sweep the ten from any alley with one roll of the bowling ball. This is the bowlers view in the Paul Bunyan Lanes. After each ball the pins are reset by the automatic pinsetters installed at the rear of alley.

Bottom—Pleasant surroundings are provided for both bowlers and spectators at the new Paul Bunyan Lanes. Balls are returned to the bowler through concealed trenches under the floor and are popped onto the circular ball rack in the bowler's area.

Paul Bunyan Lanes to Hold Open House Sunday

Charlevoix's new recreation bowling center, Paul Bunyan Lanes, will be formally opened with an open house Sunday from 2 to 8 p.m., Mr. and Mrs. Stanley Fiedorek, the proprietors have announced. They have extended an invitation to the public to visit the completely new and modern alley.

Those who have visited Paul Bunyan Lanes since it was informally opened Aug. 7 in a completely new building constructed on US-31 south, opposite the Charlevoix airport by Tom Venema of Petoskey, are agreed that Charlevoix has one of the most modern and attractive bowling alleys in the north. The building, of concrete construction, is 50x132 feet, offering a spacious area for the eight modern alleys which are all equipped with AMF automatic pinspotters.

The modern furnishing are designed for the comfort and convenience of both bowlers and spectators and the soft tones of the decorations lend to the atmosphere of relaxation and refinement. The bowling area is equipped with scoring desks, surrounded by setters for the players. Immediately in back of the bowling area settees for spectators on the spacious carpeted concourse.

Bowling has become an exceptionally popular recreation throughout the nation and this area is no exception, Eight leagues of eight teams each have been organized here and league matches will be played each evening, Mondays through Fridays. A mixed doubles league is now being organized for Sunday evening play.

The alleys will be available for open bowling afternoons daily and Saturday evenings.

A feature of the open house will be the three door prizes which will be given away at 8 p.m. These prizes include a bowling ball, a pair of bowling shoes and a bowling bag. Visitors will register for the prizes. In addition there will be gifts for every one plus refreshments of free Coca Cola.

The names of the men to be called will be announced following a meeting of the draft board scheduled for later this month.

Consider Shorter Route to Beavers

(Continued from page I)

Mr. LaFreniere, as did Lloyd McDonough, vice president of the company, said that officials of Central Michigan University which last year constructed an off-campus classroom and dormitory on the island were particularly anxious to cut down on travel time between mainland and the island. The school uses ferry facilities to transport students to the island classroom. This group is in favor of utilizing the new highway facilities to carry the students from Mt. Pleasent via land-traffic to Cross Village where the water route would take 45 minutes less than it now does.

The proposed change also has the blessing of the Regional chamber of Commerce in Emmet county. A delegation representing this group and headed by Don Ruffer, secretary-manager of the organization offered, in behalf of Petoskey's industrial development organization, to underwrite the cost of building a new dock and related facilities at Cross Village on a self-liquidating basis with the understanding that at the end of 15 years the installation would become the property of the boat company; to underwrite the cost of the proposed survey in an amount not to exceed $500; to include resort literature and advertising of Beaver Island as a summer resort in the Emmet county brochure and to erect road signs on major highways directing travelers to the mainland headquarters at Cross Village.

The estimated cost of the dock, warehouse and other facilities at Cross Village would be a minimum of $35,000, Mr. LaFreniere said.

The board has also investigated the possibility of purchasing property at Cross Village as a site, for the proposed new docking facilities.

Mr. LaFreniere, Mr. McDonough, as well as Karl J. Erber, another member of the board of directors, said that a great deal would depend on the results of the survey planned by the company. They added that regardless of the results, the new program could not be into effect right away . . . possibly not before the 1962 season.

In answer to the question "What do the people on Beaver Island think of this proposed change and how will it effect them, especially in regard to cost of living? Mr. McDonough said he did not know because most people Tuesday were not aware of the proposed change in the boat company's operating plans.

Henry Allen is president and A. J. Roy is the fifth member of the board of directors.

Roswell Williams of Detroit spent the long weekend with his mother, Mrs. Philip Lemieur.

Mrs. Robert Reed and Children, Bobby and Joy, are visiting friends in Washington, D.C.

Two Local Couples Fly to Honolulu

Mr. and Mrs. Richard Donoldson of Puff's Appliance and Mr. and Mrs. William I. Supernaw left Tuesday via plane from Detroit for Honolulu where they will attend the annual Hawaiian Paradise convention sponored by the Gibson Co. of Greenville.

The convention will be held Sept. 8 through Sept. 13.

State Garden Clubs Meet at Ludington

The Mason County Garden Club of Ludington will be the hostess club for the annual meeting of District 5 of the Michigan Federated Garden Clubs to be held in the Stearns Hotel, Ludington, September 12.

Mrs. Leonard Hendrickson of Newberry, the district president, will preside. An interesting program has been planned. Several members of the Charlevoix Garden Club have indicated they are planning to attend. Lapeer Parents Assoc. Seek Volunteer Foster Parents

Of the 4,000 resident partiets at the Lapeer State Home and Training School, 1,400 have no family ties.

A shocking fact but all too true according to Mrs. Seldon Barris of Detroit, an active member of the Lapeer Parents Association and founder of the Foster Parents plan for the home for retarded children who vary in age from three months to 70 years.

These patients, Mrs. Barris, a summer resident here who is also on the board of the Michigan Association to Aid Retarded Children, explained, have outlived their parents or any family member who might care for them or have been abandoned due to physical or mental handicaps.

Under the Foster Parent Plan, volunteers are being sought to 'adopt' a patient, in name only, and to remember a selected patient with cards on special days and with inexpensive gifts on the occasion of a birthday, Easter or Christmas. The project would cost the foster parent approximately $10 a year for the above mentioned items and postage. Gifts suitable for the patient are listed on his card. "During the past year we have obtained foster parents for about half the 'forgotten' patients, but we still have about 700 who are in need of being 'adopted'. We have found it is a fine project for church, scout or club groups as well as for individuals", Mrs. Barris said.

In becoming a foster parent, the volunteer accepts no responsibility for the care or expenses of the patient other than seeing that he receives cards and gifts. The foster parents are not allowed to visit the patient or to have his or her picture.

The sole purpose of the program is to bring some happiness to a patient who might not otherwise be rembered, Mrs. Barris said in conclusion.

Further information regarding the Foster Parnent plan may be obtained from Mrs. Barris by writing to her at 21951 Ridgedale in Oak Park, Michigan.

services involved shall be borne by the School Board".

At the special meeting, according to the minutes, the school board accepted the tentative offer of the executive committee of the American Legion and, in reciprocation for the original payment for the entire property, pay to the American Legion the sum of $25.00 for the said easterly 200 ft. of said property, on ratification of the Post. The motion was adopetd by a 5 to 0 vote of the board with two members absent.

Other members of the executive committee who accompanied Mr. Stewart to the meeting were E. J. Edwards, C. C. Coulter, Fred V. Tyler, Edward P. Hansen, Frank Bourgoin, Clarence Rabach and Ted Kibbee.

The sum of $25.00 was the figure suggested for the property because it was the sum the Legion supposedly paid for the 400 ft. of property and the building now used as a post home when it acquired the property from the school district through action taken at an annual meeting in 1945.

State Trooper, Warren Shadko Stops Car; Seizes Marijuana

A Charlevoix resident now serving with the Michigan State Police at Jackson, working with another trooper, was instrumental recently in the capture of two motorists who had in their possession two pounds of marijauna . . . enough to make 6,000 reefers.

He is Trooper Warren J. Shadko, son of G. A. Shadko of this city and Mrs. Irene Jenks of Lansing.

The incident which led to the arrest of two men suspected of having the contraband drug in their possession starled the morning of Aug. 27 when Trooper Shadko, working with Trooper Robert Boyer, stopped a car bearing Indiana license plates when they observed the car driving over the center line on the highway east of the Jackson city limits. The men told the Troopers they were enroute from Gary, Ind., to Detroit and had pulled off the expressway to buy gasoline.

According to Trooper Shadko "I noticed one of the men (who had his sleeves rolled up) had dice tatooed on his arm. I asked him if he was going to play dice and he laughed and said no. ft was then I noticed the 'track' on the other arm" (A 'track' is a mark caused by repeated insertions of needle in the same spot and is typical of narcotic users)

"It was after that we shook down the car and found the junk" Shadko added.

The 'junk' was marijauna in two eight-once tobacco cans and 47 ounces in two paper bags . . . enough to bring $6,000 when sold as reefers.

They also found unidentified capsules, cigaret papers which could be used to roll reefers and plastic vials. The car also was searched for additional narcotics when tape used to tape packets to the underside of the car was found in the glove compartment. ment.

The state police rackets squads from East Lansing took over the investigation of the pair suspected of planning to peddle the marijuana in Detroit.

An account of the arrest appeared in the Jackson Citizen-Patroit in a column entitled "Pounding the Police Beat" by Ron Milton. The troopers were praised for their alertness and quick action which resulted in the arrest of the men and confiscation of the contrabrand drug.

Trooper Shadko is a 1949 graduate of the Charlevoix high school and a 1957 graduate of Michigan State with a degree in police administration. He returned to MSU last year, while on a leave of absence to do work on his master's degree. He also is a veteran of three years in the U. S. Army.

Marion Township Home Damaged by Fire and Smoke

The farm home of Mr. and Mrs. William Strohschein in Marion township was seriously damaged by fire and smoke in an early morning fire Wednesday, according to Assistant Fire Chief Patrick R. Martin.

The fire, reported by Mrs. Strohschein at 1:50 a.m., started in an inside wall around a fireplace which had been in use during the evening. There was extensive fire damage to the interior adjacent to the fireplace and serious smoke damage to the entire house, Mr. Martin said.

It is not known if the house, o two-story stone structure, was insured.

Name Deputy Clerk To Register Voters

Approximately 1,700 eligible electors in Charlevoix county will be unable to vote at the November election because they are not registered, according to Mrs. George LaBlance who has recently been appointed a deputy city clerk. As a deputy clerk she is qualified to register electors at the branch office of the Secretary of State, 402 Park ave., or at her home in which the office is located.

Electors may also register at the office of the city clerk in the city hall during regular open hours.

Mrs. LaBlance has offered to go to homes or hospital to register qualified electors if they are incapacitated and unable to personally appear at one of the registration offices to register. fn volunteering her services, she cited the last presidential election in which only 50.1 per cent of the eligible electors in the nation cast a ballot. With two or more political partles seeking political office, this actually means that a minortly group directs the destiny of the nation, regardless of which party wins.

C. of C. Secretary Counts Visitors at Information Office

More than 5,200 summer visitors trod the steps down and up leading to the Charlevoix Chamber of Commerce information booth during July and August, seeking information concerning accommodations, restaurants, activities, travel information, etc., according to Paul Kohler, secretary-manager.

Literally thousands of pieces of descriptive literature were distributed personally by the Chamber of Commerce staff.

Many enthusiastic and complimentary letters, written by guests visiting Charlevoix, have been received in the Chamber office. The most recent one received from an Iglewood, Calif., resident who had written for information earlier in the Spring. ". . . Thank you so much for your kindness to us while we were in Charlevoix-the-Beautiful We both enjoyed every the hour of stay and only wish we could have spent a month . . . We will plan a visit back there . . . We told our chamber of Commerce president and board about the hospitality of the Chamber of Commerce in Charlevoix. Don't be surprised if you see more Californians in the near future . . . . "

The Charlevoix Chamber of Commerce summer schedule was 9:00 A.M. until 9.00 P.M. seven days a week. Starting September 6 the office will be open from 9:00 to 5:00 P.M. six days a week, closed on Sundays.

Contract to Raze Belvedere Let to Schultz Trucking Co.

The contract for the razing of the Belvedere Hotel, Charlevoix's oldest resort hotel, has been awarded to the Schultz Trucking Co., a Sagniaw salvage company, D. D. Walker, president of the Belvedere Association which owns the 90-room frame structure, has announced.

The contract was among eight received for the dismantling of the hotel, part of which dates back to the mid-1880's according to Mr. Walker who added that there was a differential of more than $15,000 in the amounts of the bids.

Demolition of the three story structure will begin this week with the tearing down of several adjacent buildings at the rear to make room for storage of lumber as the hotel proper is dismantled. All lumber in the building will be salvaged according to Ruben Schultz of the contracting firm.

The sale of furnishings, linens and equipment will begin at 9 a.m. Saturday and continue until everything saleable is disposed of, according to Mr. Schultz who with Ralph Kuneitzer and Robert Bierlein, also of Saginaw, will be in charge of the salvage operation. The sale will continue daily from 9 a.m. until 6 p.m. at the hotel.

April 15 has been set as the deadline for the razing operation, Mr. Walker said. The time was extended until that date to allow for inclement weather during the forthcoming months, he added. By that date the hotel must be completely dismantled and removed from the property and the hotel site leveled for future use.

The decision to raze the hotel was made at the annual meeting of the club's board of directors last month following several years of indecision regarding the future of the building located at the corner of Belvedere ave. and Ferry ave. overlooking Lake Charlevoix.

Council May Request Meeting to Confirm Boat Co. Intentions

It was the apparent intent of the city council Monday night to continue negotiations with the Beaver Island Boat Co., in resolving differences over a contract for rental of the municipal dock warehouse and winter storage facilities for the "Emerald Isle." The action followed return of a contract, unsigned, along with a check of $405 in payment of the warehouse rental.

Mayor E. James Hiller said Wednesday he intends to contact directors of the Boat Co., for the purpose of arranging a meeting to get confirmation of their plans.

This course would follow a suggestion made by Alderman Jack Grubaugh at the Monday night council meeting, that representatives of the council and the Boat Co., get together and iron out the minor differences that have obstructed negotiations. The suggestion got a cool reception at the time, particularly from a few who apparently felt the next move should be made by the Boat Co.

The council did not interpret the return of the contract as official notification of its rejection because of the fact that it, along with the check had been given to James Gallagher, local manager of the company, with written instructions to turn it over to the city and explain that it was unacceptable. The returned contract and check were given to the city superintendent, James Taylor, who was also shown the letter of instruction, according to Mr. Gallagher.

The letter called attention to the fact that it was the understanding of the Boat Co., that representatives of the company and the city would meet jointly to discuss drafting of a contract. This meeting was to follow a council meeting at which representatives of the Boat Co., appeared to state their objections to a contract that had previously been offered them. This was not done, the letter stated.

There is considerable feeling among business people of Charlevoix, particularly those who recognize the volume of business the boat brings to the area, that the city should make every effort to promote a relationship that is mutually beneficial. This attitude was expressed at a meeting Tuesday evening of the directors of the Charlevoix Chamber of Commerce and at a meeting Monday evening by the Kiwanis Club of Charlevoix.

Their cascade bouquets were of yellow white pompoms and ivy.

Karen McDonald of East Jordan, cousin of the bride, as flower girl wore a white ballerina length gown and carried a basket of yellow and white mums. Steven Bearss, nephew of the bridegroom, was ringbearer.

John Thorpe assisted the bridegroom as best man. James Bearss, brother of the bridegroom, was groomsman. William Kerr, brother-in-law of the bride, and Kenneth Bannen of Traverse City, cousin of the bridegroom, seated the guests.

Completing the wedding party were Mrs. James Bearss and Mrs. Kenneth Boss, wearing yellow ballerina length gowns, who lighted the candles.

Mrs. McDonald chose a navy sheath dress and matching accessories accented with coral for her daughter's wedding. Mrs. Bearss, mother of the bridegroom, wore a light gray dress and white accessories. Their corsages were of pink glamellias.

A reception followed at Fellowship hall. Arrangements of autumn flowers and lighted tapers decorated the refreshment table which was centered with a tiered wedding cake topped with a miniature bridal couple used 27 years ago at the wedding of the bride's parents.

For traveling on their northern Michigan wedding trip the bride selected a red wool sheath, beige coat and chocolate accessories. Her corsage was of white pompoms and red sweetheart roses. After Sept. 18 the couple will be at home at RR 2 Charlevoix.

The bride is a graduate of the East Jordan high school and is presently employed as a dental assistant to Dr. David Pray of East Jordan. The bridegroom is a graduate of the Charlevoix high school and is presently employed at Freedman Artcraft Engineering Corp. He recently completed six months active duty with the U. S. Army.

Wedding guests were present from East Jordan, Traverse City, Bellevue, Harbor Springs, New Castle, Ind., and Tucson, Ariz.

Rayders Meet First Opponents Here Friday Night

Rayders to Meet Rogers City at Kipke Field Friday

The Charlevoix Rayders, coached by Don Carey, will officially open their 1960 football season Friday when they host the Rogers City Hurons at Kipke field at 8 p. m.

The game will mark the opening of an eight-game schedule during which the Rayders will defend the Northern Michigan Class A title as well as a 16 game winning streak.

This year's team, however, will not have the depth or experience that the '58 and '59 squads had, according to Coach Carey.

The tentative line-up for Friday's game shows only two regulars from last year's squad plus two players who saw more than limited action. The line will be big but at this time lacks the speed and finesse necessary to a team while the backfield is composed almost entirely of players up from the reserves.

Sam Supernaw, understudy to Charles Coleman last season, and Perry Smith who saw limited action with the '59 squad are expected to start in the halfback positions with Tom Louiselle substituting in the position.

The remainder of the backfield for the opening game will include Stan Martin at quarterback and Hank Qagner or Denny Wojan in the fullback spot. All three are up for the reserves.

In the line will be Jim Dennis and Terry DeYoung, lettermen from last year, or Gary Spencer, a newcomer from Belding where he played J-V ball, at the end positions; Darrell Somerville, a regular substitute last season, Spencer Root or Bob Grunch, another lettermen with limited experience, will start in the tackle positions; Gene McBride and Jerry Kieser, only regulars form last year's squad are expected to start in the guard spots with Tom Martin giving depth to the position; Dave Barnes, a senior transfer from Fort Lauderdale, Fla., will get the center assignment. Dale Burke is expected to be in the defensive line-up.

The loss of back Jim Sneathen with a knee injury suffered in scrimmage last week will hurt the team, Coach Carey said in naming a tentative line-up Wednesday. It is not known how long Sneathen, a senior with some experience, will be lost to the team.

North Michigan Coaches Size-up Candidates

Northern Michigan Class C coaches have taken stock of returning veterans and lettermen and have had a chance to look over the newcomers out for the first time or up from the J-V squads from which replacements will be selected.

All teams with the exception of Pellston will open the 1960 season against non-loop rivals on Friday, Sept. 16. The Hornets who do not have a preseason game next week did not begin practice until Tuesday.

The Charlevoix Rayders who will be defending a 16-game winning streak which started two years this month, will open the season against Rogers City at Kipke field before opening their regular league schedule at Boyne City the following week.

In other games scheduled for Sept. 16 Harbor Springs will host Petoskey St. Francis in a game always played on the first Saturday of the season until this year; East Jordan will host Kalkaska; Mancelona will entertain Oscoda; Boyne City will travel to St. Ignace; Grayling will take on Harrison on the latter's field and Gaylord will invade Cheboygan.

At Kipke field where Coach Don Carey has been calling two practice sessions most days in preparation for the season's opener, he has been searshing for replacements for the nine starters he lost by graduation in June. Regular guards Gene McBride and Jerry Keiser are the only starters returning to form a nucleus for 1960 Rayder squad.

Darrel Somerville, a tackle, and Sam Supernaw, a back, are the only other experienced players who are available for possible starting assignments. However, there are several lettermen including ends Jim Dennis and Terry DeYoung, tackles Tom Martin and Bob Grunch, and backs Jim Sneathen and Perry Smith who are likely candidates for other positions. Also among the more than 50 players reporting for practice are two transfers, Dave Barns, a senior, who comes from Fort Lauderdale, Fla., and Gary Spencer, a junior from Belding where he played J-V ball who could do the team of lot of good should they come through, Coach Carey said.

At Graylord where 45 candidates are out for practice, Coach Don Ferguson has eight returning regulars all seniors, plus four lettermen around which to build this year's squad which is expected to be the best the Vikings have fielded in years.

Among the regulars are fullback Mike Lovely; Steve Sink who plays both the half and quarterback positions; Joe Robertson, a halfback; end Jan Thayer; tackles Mike Roberts and Ted Horning; guard Mike Goodrich and line backer, Dan Failing. Listed among the lettermen are Dick Rochette and Mick Young, backs and Norm Sorenson and Ted Carlson, guards.

At Boyne City Coach Paul Pfahler, with 45 players out, has his 1959 backfield intact along with four regular linemen.

The veteran backfield will include senior signal-caller Jack Dixon, halfbacks Tom Kujawski and speedster Doug Grubbe, and fullback Tracy Newville, all juniors.

Ends Bill DeNike and Ron Ward, guard Paul Bray and guard-turned-tackle Chuck Vincent will form the nucleus of the line which probaby will bolster the lettermen Jack Hale and Gregg Smith, guard and tackle respectively and less experienced lettermen Bill Heierman, a back; Roger Towne, tackle, and Don Dunsmore, center.

Coach Wes Fleet is pleased with his returnees who seem to be shaping up well so far. Among them are six veteran linemen including end Louis Kraemer; tackles Harold Murray and Bill Sherman: guard Bob Sherman and centers Don Johnson and Rick Annear.

Also on hand are three veteran backs. Bud Gee, quarterback; Ron Sulak, a halfback and Tom Graham, who has been switched from the line to the backfield. Also being counted on to give the squad some depth is a transfer from Carson City, Bill Cox, who plays end.

At Mancelona Coach Matt Jacobson is looking over players up from the J-V squad to find a starting line-up for the Ironmen's opening against Oscoda. Fullback Walt Klein and Halfback Kenny Johnson are the returning regulars but Coach Jacobson is counting on Jerry Bengtson, who was out last season with a shoulder injury suffered in softball, to give the backfield needed depth. He did well as a halfback when a sophomore and Coach Jacobson is hoping he will come through this year when experienced players are at a premium. Denny LaCroix, who was an understudy in the signal calling spot last season, is now a candidates as a starter in the position.

End Tom Moeke is the only regular lineman returning. Other likely candidates for line positions are Bob Sanders, a guard who saw quite a lot of action, and Percy Crothers, Russ Patton and Jerry Counciler who saw limited action last season.

At Harbor Springs Coach Charlie Paige has a veteran backfield to call on along with five linemen plus several lettermen.

Backs returning are George Pamp, Harvey Kasuske, Tom Graham and Fran Lauer all regulars, and Gary Stutzman, who was a regular substitute for the backfield.

Others available are regulars end Pat Proctor and Bob Cole; tackle Jerry Cage; guards Tom Cassidy and Ward Verseput and lettermen, Howard Allen, Mickey Heinz and John Halter. A transfer, Bob Sellers, a junior who comes to the Rams from PawPaw, is likely candidates for the center position.

At Gaylord where Coach Don Burnson is short on experienced material, the Blue Devils were dealt a serve blow with the news that end John Johnston, who injured his knee during the summer, may be sidelined indenitefely. Only returning regulars are Fred Moore, a center, guard Terry Warner and tackle Mike Pray. Tackle Harry Glidden and Don Klinger, a back, are the only returning lettermen.

At Pellston where practice sessions did not begin until Tuesday when school started, Coach Francis McMahan said he was anticipating a turn-out of approximately 60 candidates for practice. Among them will be his only returning regulars, fullback and tackle Jim Groulx and halfback Denny Steele and lettermen Rick Anderson and Tom Bricker, both lineman.

Beverly O'Donnell Marries Mr. Walgus in Holy Cross Church

St. James—After a wedding trip to Texas, Mr. and Mrs. Alex Walgus will make their home at 117½ Antrim St. in Charlevoix.

The couple was married at Holy Cross church here Saturday, Sept. 3. The bride is the former Beverly "Theresa" O'Donnell, daughter of Mr. and Mrs. Frank O'Donnell. Mr. Walgus is the son of Mrs. Francis Walgus of Pittsburgh, Pa., and the late Mr. Walgus.

The Rev. Fr. Louis Wren officiated at the ceremony during the nupital Mass celebrated before an altar decorated wth arrangements of autumn flowers. Mrs. Walter Wojan was the organist and Miss Kathy McCann of Charlevoix the soloist.

The bride, given in marriage by her father, chose a floor length gown of white silk organza and lace for her wedding. The fitted lace bodice was designed with a scoop neckline outlined with seedpearls and sequins and long tapered sleeves. The full skirt featured lace appliques. Her fingertip veil was secured with a crown of seedpearls and rhinestones. She carried a bouquet of white carnations with ivy streamers.

Margaret O'Donnell was her sister's maid of honor and Mrs. Richard O'Donnell of Grand Rapids, sister-in-law of the bride, and Carol Ann O'Donnell, sister of the bride, were bridemaids. They wore identical gowns of yellow and mint green, respectively, fashioned with scoop necklines, lace bodices and bouffant chiffon skirts. Thier matching headdresses were of velvet with circular veils. They carried bouquets of yellow and green carnations.

Ronald O'Donnell, brother of the bride, assisted the bridegroom as best man. Another brother of the bride, Richard O'Donnell, and Larry McDonough were groomsmen. Bud McDonough and Gene Connaghan seated the guests.

Mrs. O'Donnell chose a blue lace gown and white accessories for her daughter's wedding. Mrs. Edward Schatz of Pittsburgh, sister of the bridegroom, wore a beige dress and matching accessories. Their corsages were of red roses and pink carnations.

A wedding breakfast at Beaver Lodge was followed by an afternoon reception at the home of the bride's parents and a dance at the parish hall during the evening.

Charlevoix IN UNIFORM

Mrs. J. Giles McCann and family who spent the summer months here with her mother-in-law, Mrs. N. J. McCann, and other relatives left Saturday to make their home near Westover Air Force Base, Mass. where her husband, Lt. Col. McCann, who came for them, is now stationed. They came here earlier in the summer from Levittown, Pa., where they lived when he was stationed at McGuire Air Force Base, N.Y.

> "The executive committee of the American Legion Post, subject to the approval of that Post, proposes to transfer to the School Board the easterly two hundred (200) feet, more or less, of its property facing on Garfield Avenue for the sum of Twenty-five ($25.00) Dollars, upon the condition that the property in question if necessary to be surveyed the expense of such survey and any legal services involved shall be borne by the School Board."

From where I sit ... *by* Joe Marsh

No News Like True News

Nothing makes a newspaper editor happier than a "scoop." But it seems to me some editors overdo it now and then.

Last week, for example, an editor claimed his paper was the first in his city to report the Mayor's "impending retirement." But, judging from the next day's edition of the same paper, the Mayor had other ideas.

As a result, the lead editorial in that newspaper then started off like this: "We are glad to be the first paper in the city to inform our public that the story of the Mayor's retirement is just a rumor."

From where I sit, facts and truth always win out, no matter how you disguise them. That goes for newspapers as well as for neighbors. For instance, your choice of beverage may be a glass of iced tea . . . mine is an occasional glass of beer. Now each of us could make up quite a "story" about which of us is right. But the fact is we're *both* right—now let's just respect each other's point of view.

MINOR PARTIES IN MICHIGAN politics can't win. They only lose. But they continue to play the game.

Only one independent—that is, a man who wasn't a Democrat or a Republican has been elected to the Legislature since the two parties became dominant forces in politics, but the minor parties continue to nominate and vote for candidates.

This year at least five of the minority groups are expected to have slates before the people.

* * *

Two of them have never been on the ballot before. Another, the Prohibition party, has been a relatively powerful minority group for many years.

Two Socialist factions, the Socialist Workers party and the Socialist Labor party, are continuing campaign efforts.

The new groups on the ballot are the Independent American party and the Tax Cut party.

In past years, at least 20 minority parties have appeared on the ballot at one time or another. The Prohibitionists have consistently polled the most votes, hitting a high of 14,249 votes for governor in 1948 when Democrat G. Mennen Williams first took office.

First minority party to get on the Michigan ballot was the Liberty party, which made the grade in 1841.

While it is easy—and not uncommon—to brand the minority parties as "crackpots," "radicals" or with some other derogatory term, the groups are not necessarily anything but good Americans with particularly strong ideas on certain issues.

The Prohibitionists, for example, no longer hope to win an election but hope to promote temperence ideals among all parties.

* * *

State Elections Director Robert M. Montgomery says the minority parties will be welcome on the state ticket as long as they can qualify under the election laws for a place on the ballot.

The two major parties seldom expect strong opposition from any of the smaller groups, though at times in particular areas a single candidate might pose a threat to the Democrat or Republican.

But as long as they can get on the ballot, it speaks well for the free choice system in the United States.

CHANGES IN FARMERS' way of life will get a close inspection if a Michigan State University professor of rural sociology gets his way.

Prof. Charles R. Hoffer, president of the Rural Sociology Society, said just because there are fewer farmers now than in the past doesn't mean studies to improve their relations with city folks are any less important.

In fact, with a smaller segment of the population feeding an ever larger segment, the studies increase in importance, he said.

Hoffer said the term "rural population" includes much more than just people living on farms at the present time.

"Towns, small cities and the ever-increasing rural-urban fringe areas logically and actually come within its purview," Hoffer said.

A pioneer in the field of rural sociology, Hoffer said the changes that are taking place in rural life throughout the world demand that more and more studies be made.

MICHIGAN YOUNG MEN. eligible for the draft but physically unqualified for miltary service are't geting particularly healthier, but their selective service registration cards might make it appear so in the future.

The familiar "4-F" designation is going to be limited to those who would fail to qualify for the draft under any circustances.

State Selective Service headquarters had announced that many of the registrants currently classified 4-F will be put into a new bracket which will be for men who could serve in some capacity in the event of an emergency, but who aren't likely to be needed unless world conditions call for a drastic step-up in inductions.

* * *

Almost 112,000 of Michigan's nearly 845,000 registrants were in the old 4-F classification.

"Current standards of acceptability have resulted in high rejection rates." the headquarters said. "Many men not being accepted for induction today and who are now classified 4-F would have to serve in an emergency under altered standards.'

National headquarters for the selective service ordered the change in order to facilitate rapid man power increases if needed.

As a by-product, they probably ruined countless jokes for comedians who won't wish to poke fun at a service disability, which would still call for a 4-F classification.

Other new officers are: first vice president, Mrs. Robert J. Yonkman; second vice president, Mrs. Ralph S. Hamilton and secretary-treasurer, Mrs. Pearl Grate.

On Monday Mrs. Harley Ochs, Mrs. Harvey Campbell, Mrs. Arlo Wickersham, Mrs. Angus L. Fochtman and Mrs. Hamilton represented the local club at the annual District 5 convention held in Ludington.

Mr. and Mrs. Joseph Howard had as their guests Sunday the latter's sister, Mrs. Emory Pierce and grand-daughter, Laurie, and Mr. and Mrs. Onnie Kinesta of Sault Ste. Marie.

At the time he was relieved of his duties the commission gave no reason for his dismissal. However, Wednesdoy Karl J.
